

Murray Department

Prepared in the Interest of the People of Murray and Surrounding Vicinity Especially for the Journal Readers

If any of the readers of the Journal know of any social event or item of interest in this vicinity, and will mail same to this office, it will appear under this heading. We want all news items.—Editor

Do You Want to Be a Success?

The autobiography of every successful man invariably tells how he earned and saved his first dollar.

There's no telling what the morrow will bring forth. It is the man with the ready cash that is prepared for a business opportunity.

Isn't it a fact that cash in the bank gingers you up? Doesn't it give you confidence?

See us about an account.

Four per cent interest on time deposits.
Our deposits are protected by the State Guaranty Law.
MURRAY STATE BANK

G. M. Minford had two carload of fat steers on the Omaha market Tuesday, that were good enough to bring \$12.90 per cwt.

Mrs. Wagner, residing east of Murray, lost eighteen head of spring pigs during the storm last Monday evening, by the high water.

Ed Shoemaker, from south of Murray, made a business trip to the county seat Monday of this week, and while there paid a visit to the Journal office.

Mrs. W. G. Boedeker and son, Charles, motored to Nebraska City last Thursday, where they spent the day visiting relatives. They were accompanied by Miss Beulah Sans and Mrs. Rosa Cogdill.

W. J. Philpot, Dr. G. H. Gilmore, John Lloyd and George Harshman accompanied Cromwell & Valley to Perkins county last week to look over some farms they have for sale. They were all well pleased with the country. Mr. Philpot and Dr. Gilmore bought three quarter sections. Others in the party have contracts for land.

Remember that Senator Oberlies of the Thirteenth district will deliver an address to the people of Murray on Saturday evening at the Puls & Gansemmer hall. The speaking will commence at 8 o'clock, which will be free, and the regular moving picture show will follow immediately after.

Rev. William Murchie, wife and babe, of Red Oak, Ia., arrived Tuesday morning for a visit with Dr. and Mrs. Jackson, Mrs. Murchie's parents. They came as far as Pacific Junction in their car, but left it there because of the conditions of the roads and came on by train. They will remain until the latter part of the week.

H. G. Todd shipped three carload of fat steers to the Omaha market Tuesday evening.

The electric light proposition for a plant for Murray is again up before our people, and is meeting with much encouragement. Just a little more help and we will not be in the dark any longer.

The basket dinner given at the Christian church last Sunday was quite well attended, and could be pronounced a genuine success in every particular. The farewell sermon delivered by Rev. Davis in the forenoon, and the one given by Rev. Taylor in the afternoon, were very interesting. The whole affair was one of great pleasure, although all regretted the departure of Rev. Davis, who is going to Missouri City, Mo., where he will take up his church work, residing in the rural districts, where he will also look after some farming in the future. His many friends in this locality wish him success wherever he may be.

Fertile Land in Perkins County.

There were quite a number of Cass county farmers who made a trip to western Nebraska this week, and while on this trip a thorough inspection was made of Perkins county. The general lay of the farms in this county is nearly level, with good drainage. The soil is black loam, with a clay sub-soil, well adapted to holding moisture. The black soil runs from two to four feet in depth. The virgin soil is covered with buffalo grass.

This part of Nebraska is one of the hot winds belt; no hot winds ever reach this altitude, and the rain is abundant. Rye, wheat, barley, corn

and alfalfa are the staple crops. The average of corn will be big this year; the stand is good and the growth for the season of the year is well up with Cass county corn. While all parts of Nebraska had a hard jolt from winter freezing on fall wheat, Perkins county farms will show a two-thirds stand—some a full stand, with good prospects for a big yield. One stand of wheat selected at random by Cass county farmers, showed 107 grains from one seed kernel. Rye is one of the best crops this year in the country, excepting alfalfa, which shows up with any in the state.

Hogs, poultry, dairy herds, cattle and horses are in abundance. War gardens are in the lead in this locality. Bean patches run from ten to 100 acres. Mr. Wilkinson, a former resident of Eagle, and once state representative from Cass county has planted over 100 acres in beans. There are many large fields planted to beans in this community this year.

All cattle on the grazing land are in fine condition this year, fat and sleek. Several parties purchased land while on this trip.

A Mistake.

There seems to have been some misunderstanding in the past few days regarding a small subscription taken up in Murray a few weeks ago by A. L. Baker, the purpose of which was to help defray the actual expense of the Cass County Defense league which recently organized. This fund, raised by Mr. Baker, of which there was only the sum of \$5 from West Rock Bluff precinct, was sent to C. S. Stone of Elmwood, Neb., treasurer of the said Cass County Defense league, from where it will be used as above stated. The report circulated was to the effect that the money subscribed to Mr. Baker went to pay the recent registration board who served on June 5th. The men who served on the registration board June 5th, from 7 o'clock a. m. till 11 o'clock p. m., gave their services to their country absolutely gratis, which was a very commendable act on their part, and that such an obnoxious rumor, without one iota of foundation should be circulated that a petty collection had been taken for the gentlemen who served as registrars, is an injustice and demands correction.

SENATOR L. C. OBERLIES

Will deliver a series of four lectures in Murray on next Saturday evening, and Sunday. The first of which will be given at the Puls & Gansemmer hall on Saturday evening, at 8:30 o'clock, just before the moving picture program, will be free to all. His subject on Saturday evening will be "Our Place in the Sun."

On Sunday morning, at the Christian church, the second of the series will be given, his subject being "Big Business—A New Competitor." In the afternoon at the same place, his subject will be "Six Rings of Gnarly Knots," and again in the evening, at the Christian church, he will be pleased to see the house filled to overflowing, when his subject will be "Community Debts."

All of these lectures will prove very interesting, and the senator should be greeted with large audiences at each and every one of them, so do not fail to attend. You will be welcome.

AUTO FOR SALE.

A Snap—Hudson Super-Six, purchased only last fall, and in splendid condition. If you are looking for a high-class auto, grab this snap. Has been left in my care to sell, for one week only. Chas. S. Stone, Elmwood, Neb.

ANNIVERSARY SURPRISE.

Tuesday evening the United Presbyterians gave Dr. and Mrs. Jackson a very pleasant surprise, as they had learned that the day marked an anniversary. Tuesday was the anniversary of the marriage of Dr. and Mrs. Jackson, and the members of the congregation planned and executed a surprise upon the couple and their guests. Because of the rain those living in the country could not get in, but almost all members living in town appeared at the parsonage about 8 o'clock that evening, and after spending some time very pleasantly served an abundance of ice cream and cake to all present. They left the occupants of the manse in a very happy frame of mind, and with two fine porch rockers.

United Presbyterian Church Notes.

Sermons at 11 a. m. and 7:30 p. m. by the pastor.
Sabbath school at 10 a. m.
A cordial invitation to these services to all whose obligations do not require their attendance elsewhere.

MYRTLE ALDEN IS FOUND; WAS IN KANSAS CITY

White Slaver Charge to Be Brought Against Her Companion, Frank McCarthy.

Omaha, June 27. — Myrtle Alden, the 17-year-old Papillion girl who disappeared last night in Kansas City by Federal officers from Omaha. She was in the company of Frank McCarthy, with whom it is supposed she eloped from Papillion. He was arrested.

The girl is anxious to return to Omaha, according to telegraphic information received from the officers who found her. The case was worked up by the Omaha federal authorities.

A federal "white slave" warrant has been issued for McCarthy and forwarded to Kansas City. As soon as this warrant is received there, McCarthy will be brought back to Omaha for trial.

J. W. Alden, father of the girl, shed tears of joy when he was told his daughter had been found. He went to Kansas City today to bring his daughter home.

"I want her to come home," he said. "Everything will be just as it was before she went away."

DIVORCE CASES IN THE DISTRICT COURT THIS WEEK

The divorce question seems to be the chief factor in the district court with several coming to trial and others being filed. This morning the case of Kelly J. Rhoden vs. Jennie Rhoden was on trial in which the plaintiff claims desertion as the cause of action. The court after hearing the evidence in the matter entered an order granting the decree as prayed for by the plaintiff.

A suit was also filed last evening entitled Mary E. Chase vs. Walter D. Chase. The parties in the action were married in Plattsouth November 20, 1910, and the plaintiff in her action claims cruelty as the cause for the divorce. Another suit filed is that of Nettie Vaughn against Jay Vaughn, in which the plaintiff states that they were married at Plattsouth on September 10, 1913, and that the defendant has deserted the plaintiff leaving no word as to his whereabouts. Non-support and desertion are given as the cause of action.

Hives, eczema, itch or salt rheum sets you crazy. Can't bear the touch of your clothing. Doan's Ointment is fine for skin itching. All druggists sell it. 50c a box.

FORD CARS FOR SALE.

Second-hand Ford touring cars, \$175 and \$225. W. W. Wasley, Plattsouth.

Read the Evening Journal. Only 10 cents a week.

WEEPING WATER CREEK

ON A RAMPAGE DOES

MUCH INJURY TO CROPS

Reports received from the western and southern portions of Cass county state that the Weeping Water creek which flows through the southern portion of the county has overflowed at a number of places and did a great deal of damage to crops in that locality. Near Weeping Water a rainfall of four inches is reported, and this, added to the heavy rainfall throughout the other sections of the county has transformed the creek into a raging river that in a number of localities has spread over the lowlands and did much damage to the growing crops and the loss is quite heavy to the farmers. In this section the Eight Mile and Four Mile creeks have been the highest for many years and the damage done will be very heavy, as a great deal of the corn has been washed out that it will be impossible to replant at this time.

A Bad Habit, Which Grows Worse in Summer.

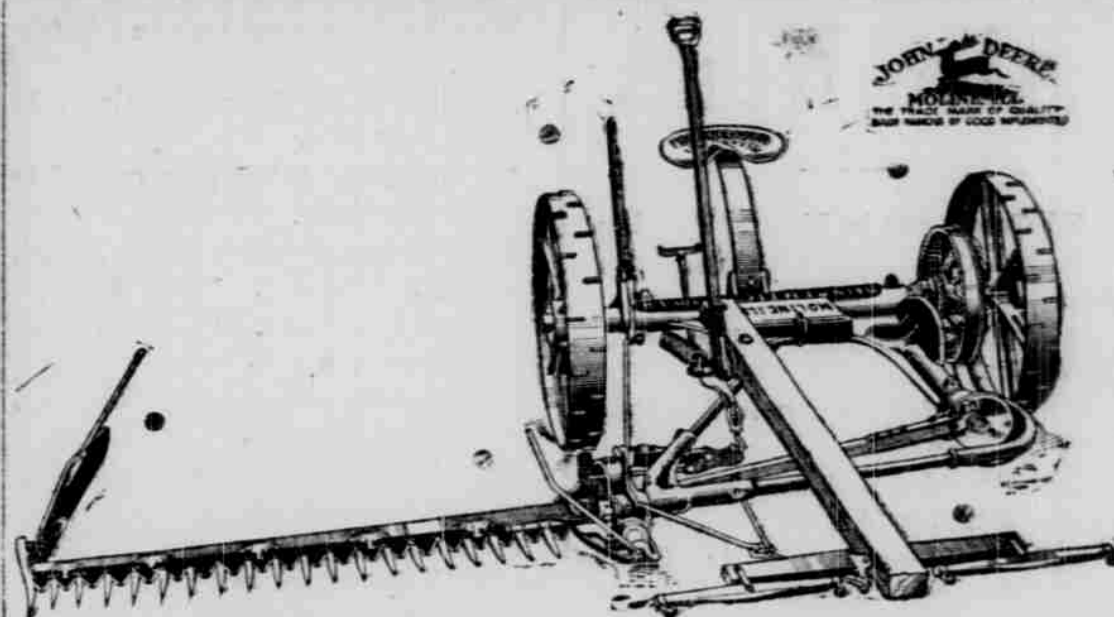

Many people are too sluggish to walk, and this pernicious habit grows worse, especially in the hot season. The practice of hopping on a car or riding in automobiles robs them of the health preserving exercise, the physical and mental vigor weakens, the indigestion and stomach troubles are the order of the day. Triner's American Elixir of Bitter Wine is a welcome corrective. This remedy removes the constipation, helps digestion, stimulates appetite and tones up the entire system. Take it for health—it is a remedy, not a beverage. Price \$1.00, at drug stores. Triner's Liniment is also a remedy of the season. It is excellent for sprains, strains, swellings, bruises. If you rub the muscles after a hard day's work or athletic exercise, or if you use it for tired feet after foot bath, you will be surprised by the agreeable result. Price 25c and 50c, at drug stores; by mail, 35c and 60c. Jos. Triner, Manufacturing Chemist, 1333-1339 S. Ashland Ave., Chicago, Ill.

RETURNS FROM TRIP.

From Wednesday's Daily. This afternoon T. M. Patterson and wife returned home from a two weeks' trip to Chicago and Lake Forest, Ill., and were accompanied home by their daughter, Miss Janette Patterson, who has been attending school at Lake Forest. The trip was made by Mr. and Mrs. Patterson and Mr. and Mrs. Jack Patterson of Union by auto, and a splendid time enjoyed, up to yesterday, when a great deal of tire trouble and the rain, caused the car to be left at Missouri Valley, Ia., the roads being in such condition that it was almost impossible to get through. Jack Patterson and wife departed this afternoon for their home at Union.

The John Deere Dain Mower is the mower with the "compensating" or balanced gears—one of the simplest, most powerful transmissions ever devised for a mower. No power is lost in transmission from axle to knife. That is why the John Deere Dain cuts all the grass on any ground over which a mower can be operated. Cultivators are getting harder to get deliveries on every day. We still have plenty of Jennie-Lind and John Deere Walkers and a few Riding Cultivators in stock. Better get busy and let us show you what we have got.

Murray Hardware and Implement Co., MURRAY, NEBRASKA

GREETINGS FROM THE AIR.

From Tuesday's Daily. When the government observation balloon passed over the city Saturday it attracted a great deal of attention, and while passing over the John Hallstrom farm south of this city and which is occupied by Samuel Stone and family, a cord was dropped overboard which landed on the farm and was picked up by members of the family. On the card was the words, "Greetings from U. S. balloon 0-2, Pilot Mr. Leo Stevens; Sergeants Kennedy, O'Neill, Haight and Richardson." The card was brought into the Journal office and is a pleasing token from the air forces of the army at Fort Omaha.

TO BE MARRIED TODAY.

This afternoon at Deadwood, S. D., will occur the marriage of Mr. Orville Stiles and Miss Verna Wells, both young people being former residents of this city. The bride-to-be departed yesterday for Deadwood, where the ceremony is to be performed and where they will make their future home.

FORD CARS FOR SALE.

Second-hand Ford touring cars, \$175 and \$225. W. W. Wasley, Plattsouth.

For Rent or Sale—My residence on Locust St.; partly modern. Mrs. C. A. Berggren. 5-29-17kd&w

Rex Young of near Murray was in the city yesterday for a few hours looking after some trading with the merchants.

Jesse Vallery was among the passengers this morning for Omaha to visit for the day looking after a few matters of business.

Harvey Heneger, who has been visiting here and at Weeping Water for a few days, departed this afternoon for Auduburn, Ia., and from there will go to his home at Carroll, Ia. Mrs. Heneger will remain for a longer visit.
