## Facts and Figures

regarding the performance of

in your particular line of business. And let us urge that before you invest in a motor truck you investigate the GMC line.

**"Put It Up to Us to SHOW YOU!"**

In the GMC line the Manufacturer, Merchant, Municipality, Contractor, Farmer—in fact any man, business or corporation with hauling to do can find the truck that will fit the work to be done. THAT makes motor trucks profitable.

The GMC line presents trucks from 1,500 pounds to 5 ton capacity. In no other factory can such a variety of trucks be found. From no other factory can better quality be had.

The records of their service furnish a dependable guide in determining what GMC trucks can do for you.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that the treatment, being green, influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Muscus Surface of the System, destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The present treatment, based on the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that fails to come under the hands of professionals.
