In spite of the threatening weather there was a large number in attendance, who whiled away the afternoon in social conversation, plying the busy needle, and various other amusements which made this afternoon's entertainment most enjoyable. A very interesting business session was held, at which time various important business matters were transacted. The guests were also entertained with some pleasing victrola selections which were highly appreciated and very much enjoyed. At a suitable time the hostesses served dainty refreshments, being assisted in serving by Miss Jessie Robertson and Miss Ellen Leyda. A few moments were devoted to a little further social time and then the ladies dispersed very much indebted to the hostesses for the splendid afternoon's entertainment afforded them. For the occasion the Robertson home had been very prettily decorated with vases of Iris placed here and there.

ENTIRE COUNTY REGISTRATION

The Complete Count Shows that Cass County Has 1,698 Young Men Between the Ages of 21 and 31 Years.

The figures on the registration throughout Cass county under the selective conscription act have been received at the court house and examined by the registration board, composed of Sheriff C. D. Quinton, County Clerk Frank J. Libershal and County Physician Dr. G. H. Gilmore, of Murray. The total registration shown by the tabulation of the figures by County Clerk Libershal shows that Cass county has 1,698 men of the ages of 21 to 30 inclusive who will be subject to the draft to take their places in the army of the United States. The work of registering has been rapid and accurate and the returns made to Governor Neville and will be transmitted to the war department at Washington. The war department will arrange for the naming of the exemption boards and for the selecting of the names that will be used in the draft. It is expected that in a few weeks the work of drawing will be commenced and the men who are chosen will be given time to prepare to answer the call to the colors, which will probably be in September.

In the different county precincts the following numbers were listed by the registrars: Tipton precinct, 87; Greenwood, 59; Salt Creek, 88; Stove Creek, 98; Elmwood, 67; South Bend, 46; Louisville, 87; Center, 77; Avoca, 61; Mt. In the county only one colored man was reported for registration and this was in Nehawka precinct, and but twenty alien enemies or subjects of Germany reported.

Under the different ages as tabulated the difference was very little between the different years, as will be shown by the following figures: Twenty-one years, 163; 22 years, 177; 23 years, 182; 24 years, 166; 25 years, 169; 26 years, 172; 27 years, 169; 28 years, 184; 29 years, 152; 30 years, 165.

HOW much trouble it is to run?

does it run on kerosene?
does it compare with the light you formerly had?
could you do without it?

Now consider the convenience and necessity of Delco-Light in your own home. Drop me a line and I will call and give you figures as to what it will cost to wire your house, install fixtures and Delco-Light.
