The Parrett Tractor Speaks for Itself!

The 12-25 Tractor that made good at all Past Power Farming Demonstrations.

Easy to operate, simple mechanism, three point suspension frame, high wheels, direct drive from the motor, upkeep cost small, four cylinder motor, two speeds forward, one reverse, speed 21/2 miles on low, 4 miles on high. This Tractor is the ideal road tractor.

See it at work dragging roads, pulling three plows, tandem disc, shelling corn, grinding, sawing wood and all other work requiring power on a farm.

Spring things are ready all through the store and we're going to keep "open house"

THURSDAY, APRIL 5, 1917.

lothes

There's nothing fussy or frilly about the affair. Just drop in, find out what well-dressed men are going to wear this Spring. We've arranged displays that tell a lot in a minute, and you can slip on a few coats to see which of the new styles suit you best.

Most of you men seem to think you'll bother someone when you aren't ready to buy-that's the "why" of Spring Clothes Show Days-to emphasize how welcome you are to look things over any time you wish and to introduce the new style notions.

Buy or don't buy - suit yourself. We aren't going to urge you to spend your money -- but you owe it to yourself to come in and find out what's what, and we'll be mighty glad to see you.

We Want the Boys to Visit Us, Too

If "dad" or mother hasn't time to come with you, ask them to let you come alone. We have a dandy boys' store here and we want to get acquainted with you. Just come in and tell us you want to look around-then we'll know.

Ask Us About the "American Boy" Club!
