BELIEVE DENMARK WILL FOLLOW DUTCH ARMED SHIP POLICY

Copenhagen, March 27, Via London.—The Danish government has not replied to the inquiries from Washington regarding the admission of armed American merchantmen to Danish ports, but the indications are that it will follow the example of Holland in barring them. The American minister Dr. Maurice Egan, has had several conversations on this subject with the foreign office but has not cited a precedent which the Danish authorities regard as adequate to justify reversal to the present policy.

OUR ASTONISHING DEPENDENCE

A very important effect of the war has been the shutting off of importations of drugs. Many people stared in astonishment, how sadly dependent we are upon Europe. Nevertheless there were some honorable exceptions, Triner's American Elixir of Bitter Wine amongst them. This excellent remedy is the proper help for stomach disorders. It performs the double service of cleaning and strengthening the bowels, and by stimulating them to normal function it removes the basic trouble. In constipation, headache, nervousness, loss of appetite and energy, general weakness, etc., a trial is the most convincing argument. Price \$1.00, at drug stores. And if you suffer from rheumatism or neuralgia, if you need help in accidents, for sprains, strains, etc., or if you only wish to refresh your tired muscles or feet, try Triner's Liniment, which will convince you that there is no better remedy for all such cases. Price 25c and 50c in drug stores; by mail, 35c and 60c. J. S. Triner, Mfg. Chemist, 1333-1339 S. Ausland Ave., Chicago, Ill.

FAMOUS AS A LECTURER.

Dr. Small is an acknowledged master of genuine platform work. He is one of the class to which belonged those lamented spirits, Gough, Talmage, Sam Jones, Copeland, and DeMotte. He has an encyclopedic fund of information, a brilliant play of imagery, an inexhaustible fund of humor, wit and playful sarcasm. His lectures are on solid themes of timely importance, but his unique manner in treating them affords an entertainment of delightful character. That accounts for the prominence and enduring popularity of Dr. Small with American audiences. "As national lecturer of the Anti-Saloon league he is certainly the man of the hour."—Durham, N. C. News. Hear Dr. Small at the Presbyterian church Monday, April 2d, at 7:30. This lecture is free.

SENATE CONCLUDES AMENDING DRY BILL

Recommended for Final Action By Vote Cast on All Amendments.

GOES TO JOINT CONFERENCE

Lincoln, Neb., March 28.—The senate, late this afternoon concluded the amendment of the dry bill. The measure was recommended for third reading by an 18 to 15 vote, virtually the vote which upheld the entire set of amendments offered by Robertson of Holt.

Albert of Platte, who stood on mid-way ground between extreme dries and anti-dries, voted against the bill in final form. With him were these democrats: Hager of Adams, Chappell of Kearney, Beal of Custer, Howell of Douglas and Oberlies and Sawyer of Lancaster. All other democrats approved the measure.

Lahnners of Thayer and Spink of Saline, republicans, voted for the amended bill, while all other republicans opposed it.

Passage of the measure on third reading is expected by the same vote. Then the bill will go to the house. There a motion to refuse to concur will be made and carried.

Conference committees will then be named and upon their report back to both houses, presumably after they have conferred extensively with Governor Neville, will depend the form the ultimate measure will take.

The senate battle on the bill was full of dreary routine, save at times when the faction solidly in favor of the house bill voted just as solidly against the most drastic anti-transportation clause that could be inserted—an amendment which is quite as dry as anyone on the dry side could wish for.

FOOD CENSUS IN BERLIN ALARMING

Stock Taking of Germany's Food-stuff Supply Causes General Apprehension.

Copenhagen, March 28.—The result of the recent stock taking of the grain, potatoes and other foodstuffs was so unfavorable as to cause general apprehension, according to the Berlin Vorwarts, which quotes remarks made before the reichstag committee on food by the socialist deputy, Ebert. The Vorwarts is the only Berlin paper which carries an account of the proceedings before the committee.

According to the report, Deputy Ebert said that an inventory showed that the 1916 yield of bread grains was only 500,000 tons or fifteen pounds per capita above the 1915 harvest, a harvest which had been regarded as almost calamitous. Earlier reports on the 1916 harvest had described it as good and a rationing scheme was based on an estimated excess of 1,000,000 tons. The reduction of the visible supply by one-half explains the cut in bread rations which was announced by the authorities as soon as the results of the census were at hand. Deputy Ebert added that a similar deficit apparently existed in other food products and declared that part of the missing foodstuffs had undoubtedly vanished down the throats of cattle and hogs which were fed on illegal fodder by the farmers. He demanded that everything imported from Rumania be reserved for human consumption.

STATE SENATE KILLS BILL GRANTING LIMITED SUFFRAGE

Lincoln, Neb., March 28.—An effort to lift the limited suffrage bill from the upper house sifters today proved unavailing. The trial came between the forenoon and afternoon discussions of the prohibition bill. Senator Sandall of York, author of the bill, led the effort, and in the affair had the active aid of Judge Albert of Platte, floor leader of the faction of the senate which is amending the dry bill as it came from the house.

The vote followed a so-called arbitrary ruling by Lieutenant Governor Howard that the bill be put out forthwith by the committee without further action.

An appeal was taken from this order of the chair and the chair was overturned by a vote of 21 to 12.

Sandall of York then renewed the motion to lift the measure and this brought the question down close to

home. The vote on that was as follows:

For lifting—Albert, Beal, Chappell, Dougherty, Hasse, Hager, Hammond, Howell, McAllister, McMullen, Neal, Oberlies, Sandall, Sawyer and Wilson of Frontier—15.

Against lifting—Bennett, Buhrman, Bushae, Doty, Gates, Henry, Kohl, Lahnners, Mattes, Moriarty, Robinson, Samuelson, Soost, Spirk, Strehlow, Tanner and Wilson of Dodge—17. Passed—Adams—1.

SENTENCED TO PENITENTIARY 24 HOURS AFTER CRIME

Nebraska City, Neb., March 28.—The youth of 16 giving the name of "Jim Johnson," who held up the assistant cashier of the State bank at Talmage Tuesday afternoon, arraigned before Judge Begley this evening, entered a plea of guilty and was sentenced to the penitentiary from three to fifteen years.

"Johnson" did not seem bright and claimed he had worked all over the west since he was 5 years of age, when his parents died.

It was just twenty-four hours after he took the \$5.75 from the bank cashier that he received his sentence.

He is the sole survivor and contemporary of such men as Dwight L. Moody, Jno. B. Gough, DeWitt Talmage and Sam Jones. He is wise, witty and entertaining to the last degree.
