GIVEN AT THE

-K. S. HALL-

Wednesday Evening,
APRIL 25
EVERYBODY INVITED

MUSIC BY PLATTSMOUTH ORCHESTRA

ADMISSION—
Gents 50c; Spectators 25c; Ladies Free

IN PLATTSMOUTH
FORTY YEARS AGO.

SEASONS' & FRANK'S new patent water pipe is a curiosity. Its capacity is 100 barrels per day and we can all get nice fresh juice now whenever we want it cheaper than ever.

There is a very little lady at the house of Leonard whose birthday is the same as Queen Victoria's, the 24th of May. May she be as good a woman as the queen although a crown never graced her brow.

Doty's a hick! He crossed the Old Manly right in the wake of the C. K. Peck, where the waves were rolling three and four feet high, in a common skiff, with 1,500 lbs. weighing 750 pounds, and 100 feet of timber, weighing about 500 pounds, a total of 1,250 pounds, besides his own weight (and that's a lot), to his own estimation, and worse dropped a fish nor forgot to feather his oars.

We dropped in at Greenwood last week and made a very pleasant visit. We cannot go into details of her progress now, nor do we know that it is needed, for her very able correspondents keep the world posted on the improvements and doings of that handsome little barn. Their post office and Mr. Shandlin's store were robbed Friday, the day we were there, and so far no claw has been found to the burglar; all of which has already been told by our correspondent from there; they are mightily tickled, and have a right to be, too, over their new lumber yard. George Mayfield, who used to live here, has opened out with a grocery store and is doing well. A funny shoemaker by the name of Fry holds forth next to the post office, who seems quite a genius. He is a strong Grant man, as ascertained by his talk with others. His partner will take the office key and go fishing, but otherwise Fry is all right and offers to shoe all Plattsmouth at reduced rates if they'll only come up to Greenwood. On the road home we stopped at John Schlater's and found him very pleasantly fixed also, took dinner at Mr. Lenthoff's, his neighbor. There are some of the handsomest houses, and finest barns in Cass county on this road. It is a straight line from Greenwood to Eight Mile Grove and through a magnificent farming country.

New. About that Jail.
It really isn't much of a jail. It is an improvement on the old one.

though, somewhat, and will at least hold prisoners and is dry. The outside shell is of frame, one story, square hip roof, 24x28 feet outside, 16 feet high in clear, and has two cells of chilled steel, cast, that will hold four prisoners each. There is a corridor for prisoners and a keeper's room besides. The cells are placed inside the frame shell and can be moved any time, and the commissioners have provided that the firm which furnishes them shall move them any where in the county to the extent of twenty miles for \$250, should the county seat be removed. They cost \$3,000 in county warrants, and are to be all ready by the 15th of June. That's about all there is of the jail, and as the jail said about the baby, "It's such a little one," we don't believe it can do much harm, county seat or no county seat.

TRANSFERRED TO CHICAGO.

The friends of Mr. and Mrs. Fred A. Murphy in this city, have received word that Mr. Murphy, who has been a clerk in the office of the war department at San Antonio, Texas, where the main body of the regular army has been stationed for the past five years, has been transferred to Chicago, and Mr. Murphy will take up his work in the Windy City at once. The Murphy family were for years residents of this city and their friends will be pleased to learn that they are now to return to the north.

EIGHTH ANNUAL CONVENTION CHRISTIAN ENDEAVOR

The eighth annual convention of the third district Christian Endeavor society of the state of Nebraska will meet in this city this week for a three days session opening Friday evening and concluding Sunday evening. The convention embraces the societies of both the Presbyterian and Christian churches and will be sure to bring a large number of delegates from Cass, Otoe and Lancaster counties to this city to attend the interesting meeting that will be held in the First Presbyterian church. The local societies are planning to entertain the visitors in a fitting manner and a very strong program has been arranged for by the committees that will assist in making the affair a great success.

LIMITED SUFFRAGE BILL IS PASSED

Governor Neville Reads the Bill Over and Attaches His Signature.

Senator Mattes Issues Long Statement Explaining His Opposition to Bill.

Lincoln, Neb., April 21.—By a vote of 19 to 10 the senate today passed the limited woman suffrage bill, in exactly the same shape it passed the house some time ago.

Within an hour afterward the measure was placed in the hands of Governor Neville, and shortly afterward—after he had read it over—he attached his signature to it.

The bill gives the women folks right to vote on presidential electors, on all county offices save judges and on municipal offices.

Seventy-five days of watchful waiting, sitting silently and persistently in the gallery or on the floor of the senate every hour of the time, triumphed for Mrs. W. E. Barkley of this city, president of the Nebraska State Suffrage association.

The bill was signed with three pens, one for the house officers, one for the senate officers and one for the governor. The same pens are being used to sign the prohibition bill, by these same executives. The two measures will be acted upon tomorrow.

This is the vote on the bill:
For—Adams, Albert, Beal, Bennett, Bushee, Chappell, Dougherty, Gates, Haase, Hager, Hammond, McAllister, McMullen, Neal, Oberlies, Samuelson, Sandall, Sawyer, Wilson of Frontier.

Against—Buhrman, Doty, Henry, Kohl, Labners, Mattes, Moriarty, Spirk, Tanner and Wilson of Dodge.

Two Arch Enemies.

"Believing sincerely and truly that woman suffrage and womanhood are two arch enemies," and Spirk, explaining his vote, "and believing likewise that the latter is by far more essential toward the welfare and in the preservation of social and moral justice of our nation, I vote no."

Senator Mattes said:
"Government may, without great loss of efficiency, permit a certain amount of idealism and sentiment to be woven into the governmental fabric, but in the main to be successful and efficient it must be highly practical. Practical government requires attention in exactly the same degree as does private business. Male voters who advocate woman suffrage now raise the 'S. O. S.' signal of distress, because they have made a failure of government and try now to unload the responsibility upon the shoulders of women."

"This is not a question of compliments to women, not a matter of sentiment, but a plain question of practical results. No one can serve two masters successfully, and I believe the loss to womanhood and family will be greater than the gain to state and society."

"He who makes two blades of grass grow where one grew before is considered a human benefactor; but he who makes two votes to be cast where one was cast before with exactly the same results has benefited no one."

"Wyoming has had woman suffrage since 1869, and yet, social and moral conditions in that state are by no means superior to those in the state of Nebraska, and in the matter of legislation of a soundly progressive character, an item that is susceptible to accurate proof, the state of Nebraska has long since outdistanced her suffrage sister state to the west."

"One claim advanced for suffrage is that it will purify politics and make the polling places of the state a sort of 'pink tea' affair. Conditions in California, a suffrage state with which I am somewhat familiar, shows no such result, and even Luther Burbank, the plant wizard who has produced spineless cacti, and God knows we already have enough spineless men, would not undertake to graft American Beauties upon the rotten stump of politics."

"To sum up woman suffrage tersely—government and society can and will gain nothing; womanhood and society may lose much and this inherent danger is the foundation of my objection."

NOTICE TO FRAUEN-VEREIN.

All ladies of the Aid society of the German St. Paul's church will meet on Thursday afternoon at the home of Mrs. Fred Nolting, south of the city. All those desiring to attend will find automobiles awaiting them at the postoffice corner, from noon to 1:30 Thursday, to convey them to the Nolting home.

MRS. FRANKS IMPROVING.

The many friends of Mrs. Monte Franks in this city will be pleased to learn that she is improving very nicely at the Immanuel hospital in Omaha, where she was operated on last Thursday morning. Mrs. Franks has stood the operation in fine shape and it is thought is now on the highway to recovery, which is very pleasing to her many friends in this city.

FIRST BALL GAME OF THE SEASON

The Red Sox Defeat the Ramblers of Omaha By a Score of 5 to 0 in Presence of Fair Attendance.

The Red Sox base ball team of this city with a most enviable record the several past years, made good yesterday morning in the opening game of the 1917 season, when they shut out the Ramblers of Omaha, by a score of 5 to 0, in a very interesting game. The Sox this season have a number of new players, who performed in first class shape and by their fielding and hitting earned a place in the hearts of the fans. The new players who demonstrated their ability in the great national pastime were Edwards at third base and Grassman at short, and the boys in their opening demonstrated a clear idea of the fine points of the game. The old veterans, Mason, Connors, Beal and Herald were as usual in evidence with their steady fast playing and proved strong factors in overwhelming the visitors from the metropolis. Jeff Salsburg, who officiated at the second bag, was in his usual form and nailed a number of good drives that checked the possibilities of the visitors securing a score for their side.

The game was scoreless until the fourth, when Plattsmouth scored two runs. Salsburg opened with a hot one down the third base line that McAndrews was unable to handle, but was later tagged out at the third station by Mac. Herold followed with a safe one to first base, stealing second, and when Mason rapped one on the nose for a safety to the center garden Pete scored. Grassman hit to third and in the attempt to tag Mason was safe at first base. Edwards with a clean one to short was able to bring in Mason for the second run of the game. The side was retired by Boggs, who struck out.

In the eighth inning the Sox again took a spurt in their batting and three more runs were added to the list that decorated the score board. Connors opened with a hit to the center garden and was followed by Salsburg, who laid down a bunt that could not be handled, and was safe at first, with Connors at second. Herold proceeded to score Connors with a hit to the right garden, and this was followed by another rap by Mason into the territory of the right field, that allowed Salsburg to score as well as Herold. This closed the game as far as scoring was concerned on either side, and from this time on there was nothing doing in the way of tallying as both tightened up and played good fast ball until the close of the game.

Stevens, the star slab artist of Nebraska City, was on the mound for the Red Sox, and ten of the visitors fell before his fast slants.

The score:

RED SOX.

George Everett, one of the prominent farmers of Liberty precinct, was in the city Saturday, driving up to look after some business matters, and was accompanied by his daughter, Miss Vivian, who attended the teacher's examination at the court house.

Plenty of American flag stickers for use in the windows can be found at the Journal office.

SUBMARINE SINKS 2 HOSPITAL SHIPS

Seventy-five Persons Lose Lives When Red Cross Vessels Donegal and Lanfranc Are Torpedoed.

Fifteen Officers of Kaiser's Army Go Down When British Craft Is Destroyed by U-Boat Shell.

Two British hospital ships, the Donegal and Lanfranc, have been sunk without warning by German submarines. Seventy-five persons, including wounded men and men of the crew of the two vessels, are believed to have perished.

Of the wounded all were not British—fifteen were German officers and soldiers, who were on board the Lanfranc. All together there were 167 Germans on this vessel.

The placing of Germans on hospital ships which do not carry the characteristic sign is one of the methods of reprisal decided upon by the British government because of the unwarlike sinking of these boats of mercy. One of the latest victims of submarines was not so marked.

The Lanfranc was a vessel of 6,278 tons gross, 418 feet in length. The Donegal registered 1,957 tons gross and was 331 feet long.

Owing to the German practice of sinking hospital ships at night and to the fact that distinctive marking and lighting of such vessels render them more conspicuous targets for German submarines, it has become no longer possible to distinguish our hospital ships in the customary manner. One of these two ships, therefore, though carrying wounded, was not in any way outwardly distinguished as a hospital ship.

The illegal and inhuman submarine warfare which Germany has waged upon merchant shipping has for some time been openly adopted against hospital ships flying the Red Cross flag and otherwise acting in conformity with the requirements of The Hague convention. This culmination of savagery has brought the world face to face with a situation that is without parallel in civilized warfare. It has no justification in any conceivable distortion of international law nor in the most brutal creed of necessity."

PROGRESSIVES DECLARE FOR VIGOROUS CONDUCT OF WAR

New York, April 22.—Prominent progressive party leaders issued a statement here tonight pledging their support of the administration's war plans and urging the adoption of measures, which, they said they believe to be immediately necessary.

Among those who signed the statement were: Hiram W. Johnson, Raymond Robins, Harold L. Ickes, William Draper Lewis, Gifford Pinchot, Miles Poindexter, Ogden Reid, E. A. Van Valkenburgh, Chester Rowell and William Allen White.

"Believing that our country has entered the great war rightly, wisely and of necessity; that it is our duty as a great free people to take our part in the difference of liberty, democracy and civilization against the attack of militarism, and that our sober purpose is to secure a just and lasting peace; we support with all our hearts and all our powers the war plan of the government, declared by the president in his address to congress on April 2," the statement said.

Philip Thierolf was among those going to Omaha this afternoon to visit for a few hours looking after some matters of business.

D. W. Foster of Union came up to this city on the morning train to attend to some business matters and visit with friends for a short time.

Peter Melsinger and wife of Cedar Creek were in the city today for a few hours looking after a few matters of business with the merchants.

Nature Cures, the Doctor Takes the Fee.

There is an old saying that "Nature cures, the doctor takes the fee," but as everyone knows you can help Nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds. Chamberlain's Cough Remedy relieves the lungs, liquefies the tough mucus and aids in its expectoration, allays the cough and aids Nature in restoring the system to a healthy condition.

Rheumatic Pains Relieved.

"I have used Chamberlain's Liniment for pains in the chest and lameness of the shoulders due to rheumatism, and am pleased to say that it has never failed to give me prompt relief," writes Mrs. S. N. Finch, Batavia, N. Y.
