WILL NOT CALL OFF U-BOATS IF U. S. MAKES WAR

No Matter What Action America Takes, it is Said in Berlin, Germany Won't Begin Hostilities.

TO BE NO CHANGE IN ATTITUDE

Yankees in Fatherland Will Be Given Same Freedom as All Other Nationals.

LIKE ACTION WILL BE EXPECTED

Berlin, April 3 (Via London, April 4).—The press report of President Wilson's state of war message reached Berlin at 10 o'clock this morning. It is declared here that there would be no change in the German attitude even if congress adopted President

Wilson's views. Germany will not declare war nor take any steps to wage war against the United States. The submarine war will be continued as it has been conducted since February 1, but his, declare the officials, is not directed more against the United States than any other neutral. It also is declared that there will be no change in the treatment of American citizens in Germany who now have the same freedom as all other neutrals. But Germany expects that the United States will continue the same treatment of Germans in that country.

Washington, April 2.—While President Wilson has indicated the benevolent policy this government will pursue toward Germans in this country, legal officers of the administration today directed attention to a law already on the statute books under which, as soon as congress declares war, every unnaturalized German male 14 years of age or over may be confined or removed as alien enemies. Under the old Prussian-American treaty of 1828 German citizens here would be to an extent exempt from the provisions of this law. State department officials revealed today that Germany recently replied to the American note refusing to accept its proposal regarding the treaty because of its "disregard of the canons of

international courtesy" and its "clear violation" of the treaty itself. While no details were given out, it is understood that Germany denied that it had violated the treaty and evinced a desire to abide by it.

AMERICANS AMONG VICTIMS ON SHIPS SUNK UNWARNED

New York, April 3.—The British steamship Stanley, from Newport News, March 7, with a cargo of grain for Cherbourg, was sunk by a German submarine without warning on March 21 and five members of her crew killed. Fifteen survivors of the ship reached here today on the steamship Port Albany. Two other members of the crew, one an American, died of exposure in open boats.

One of the small boats containing the captain and eighteen more men had not been heard from by the men arriving today and they fear it was lost. When torpedoed the Stanley was nearing the Irish coast and as the men were taking to the boats the submarine fired upon them and the ship with a deck gun, the survivors asserted. The men killed by the explosion of the torpedo were three engineers and two firemen.

Two boats were lowered. The one containing the captain and eighteen men drifted away from the boat which contained the men picked up by the Port Albany, and has not been heard of since.

The other drifted for seventy-six hours before being sighted by the Port Albany. This boat had on board Chief Officer Cole, Chief Engineer Jenkins, and fifteen of the crew. They were all but exhausted from exposure. Two of their number, including the American, died, and more would have soon perished, officers say, had their rescue been longer delayed. The officers said they could not recall the name of the American. His home was in Newport News.

The Stanley was a ship of 3,987 tons gross, 389 feet long, and was built at West Hartlepool in 1914. She was owned by the Pymon Steamship company of West Hartlepool.

ROOSEVELT IS PLEASED WOULD RAISE REGIMENT

Washington, D. C., April 3.—Colonel Roosevelt stopped off here today on his way home from Florida to call on President Wilson at the White House and congratulate him on his address to congress.

Colonel Roosevelt went to the main door of the executive mansion, where he learned that the president had gone over to his offices. He told the chief usher he was only in town between trains and wished to congratulate the president on "his great state paper." The colonel left his card and departed without seeing the president.

Colonel Roosevelt, while standing in the midst of a great crowd in the railroad station here, dictated the following statement:

"The president's message is a great state paper which will rank in history among the great state papers of which American in future years will be proud. It now rests with the people of the country to see that we put in practice the policy the president has outlined and that we strike as hard, as soon and as effectively as possible in aggressive war against the government of Germany. We must send troops to the firing line as rapidly as possible. Defensive war is hopeless. We must by vigorous offensive warfare win the right to have our voice count for civilization and justice when the time for peace comes.

"I, of course, very earnestly hope that I may be allowed to raise a division for immediate service at the front. I guarantee that no finer body of fighting men could be gathered together than there would be in that division, but of course, the men to whom I would appeal, will come forward if it is understood that the division is to be sent at the earliest practicable moment into the fighting line."

Colonel Roosevelt did not intend to stop here until this morning when he read the president's address. Then he decided to stop over and congratulate him.

Followed through the station by a large crowd, from which many rushed and shook his hand, the colonel took an automobile, sent by his daughter, Mrs. Nicholas Longworth, and drove direct to the White House. He intended to take a train later in the afternoon for New York.

HER DEATH NEAR

So Everyone Thought, But Is Now Well And Stronger Than Ever.

Newton, Mo.—"I can certainly speak a good word for Cardui, the woman's tonic," says Mrs. Jay Rhoades, of this town. "I suffered for 12 years with my right side, and the last three years, I would have a bad spell with it about every three months. I would get so bad off, every one would think I could not live.

The first of July, I began taking Cardui, the woman's tonic, and I haven't had a bad spell since soon after I began taking it.

Before taking Cardui, I was so irregular, and, at times, I could hardly stand on my feet. Now, I can clean house, and do any kind of work without its hurting me in the least.

Cardui will surely do for other women, what it did for me. I am telling all my neighbors about it."

Cardui is a mild and effective tonic for women, that has been found, by actual use, during more than 50 years, to relieve the ailments to which all women are peculiarly liable.

INSTALL NEW SEAT FOR ACCOMMODATION OF PATRONS

From Wednesday's Daily.
 The Fetzer Shoe company in this city has just made an addition to the equipment of their store that will be a great accommodation to their patrons and add greatly to the comfort of those who trade at this up-to-date footwear establishment. This is in the shape of twenty-four new and modern seats for the customers, which have been installed in the salesroom. These seats are placed in sets of six and are of mahogany finish and upholstered in dark leather, making a handsome appearance, and with their comfortable finishings makes it a pleasure for the customers of the store. These seats, which are in opera chair design, will replace the long seats that have been in use in the store for a number of years, and are certainly a most pleasing equipment to the store. The seats will also give a great deal more room in the store and permit a larger number of customers to be waited upon by the clerks, and while waiting they can enjoy real comfort. This makes the Fetzer store with its large stock one of the most modern shoe stores in this section of the state.
