### DELCO LIGHT AGENT WAS RAINED IN AT PLATTSMOUTH

Ivy Rosenthal, Delco light agent for Cass and adjoining counties, was rained in with his Ford at Plattsmouth this week. As the rain and bad roads prevented him from calling on people in the country, we prevailed on him to let us do a little hustling for him and the Delco light in the shape of an ad in the press. We are charging him a "contingent fee," as the lawyers would say. We are to receive full pay for this ad for every inquiry received resulting in a subsequent sale previous to July 1st. No inquiries—no sales—no pay for us. We believe as one user tells us, every man who owns his own farm and has it nearly paid for should have electric light. And we firmly believe if some of you could see the Delco light in one of the homes mentioned in the Delco light advertisement you would very likely say to yourself, "I think as much of my wife, my children and my home life in general as that fellow does. I will write the agent and at least find out—not whether I can afford Delco light, but whether I can afford to do without Delco light."

Inquiries phoned to this office will receive as prompt attention as those mailed to Mr. Rosenthal's address in Omaha.

### GERMAN THRUSTS FAIL TO ADVANCE

French Troops Hurl the Enemy Back at Hurbise and Chemin-Des-Dames.

British Make Minor Gains North of River Scarpe During Night.

Paris, June 6.—Two violent German attacks on French positions at Hurbise and the Chemin-des-Dames were repulsed last night, the war office announced this morning. The attacks were preceded by an intense cannonading. Lively actions took place during the night on the Belgian front. The statement follows:

"There was great activity during the night over a large part of the Chemin-des-Dames and further west between the Ailette and the Laon road. The artillery fighting became very intense late at night, especially east of Vauxaillon, north of Moulain de Laffaux and over the whole region northwest of Braye-En-Laonnois. Near Hurbise, after a spirited bombardment, the Germans late yesterday made two attacks in vain on our positions northeast of the monument. The Germans were driven back to their trenches after a violent engagement in which they suffered heavy losses at the hands of our soldiers and our line was maintained everywhere. Over the remainder of the front there was intermittent cannonading.

"On the Belgian front lively actions took place at night. Our pilots engaged in numerous fights with the enemy yesterday. Seven German airplanes and one captive balloon were brought down. It is also learned that another German airplane was forced to earth east of Flain on Monday."

London, June 6.—The British made an attack last night on the Arras front north of the river Scarpe, the war office announces.

Ground was gained in two sectors. The statement follows: "We attacked last night north of the Scarpe and made further progress on the western slopes of Greenland hill. We gained ground slightly west of Lens."

### MISS ALICE DOVEY AND JACK HAZZARD ARE WED

Yesterday at New York City occurred the marriage of Miss Alice Dovey, daughter of Mr. and Mrs. George E. Dovey, of this city, and Mr. Jack Hazzard. The news of the wedding was received in a telegram to the parents, stating that the ceremony had been performed yesterday afternoon at "The Little Church Around the Corner," and was attended by a large number of the leading members of the theatrical profession. Both the bride and groom are leading members of the American stage and have won a great deal of approval from the theatre going public for their work in the musical comedy line. Miss Dovey has been the leading lady of the "Very Good Eddie" company, but resigned on the western tour of the company to become wedded to Mr. Hazzard. The groom was formerly with this same company, as well as a number of the leading musical shows in the last few years, and is well known as one of the clever and promising young stars of the stage. The friends of the Dovey family throughout the state will receive the news with pleasure. Mr. and Mrs. Hazzard will make their home in New York, where they will continue their theatrical work.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is cataract. Cataract being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Cataract Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Cataract Medicine that they offer \$100 reward for any case that it fails to cure. Send for list of testimonials. Address P. J. ### JOSEPH BECKER NEAR DEATH.

From Tuesday's Daily. Mrs. Mary B. Allison of this city today received a message from Wichita, Kan., announcing that her brother, Joseph Becker, was sinking fast and that his death was looked for at any time. Mr. Becker was shot several weeks ago by highwaymen and it has been impossible to give him relief from the effects of the wounds, and his condition has become critical. Mrs. Allison departed this afternoon for Union to be with her aged mother.

### A SOUTHERN VOLUNTEER.

Yes, sir, I fought with Stonewall,  
And faced the fight with Lee;  
But if this here Union goes to war,  
Make one more gun for me!  
I didn't shrink from Sherman  
As he galloped to the sea,  
But if this here Union goes to war,  
Make one more gun for me!

I was with them at Manassas—  
The bully Boys in Gray;  
I heard the thunders roarin'  
'Rous' Stonewall Jackson's way;  
And many a time this sword of mine  
Has blazed the way for Lee;  
But if this old nation goes to war,  
Make one more gun for me!

I'm not so full o' fightin',  
Nor half so full o' fun,  
As I was back in the sixties  
When I shouldered my old gun;  
It may be that my hair is white—  
Such things you know must be;  
But if this old Union goes to war,  
Make one more gun for me!

I hain't forgot my raisin'—  
Nor how in sixty-two,  
Or thereabouts, with battle shouts,  
I charged the Boys in Blue;  
And I say, I fought with Stonewall,  
And blazed the way for Lee;  
If this old Union's in for war,  
Make one more gun for me!  
—Atlanta Constitution.

### HIS NORTHERN BROTHER.

Just make it two, old fellow—  
I want to stand once more  
Beneath the old flag with you  
As in the days of yore  
Our fathers stood together  
And fought on land and sea  
The battles fierce that made us  
A nation of the free.

I whipped you down at Vicksburg,  
You licked me at Bull Run;  
On many a field we struggled  
When neither victory won.  
You wore the gray of Southland,  
I wore the Northern blue;  
Like men we did our duty  
When screaming bullets flew.

For years we fought like devils,  
But when the war was done  
Your hand in mine in friendly clasp,  
Our two hearts beat as one.  
And now when danger threatens,  
No North, no South we know;  
Once more we stand together  
To fight a common foe.

My head, like yours, is frosty—  
Our age is creeping on;  
Life's sun is lower sinking—  
My day will soon be gone.  
But if our country's honor  
Needs once again her son,  
I'm ready, too, old fellow—  
So get another gun!  
—Minneapolis Journal.

### BANK GUARANTY FUND IS OVER MIL- LION AND A HALF

Lincoln, Neb., June 5.—The Nebraska bank guaranty fund will be increased on July 1 to a total of more than a million and a half dollars by the semi-annual assessment which will be made on that date upon the deposits of all state banks.

Reflecting the remarkable leap in material wealth of Nebraska, the guaranty fund has in a comparatively short space of time passed the fondest hopes of the legislature which enacted the law providing for it. Eight years ago when a legislature passed the guaranty law, the figure of \$1,500,000 was set as the limit of the fund, and it was provided that whenever it should reach that amount no further assessments should be levied until it had become depleted below \$1,000,000 through the payment of depositors in failed banks.

When the law was enacted no one dreamed that Nebraska was going to increase so rapidly in wealth as it has been doing in the last five years. There were only 500 state banks and the aggregate deposits did not total \$75,000,000.

Then came the big wave of prosperity of recent years and Nebraska began to jump ahead. Soon the \$100,000,000 was attained and deposits began to jump ahead by leaps and bounds. The last report showed deposits of over \$208,000,000.

For Sale—6-room house, 6 lots; 2 lots in fruit trees, rest in garden, all planted; good well and cistern; cement walks. Inquire of Ignac Straka, 15th and Main Sts. 5-31-tfd

### STORM DAMAGE BEING CLEARED UP RAPIDLY

The disturbed condition of railroad traffic in this section of the state caused by the cloudburst and storm of Tuesday night has to a great extent been quieted and the train service between this city and Omaha, which was decidedly poor yesterday, is now down to almost normal. The Missouri Pacific has had their line opened up from this city north and the danger caused by the flooding of the Pappio valley and the endangering of the bridges seems to have passed way as the high water there has subsided.

The Burlington has been able to get their tracks in fair shape, considering the excessive damage done by the storm, in the fact that the Omaha division was suffering from two land slides near Bellevue, while between Chalco and South Omaha a strip of several thousand feet of track was washed out and cut Omaha off completely from the Burlington lines west. All the through Denver-Chicago trains passed through this city over the old main line from Ashland east and the Omaha connections were made at Pacific Junction. The Plattsmouth parties who were caught in Omaha by the storm had a very hard time in getting home, being compelled to travel from Council Bluffs to Pacific Junction, and, while they had a good ride for the money, it was decidedly inconvenient to spend two hours on a trip that ordinarily required only about forty minutes. All the available men in the extra gang and section forces were used yesterday in getting the line in shape for travel and to repair the damage done by the elements.

W. H. Puls and family come up this morning from Murray and departed on the Burlington train for Omaha, where they will visit for a few hours in that city looking after some business matters. They were brought as far as this city by L. H. Puls.
