James Terryberry, Cedar Creek

Take your family some evening to see a

DELCO-LIGHTED HOME

and Delco-Light in operation. Ask the owner a few questions about it.

How much trouble it is to run?
O how much light will it furnish?
W how often do you have to run the engine?
long does it take to charge the batteries?
much expense have you had for repairs?
does it run on kerosene?
does it compare with the light you formerly had?
could you do without it?

Now consider the convenience and necessity of Delco-Light in your own home. Drop me a line and I will call and give you figures as to what it will cost to wire your house, install fixtures and Delco-Light.

SUBSCRIBERS TO LOAN NUMBER TWO MILLION

Small Subscriptions Are Pouring in and Thousands More Expected.

Secretary Wilson's Appeal to the Workers of the Country to Buy Bonds.

Washington, D. C., June 13.—Small subscribers investing in \$50 and \$100 bonds have swelled the Liberty loan nearer the \$2,000,000,000 mark, treasury officials said today, and additional thousands of these are looked

for before Friday night, when the subscriptions period closes. It is estimated that subscribers to the loan now total 2,000,000 persons.

To workers of the country, Secretary Wilson sent this appeal: "If you cannot buy a bond outright you can make arrangements with your employers or some banker to buy it on the installment plan or a number of you can club together, each putting in his mite, to buy a bond. Every dollar counts. Let me appeal to you, as you value our free institutions, to make every sacrifice necessary to buy a bond, and do it now."

Final Effort in New York.
New York, June 13.—Red fire, brass bands, oratory and other things that mark the close of a bitterly fought political contest will be used here to bring in subscriptions to the Liberty loan of 1917 up to the last minute. Everywhere today the streets be-

gan to bloom with "buy a bond" bunting and preparations were being completed for the big rally in Union square tonight.

Banks will keep open tonight and tomorrow night until midnight or as much later as necessary, to receive subscriptions.

Activities of the Boy Scouts have resulted in total subscriptions here of \$1,277,000 by 6,000 persons. In one of the public schools the pupils subscribed for \$10,000 worth.

LEGISLATIVE LOBBYISTS SLOW IN COMPLYING WITH LAW

Lincoln, Neb., June 12.—Warning is given by Secretary of State Charles W. Pool to lobbyists during the last session of the legislature that they must file statements of expenses as required by law.

The law requires such reports to be made by lobbyists themselves and by those employing them within sixty days after the legislature adjourns—the time limit expiring June 26.

Nearly 100 registered to lobby during the session and less than a dozen reports have been filed with Mr. Pool.

Bridge Toll Reduced

We have reduced the rate for Auto and Driver from 50c to 25c when paid in cash.

All outstanding Toll Tickets will be accepted in payment of Tolls, just the same as in the past, making the actual cost for each Auto and Driver 25c in either case. 5 cents for extra passengers.

We will continue to sell Toll Books for the convenience of those who prefer to pay the Bridge Tolls in that way.

GEN. PERSHING LANDS IN FRANCE GREETED AS HERO

"Star Spangled Banner" and "The Marseillaise" Played as He is Welcomed on Deck.

Met by Government Representatives and Army Officers—British Marines Line Quay.

Paris, June 13.—General Pershing landed at Boulogne this morning and will arrive in Paris this evening.

General Pershing was met at the quay by General Pelletier, representing the French government and general headquarters of the French army; Commandant Hue, representing the minister of war; General Lucas, commanding the northern region; Colonel Daru, governor of Lille; the prefect of the Somme and other public officials.

British soldiers and marines lined up along the quays rendered military honors as the vessel flying the Stars and Stripes preceded by destroyers and accompanied by hydroplanes and dirigible balloons, steamed up the channel.

Military bands played "The Star Spangled Banner" and "The Marseillaise" as General Pelletier and his party boarded the boat to welcome General Pershing.

Boulogne, June 13, 12:35 p. m.—The channel steamer Invicta with Major General Pershing and his staff on board steamed into port at 9:40 o'clock this morning. It was welcomed with cheers from French territorial and British sailors and soldiers on shore, to which British troops between decks replied lustily. British and French bands struck up "The Star Spangled Banner" as the ship

General Pershing stood on the deck surrounded by his staff. After the representatives of the French authorities had been presented to the American officers, the party landed and reviewed the French territorials. The Americans then entered motor cars for a ride around the city. All along the route they were followed by crowds who greeted General Pershing with the greatest enthusiasm. At 11 o'clock the general received a number of American and French newspaper correspondents. He then departed for Paris on a special train.

THREE BILLION WAR BUDGET UP TO PRESIDENT

Senate Passes Measure for Largest Sum Ever Appropriated by Legislative Body for Nation's Defense.

Washington, June 13.—Accepting the house compromise for acquisition of the Jamestown exposition site as a naval base, the senate today finally enacted the \$3,281,000,000 war budget bill and sent it to the president.

The bill, which carries the greatest sum ever appropriated at one time by any legislative body, has been the storm center of the present session of congress and went through with a final row over the shipping board provisions.

Objections to the conference report because it failed to make it impossible for the shipping board to remove Major General Goethals from office should they so desire was made by Senators Lodge, of Massachusetts, and Smith, of Michigan.

"Congress and the country have confidence in General Goethals and mean to keep him where he is, but that is not the plan of the shipping board," said Senator Lodge. The bill as originally passed by the senate provided for General Goethals by name, but that was cut out in the house.

Senator Martin, in charge of the bill, assured the senate that there was no intention to remove General Goethals.

Senator Smith attacked the shipping board, saying: "Board members have appeared before our committee several times and if they have any large capacity they have yet to demonstrate it."

In addition to funds for innumerable military purposes, including \$100 a month for men in reserve officers' training camps, the bill appropriates \$750,000,000 for an American merchant marine.

NEVILLE NOT BOOSTED FOR COLONELCY

Governor Declares Politics No Factor in Training Nebraska Guard Officers.

Line Commissions Not to Be Considered Until Regiment is Fully Recruited.

Lincoln, Neb., June 13.—"I am not pulling any political wires to secure the colonelcy of the proposed Sixth Nebraska regiment," said Governor Keith Neville here this afternoon, with reference to a report published in an Omaha newspaper.

"The line officers for the Sixth Nebraska regiment have not been considered and will not be considered

until the entire regiment is recruited to full strength. The selection of line officers will be under the direct supervision of the war department and it is silly to intimate that political consideration will enter into the selection. There will be no politics in it."

Friends of Governor Neville have known for some that he has had a "hankering" to serve his country in any capacity in which he will be of the most service. He comes of a family which rendered distinguished service to the country in the army, and has himself had six years of training in one of the finest military colleges of the country, situated at Annapolis, Md.

"The report that I am to resign presupposes that the line officers of the regiment have been considered, and that is absolutely not a fact," said Governor Neville.

A large assortment of all sizes of American flags can be secured at the Journal office. Call in and see them before buying.
