New Perfection Oil Cook Stove!
With Built-In Heat Retaining Oven

HERE is the popular priced cabinet style stove. Two burners under the oven section. Just one burner is sufficient for all oven purposes. The extra burner is a convenience when it is desirable to pre-heat the oven quickly. The open grade in bottom of oven makes it possible to use oven burners for grate surface cooking by opening oven door and removing racks. On ironing day, for example, the sadirons can be heated on the outside burners while the oven burner may be used to cook your mid-day meal.

Bestor & Swatek

THE REO HEADQUARTERS FOR THE COUNTY OF CASS

will be found at the Plattsmouth Garage, one-half block south of the Bank of Cass county, where we will be pleased to meet all prospective purchasers of cars and give you a thorough demonstration of the many good qualities of the Reo cars. Phone 394, or write T. L. Amick, for a demonstration. 5-19-17wk

ENJOYS DAY FISHING.

Yesterday the country home of John Wurga, south of the city, was the scene of a very pleasant gathering when a party composed of Tony Koube and Roy Rose of Omaha, and Frank Sitzman of Plattsmouth visited there. The boys spent the time in angling for the fishes with much success and had one of the times of their lives. They report having enjoyed two square meals that they will long remember very pleasantly, and they are strong for the hospitality that was shown them at the Wurga home, and look forward to other pleasant fishing trips in the future.

DR. BLEICK.

Dr. Bleick, 532 World-Herald building, Omaha, specialist in eye, ear, nose and throat diseases, will be at Plattsmouth every Tuesday, at B. A. McElwain jewelry store. Eye glasses scientifically fitted.

August Anderson departed this morning for Omaha, where he goes to consult a specialist in regard to one of his eyes, which has been giving him a great deal of trouble the last few days as the result of getting a small piece of steel in it. It is feared Mr. Anderson may lose his eye as a result of the accident.

D. J. Pittman of Murray came up this morning to serve as a member of the petit jury panel at the session of the district court.

LOCAL SEED, FARM AND LABOR BUREAU IN PLATTSMOUTH

Mr. H. K. Helseth, of the agricultural department of the Burlington, was in the city today to interest the Commercial club and business men in the formation of a volunteer farm, seed and labor bureau, that could prove of much value in the advancement of the interests of the community, and the assurance of better conditions in the way of handling the crops throughout this locality.

The bureau will be taken up by the Commercial club at their directors' meeting tomorrow and favorable action is looked forward to, as the movement is one that will be of much benefit in developing the greatest possible aid in securing a good crop in this time when it is needed the most. The bureau, if established in this city, will be in charge of Chief of Police Barclay at the city hall. The purpose of the bureau will be to help the farmers who need help in the fields or on the farm, to furnish the amount and proper kind of labor needed and to ascertain the amount of work that will be required of labor needed and to ascertain the amount of work that will be required and the price that will be paid for labor. To locate all who can help in the farm work, this bureau will be managed in conjunction with the state labor department and through these bureaus it will be possible to keep touch on the labor situation in the farming communities of Nebraska.

We are prepared to serve large or small dinners, banquets, etc., at any price to suit you, at the Riley Hotel.

The Fire King sells good flour at low prices.

RUSH PLAN TO ENROLL 10 MILLION MEN FOR THE WAR

Preparations to Register Men Under Draft Law Proceed With Swiftess.

Machinery Ready to Take Census in Record Time of Fourteen-Hour Day.

Washington, D. C., May 20.—Preparations to register 10,000,000 young men for military service on June 5

are proceeding swiftly throughout the country. Advice reaching the war department show that forty-two states have their machinery already organized, ready to proceed with the work. The reports mean that the central boards have been established in county and city for each 30,000 population, that blanks and forms have been distributed and that nation-wide machinery stands ready to take the military census in the shortest time ever allowed for such a huge undertaking—one fourteen-hour day. The plan was evolved by Brigadier General Crowder, provost marshal general as well as judge advocate general of the army, and its efficiency rests upon its simplicity. The scheme is to co-ordinate the vast electoral machinery of every state under one central authority. At one step all local

conditions are met in this way. No matter what peculiarity of election system any state may have it will function perfectly in the national registration scheme, and function without adjustment. Supervised decentralization is what was aimed at and what has been accomplished according to the reports that come pouring in today. All doubts as to the wisdom of turning this task over to the state was dispelled by the nature of the governor's messages.

CASS COUNTY BOY IN NAVY SERVICE EIGHT YEARS

Mr. and Mrs. N. H. Isbell, of this city, have received a very interesting letter from their son, John Isbell, who is at present serving in the United States navy as a sailor on the destroyer Dale. He is attached to the Pacific fleet and is rounding out his eighth year in the service of his country and enjoys very much the varied experiences that enter into the life of a man of war and especially at this time, when the nation is just entering into a great world war. Mr. Isbell was present at the capture of a German converted cruiser at Guam, when the American war vessel compelled the surrender of the crew and the vessel that will be used by the American naval forces in the future. The young man is at present at Manila, where the headquarters of the Pacific fleet in the far east is maintained.

Is Your Money Supporting the Government?
At this critical period in our history our manufacturers are offering their mills, and our young men are offering their services to the United States Government.
Would you like to do your share and help by putting your money where it will support the new Federal Reserve Banking System, which the Government has established to stand back of our commerce, industry and agriculture?
You can do this by opening an account with us, as part of every dollar so deposited goes directly into the new system, where it will always be ready for you when wanted.
