

It's easy for one to choose from so many New and Pretty

Dress Fabrics!

Dainty, fresh and pretty and so summery in weave and coloring, diversified in design and rich in appearance that they will win the admiration of every woman whose desire it is to dress better for less by cultivating the now universal vogue of thriftiness of home sewing. You will find here—

Wash Fabrics and Silks

shown in a broad and comprehensive assortment, with the assistance of competent salespeople to aid in selection and to suggest new ideas for making up pretty garments at the smallest cost possible. To all of these good virtues we add the following at prices which are made possible only by early purchases:—

White voiles have daring stripes and dainty figures; dark grounds are adorned with vivid-hued patterns; soft grays and other pastel colorings are also seen among these beautiful 36 and 40-inch weaves.

Fashion has proclaimed gingham the fabric of the hour, and these extraordinary patterns, in beautiful colors in stripes and checks will explain their popularity. 32 and 27 inches wide.

Unusually patterned gabardines, beach cloths, piques, mercerized poplin, all white skirtings suitable for sports dresses and skirts are included in a display that will prove of exceptional interest to every woman.

Whether the beautiful fabrics prompted the skirts or the popularity of separate skirts led to so many exquisite weaves, we can scarcely tell; but there's nothing prettier for the dressy wear in summer than a separate skirt fashioned of these lovely chiffon taffetas, plain and fancy.

In the folds of these exquisite georgette crepes lurk many beautiful blouses and frocks for summer. There are many shades from which to choose. Crepe de chînes are also shown in many lovely colors. All 40 inches wide.

We take orders for hemstitching, picot edging, face-stitching or fancy buttons made of your materials.

COUNTY DEFENSE COUNCIL HOLDS INTERESTING MEETING

The Cass County Defense council met Tuesday afternoon at Weeping Water to take up several matters of importance along the lines of the preparations for the conservation of the resources of the state as well as for the adoption of plans for the carrying out of the conscription act and register which is to be held on next Tuesday, June 5th, throughout the nation. The council will assist the board of registrars in each ward and precinct of the county in seeing that every person between the ages of twenty-one and thirty-one are registered in compliance with the law. The law is plain on the necessity of registering and no person will be allowed to avoid the register that come within the age limits. This includes all foreigners as well as citizens. A heavy penalty is attached to the failure to register and those who do not comply with the law will face a term of imprisonment as a result.

The defense council also took up the matter of conserving the fish supply in the streams of the county and the urging of the use of more fish by the residents of the county where it was possible to secure them, thereby conserving the supply of meats and other foodstuffs.

It was decided upon by the county council to hold patriotic meetings in the different communities and precincts of the county at which competent speakers will be present to urge steps to place the country on an adequate defense plan to aid in bringing the fullest resources of the country to the front in order to insure a restoration of peace and the permanent guarantee of the right of nations to exist and work out their own destinies as they may deem best. The county council has a number of plans to develop that will be of much importance and that will add to the defense program of the nation.

Mrs. W. W. Moore and little son, Wilson, who have been here visiting with relatives for the past two weeks, returned this morning to their home at Shenandoah, Ia.

Frank Blotzer was among those going to Omaha this afternoon to look after a few business matters for a short time.

NATIONAL GUARD AND REGULARS' RANKS TO BE FILLED BY CONSCRIPTION IF NECESSARY

The enlistments in Company C of the Fourth regiment in this city have not met with the hearty reception or result that it should, as this is one of the best companies in one of the best regiments in the federal service. Those who feel inclined to enlist certainly should make up their mind this week to get into the ranks of the Nebraska boys. It is intended, if the enlistments do not fill up the ranks of the National Guard and of the regular army to use the first of the conscripted men for use in filling up the regiments to their full war strength. To those acquainted with army life, the addition of conscripted men to the ranks of the regulars and national guardsmen it will not be the most enjoyable for those who are drawn by lot to have to serve with the ranks of men who have volunteered of their own free will. It is far better, with the necessity of filling up the regiments, to come forward and be placed on an equal basis with the volunteers who have offered their services for the defense of their country, rather than to be compelled to enter the regiments where only a few will be from the conscripted army.

TO VISIT HERE.

Mr. F. B. Rys arrived Monday morning for a two weeks' visit with his parents, Mr. and Mrs. M. J. Rys. He is employed in the electrical department of the Postal Telegraph company at Chicago, having arrived there recently from New York and eastern cities, where he was in the employ of the same company.

Obituary.

Jacob Kamm was born in Baden, Germany, December 7, 1823, and departed from this life at his home near Alvo, Neb., May 16, 1917, after a lingering illness, aged 83 years, 5 months and 9 days. In 1852 he left his native land for the shores of America, and settled in Wisconsin, from which place he came to Nebraska in 1872 and took

New Perfection Oil Cook Stove!

With Built-In Heat Retaining Oven

HERE is the popular priced cabinet style stove. Two burners under the oven section. Just one burner is sufficient for all oven purposes. The extra burner is a convenience when it is desirable to pre-heat the oven quickly. The open grade in bottom of oven makes it possible to use oven burners for grate surface cooking by opening oven door and removing racks. On ironing day, for example, the sadirons can be heated on the outside burners while the oven burner may be used to cook your mid-day meal.

— OLD FASHIONED DANCES —

up his residence on a farm near Alvo, where he had since resided. On December 30, 1856, he was united in marriage to Miss Katherine Hillishime of Wisconsin, who was also a native of Germany. To this union were born twelve children, eight of whom survive the father, the mother having passed to the great beyond some eight years ago. The deceased was an old soldier, having enlisted in Company K, Wisconsin Infantry Volunteers, February 2, 1865. His life was spent on the farm where he had been successful. He lived the religious faith of the Presbyterian church and steadfastly held to the Christian faith and hope to the end. Those left to mourn his loss are his children, Louis Kamm, Lincoln; Mrs. S. H. Gore, Bennett; Mrs. W. J. Keefer, Grand Island; Mrs. H. P. Reynolds, Omaha; J. P. Kamm, Elsie, and George Kamm, Dean Kamm and Miss Amelia Kamm of Alvo, all of whom were present at the funeral, which was held from the home May 19, conducted by Rev. M. A. Keith.

The body was laid to rest in Pleasantdale cemetery beside the wife and two daughters. The bereaved relatives have the sympathy of a host of friends.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

In Use For Over 30 Years
The Kind You Have Always Bought

THE CENTAUR COMPANY, NEW YORK CITY.

MR. FARMER!

A half million dollars' worth of perfectly good farm machinery is thrown in the scrap pile every year in Nebraska.

Farm work is the hardest work there is on machinery.

Castings break, bearings wear out, shafts bend and break. Things get dull and pill hard, gears rattle, smash, bang and crash, paint gets dull.

Many farmers throw away machinery and buy new, because they are not aware that we can in nearly every case re-make such machinery equal and in many respects better than new.

We do not care how bad your machinery is smashed or worn, they all look alike to us; we re-make them as good as new and save you money.

A dollar saved is a dollar earned; keep your money at home and you may get it back again, besides it helps us to employ home labor.

Put your machinery troubles up to us; we have the best equipped machine shop in the country; if you don't believe it, call and see us. Visitors are always welcome.

We make everything in metal. Now is a good time to overhaul things for the spring rush.

WESTERN MACHINE AND FOUNDRY.
L. C. SHARP.
