JUDGE BEESON HANDS DOWN DECISION IN DOVEY ESTATE

This morning County Judge Beeson handed down his decision in the matter of the estate of Edward G. Dovey deceased, on the report of George E. Dovey as administrator of the estate of the deceased. The court found that the period of administration covered from October 17, 1881, to June 20, 1914, when the report was filed by the administrator in the county court. It is also found that at the time of the death of Mr. Dovey there were surviving him, as heirs of the estate, the widow, Mrs. Jane A. Dovey and three sons, George E. Dovey, Oliver C. Dovey and Horatio N. Dovey, and that the value of the estate at the time of the death of Mr. Dovey was \$52,092.40. The court also found that during the period from 1881 to 1913 at the time of the death of Mrs. Jane A. Dovey the value of the estate was \$171,300.-32. It was also found that Oliver C. Dovey in September, 1909, retired from the firm of E. G. Dovey & Son, and received a settlement of \$50,000, and that he is entitled to share in the further property belonging to the estate of Edward G. Dovey, deceased.

In the matter of the share of the widow in the estate which is now due to the estate of Jane A. Dovey, the court finds that her estate is entitled to one-third of the rentals of real estate and one-fourth of the personal property of the estate of E. G. Dovey, amounting to \$15,952.24. The court holds that N. H. Dovey a partner in the firm of E. G. Dovey & Son is not entitled to recover as his interest is held in the firm at the present time.

The court upon the payment of the claims will grant the request of the administrator for his discharge from his duties.

John S. Hall departed this morning for Omaha to start out on his road work for the "Torrid-Zone" furnace company.

MISS CARRIE GREENWALD DISPOSES OF PHOTO STUDIO

The studio of Miss Carrie Greenwald in the Coates block has been disposed of by the owner to Mr. Roy Smith of Minneapolis, who will take charge of the studio this week and continue the work of supplying the needs of those who want high class photographic work. Miss Greenwald has been in the city for a number of years in the conduct of this line of business and her friends will regret very much to see her leave the city and make her home elsewhere. She will remain at the studio until Thursday to arrange the closing details of the business before she leaves the city and to supply her customers who have ordered work. Mr. Smith in taking over the photographic studio has in mind a number of changes that will make the opportunity for carrying out first class work much better. Among the changes will be the installing of a large and modern sky light that is especially adapted to this line of work and which will add greatly to the equipment of the studio. Mr. Smith is a gentleman of long experience in this line of work and has been employed in the best photographic establishments of Minneapolis as well as several of the larger cities and is considered one of the experts in the photographic business. He will have the studio ready for business the latter part of this week or the first of next week and will strive to give the Platts-mouth people the best treatment and service that is possible in the way of high class photographic work.

Mr. Smith will move his family to this city as soon as it is possible to secure a suitable location and will prepare to make Platts-mouth their future home.

STABS MAN; IS CAPTURED BY POSSE

Quarry Foreman Attacked After Plea for Welfare of Employee's Daughter.

Other Workers Pursue Assailant Midway Between Louisville and Meadow.

Louisville, Neb., April 1.—Joe Smith, assistant foreman at the Woodworth quarry north of this city, was probably fatally stabbed this morning by Phillip Michael, an itinerant laborer, who had been employed at the quarry during the past week.

Smith was in his own room, with two other employes of the company, when Michael came in and after an argument, stabbed the assistant foreman with a butcher knife, the wound being in the left breast near the heart.

Michael then fled pursued by the employes, and a man hunt ensued on the bottoms between Louisville and Meadow, where the assailant was captured about noon. Sheriff Hunter of Sarpy county took the man in charge and placed him in jail at Papillion.

According to witnesses, Michael came to the quarry a week ago with a 14-year-old girl, who he said is his daughter. He quit Saturday night and asked for his pay, saying he would leave this part of the country. Smith tried to get him to leave the girl with a family here, as Michael had but \$5 coming to him, the assistant foreman fearing the girl would have a hard time with the man with but that little amount of money on hand.

The argument was continued in Smith's room this morning. Michael came armed with a butcher knife, which he carried in an inside coat pocket. Dr. Morrow of this city, who attended Smith, says he has but slight chance for life.

Milk in Winter.

Why do your cows give less milk in winter than they do in summer? Just because nature does not supply them with grasses and green food. But we have come to the assistance of Dame Nature with B. A. Thomas' Stock Remedy which contains the very ingredients that the green feed supplies in season, only, of course, in a more highly concentrated form. We guarantee that this remedy will make your cows give more milk, and better milk with the same feed.
