

THE WHITE HUSSARS, A VOCAL AND SINGING BAND, CHAUTAUQUA ATTRACTION

MOST TALKED OF MUSICAL ORGANIZATION IN AMERICA TODAY WILL BE HEARD ON THE LAST DAY OF THE CHAUTAUQUA.

THE WHITE HUSSARS, one of the biggest musical successes on the chautauqua platform in America today. This famous singing band provides a rare treat. They play good music, they sing as well, and their entertaining features are great. They have been enthusiastically received by practically all cities of the United States. Strictly a headline feature. Last day and concert in the evening.

Plattsmouth Chautauqua starts June 28 and lasts seven days; even big days of entertainment and splendid lectures, patriotic music, for the price of \$2. Remember the dates—June 28 to July 4

The Pullford

is a simple attachment to go on Fords (or other cars) to convert them into practical tractors.

The price of the attachment is \$145 on Fords and \$155 on other cars, much cheaper than any other similar attachment.

The Pullford does the work of four horses and will do it in the hottest weather when horses can't stand the gaff.

The Pullford will do the work of four horses and does not eat when it is not working. If you could buy four good horses for \$145 you'd think they were mighty cheap.

For practical work on the average farm the Pullford is the very best investment the farmer can make.

It will pull your binder, do your plowing, discing, harrowing, pull your manure spreader, haul your heavily loaded wagons to town; in fact, it will do about all the work your horses will do except planting and cultivating your corn.

The Pullford will pull any load that your two best teams will pull and do it easy.

We will demonstrate the Pullford in a few days. Watch the Plattsmouth Journal for the Notice.
