CHILDREN DIE BY SCORES IN GREAT MISSOURI PLAGUE

St. Louis, Mo., June 28. — Sixty-eight children have died from a severe form of summer complaint in southeastern Missouri during the last few weeks, according to information telephoned here today.

More than 200 persons, mostly children, now are ill with the disease and about a fourth of these are in a serious condition.

The information came here from Dr. C. M. Harrison, corner of Dunklin county, and Dr. E. H. Tate, corner of Scott county.

Dr. Harrison reported fifty child deaths in Dunklin county in the last six weeks and Dr. Tate reported eighteen in Scott county.

According to the reports from the physicians the epidemics that have struck the two counties are similar, but are not identical.

Dr. Tate said the disease in Scott county was cholera, a summer complaint similar to enterocolitis.

The disease is attributed to abnormal weather conditions in southeastern Missouri, a late, cold spring, quickly followed by warm weather, which caused excessive vaporization from the sandy soil.

Four deaths from cholera infantum are reported from Senath, Dunklin county, by Dr. Hughes. Sixteen persons there are under treatment for that disease.

U. S. LABOR MEN REFUSE TO MEET

Washington, D. C., June 28.—The American Federation of Labor has declined to participate in the international conference of trades unions called by the recent Stockholm conference to meet September 17.

Chicago, June 29.—Orders to move to France within the next few weeks have been received by the third reserve regiment of engineers, according to a statement issued by Captain R. D. Black, regimental adjutant today.

The engineers were recruited from six of the big railroads centering in Chicago. They are to be used to operate divisions of railroads establishing connections with the front.

The regiment is recruited to its full war strength, 1,061 men, including officers, with a reserve force ready to take the trip, and is ready for departure at an hour's notice.

Hives, eczema, itch or salt rheum sets you crazy. Can't bear the touch of your clothing. Doan's Ointment is fine for skin itching. All druggists sell it. 50c a box.

Display the American flag, all sizes and prices can be found at the Journal office when desired.

WILSON HALTS DRASTIC BONE DRY MOVEMENT

Fight to Stop Manufacture of Beer Probably Will Be Abandoned in Congress.

Senate Leaders of All Factions Agree to Limit Prohibition to Distilled Spirits.

Washington, D. C., June 29.—Intervention of President Wilson today checked the "bone dry" national prohibition movement in congress. Confinement of prohibition legislation to distilled beverages without interference with manufacture of beer and wines, it is generally agreed, will result.

Prohibition leaders were asked by the president to drop their fight against the manufacture of beer, wines and other light intoxicants. With a formal response from the "drys" deferred, senate leaders of all factions quickly reached an understanding to limit absolute prohibition to distilled spirits.

President Wilson exchanged letters with the Rev. Dr. James Cannon, chairman of the National Anti-Saloon league's legislative committee, and called senate leaders to the White House in his effort to smooth the way for final enactment of the food measure. "Bone dry" legislation was written into the bill before it passed the house and the senate agricultural committee amended the provision to prohibit the manufacture of distilled spirits, but empowered the president to permit the making of beer and wine.

Passage of the food bill early next week is expected. In this letter to Dr. Cannon the president said: "I regard the immediate passage of the bill as of vital consequence to the safety and defense of the nation. Time is the essence and yet it has become evident that heated and protracted debate will delay the passage of the bill indefinitely if the provisions affecting the the manufacture of beer and wines are not retained and insisted upon."

"In these circumstances I have not hesitated to say to members of the senate who have been kind enough to consult me, that it would undoubtedly be in the public interest in this very critical matter if the friends of those provisions should consent to their elimination from the present measure. "Feeling that your committee is actuated by the same patriotic motives that these considerations will seem to you, as they seem to me, to be imperative."

GROWING HOGS. For a hog to be profitable he must be kept growing from birth to marketing age. He cannot be profitable unless he is healthy. He can always be in a profit-producing condition if he is fed B. A. Thomas' Hog Powder. We positively tell you that this remedy prevents cholera, removes worms and cures thumps. If the powder does not make good, we will. H. M. Soennichsen, Puls & Gansemer.

A want ad in the Journal will bring results.

SOLDIERS OF COMPANY C ARE ENTERTAINED AT CHAUTAUQUA

Last evening was soldiers' night at the Chautauqua, as the members of Company C of the Fourth infantry were entertained at the gathering through the courtesy of Attorney A. L. Tidd, who had arranged to have the boys enjoy the very pleasant number offered. This act was one that is deeply appreciated by the boys of the company and one that shows the right spirit, and Lieutenant Kimbrell and the members of his company feel very much pleased at the recognition given them. There were a large number of the boys present to take part in the enjoyment of the evening.

WILKERSON AGAIN TO DISCUSS MURDERS

Red Oak, Ia., June 29.—Handbills have been distributed here and in other points of Montgomery and adjoining counties advertising a mass-meeting to be held at the Beardsley opera house here at 3 o'clock Saturday afternoon.

Detective J. N. Wilkerson has stated that he will discuss the Villisca ax murders and much interest in the meetings has been aroused in Montgomery county, especially in Villisca and Red Oak.

Wilkerson, who has been located here for the past two months, has been extremely active of late, and is understood to have something of interest to spring.

Indications are that the house will be jammed, and delegations are expected from all over the county.

Interest in the Villisca ax murder case has been increased by the approaching trial of Lyn George Kelley, now in jail at Logan, which is scheduled to be held September 4. The same factional divisions of pro-Jones and anti-Jones are evident, the anti-Jones supporters declaring that the Kelley case is a frame and that the itinerant minister had nothing to do with the crime.

Wilkerson is actively engaged in aiding the defense of Kelley, and is said to have gathered some evidence which may aid in clearing the accused man.

FLOATERS ROUNDED UP AND KEPT IN JAIL OVER NIGHT

Last evening two floaters were rounded up by Officer J. W. Elliott and as the men seemed to have no particular destination they were detained over night at the city jail to keep them out of mischief. This morning the two men were escorted to the boundaries of the city by Chief Barclay and sent on their way. One of the men desired to get to Omaha, while the other was desirous of hitting for the east, and both were sent on their way rejoicing. One of the men was in a decided warlike humor and did not relish in the least being ordered to hike, but he followed the request of the police without much persuasion. With the present condition and the demand for men to work there does not seem to be any good reason why these tourists should be kept here several days at the expense of the city when they could be traveling.

VENIZELOS PUTS GREECE INTO WAR

No Declaration, but Recognition That State of War Exists With Central Powers.

DECISIVE ACTION TAKEN BY THE NEW PREMIER

Haig Continues His Pressure—Germans Attack Furiously on Verdun Front.

Athens, June 29.—Though war has not yet been declared, the Greek government considers that a state of war exists since its advent to power yesterday.

The Greek government has broken diplomatic relations with Germany, Austria-Hungary, Bulgaria and Turkey.

HAIG STRIKES SHARPLY.

Takes 2,000 Yards of German First Line Positions Near Oppy.

London, June 29.—An official statement says: "Early last night we attacked and captured the enemy's forward position on a front of about 2,000 yards south and west of Oppy. The whole of our objectives was gained and a number of prisoners and machine guns taken by us."

"Our troops continue to gain ground on a wide front south of the Sauech river and have entered Avion. "A further number of prisoners and six machine guns have been captured in this area."

"A hostile raiding party was repulsed during the night north of Cherisy. We successfully raided the enemy's trenches southeast of Loos."

Paris, June 29.—Picked German troops made a heavy attack last night on the Verdun front near Hill 304 and Avocourt wood, after especially severe shelling.

Today's official statement says the attack was disorganized by the sharp reply of the French artillery and that the Germans obtained a footing at only a few points in the first line.

This morning the Germans made another violent effort east of Hill 304. It failed completely.

The Germans were active on the Aisne front. All their attacks were repulsed.

Night Battle in Storm.

British Headquarters in France, June 29.—(By Associated Press.)—The fighting is more intense in the vicinity of Lenz. The British made a brilliant attack last night during a thunderstorm on a number of the southwestern suburbs of the great mining city. All the first objects of the attack were gained and the indications are that the British are still pushing forward today.

Nearly 200 prisoners already have been collected in the cages and more captives are reported on the way back from the fighting front. A number of machine guns also are reported taken.

The fighting took place in and out among bits of ruined buildings, coleries, pit derricks and the usual litter and paraphernalia of a mining settlement, only in this case the tangle had been made greater by the shell fire of many months.

The bombardment which preceded the attack was carried out on a fairly wide front and was of but slightly less intensity than that which has preceded some of the greater actions on the British front.

A SPLENDID MANAGER.

One of the pleasant features of the chautauqua is the manner in which the management of the affair is being handled, and a great deal of credit for this is due to Mr. C. N. Walton, the platform manager, who is with us for the week of the entertainment. Mr. Walton, who is the superintendent of schools of Wahoo, is a clever gentleman and understands thoroughly the management of an entertainment of this kind, and has added a great deal of pleasure to those who have attended the sessions of the Chautauqua.

WATCH THE LICE

On chicks. These parasites sap the very life blood out of them. Dust the hen at night with A. B. Thomas' Louse Killer and your troubles are ended. It also kills bugs on cucumber, tomato, and squash vines. We sell it to you and if it does not make good, we will. H. M. Soennichsen, Puls & Gansemer.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

Chas. H. Fletcher

In Use For Over 30 Years The Kind You Have Always Bought

THE CENTAUR COMPANY, NEW YORK CITY.
