

ROUSED SLAVS DEAL TEUTONS MIGHTY BLOW

Muscovite Armies Deliver Most Extensive Assault Since the Revolution.

MOVE AGAINST FOES ON THE STRIPA FRONT

They Storm Prussian Positions Along Line of More Than Eighteen Miles.

The soldiers of New Russia have assumed the aggressive.

For the first time since the revolution last March, Russian troops have begun an attack on an extensive scale. Along a front of eighteen and one-half miles in the region of Brzezany, Galicia, Russian troops have stormed the German positions.

Berlin says the Russians suffered heavy losses and were compelled to retire before the German fire. The attack was made in the section southeast of Lemberg, where the artillery firing has been heavy recently.

The Russians also made night attacks on both sides of Brzezany and near Zyzyn, and Berlin reports assaults between Zlota Lipa and the Narayuvka. The artillery arm of the Russian forces has been active and from the Berlin report it is learned that an intense duel has been in progress from the region of Brzezany to as far northward as the Middle Stokhod in Volhynia, a distance of about 175 miles. Brzezany is one of the keys to Lemberg, the Galician capital.

Berlin declares that the Russian attacks, which it says were powerful, were brought about through the pressure of the leading entente powers.

Field Marshal Haig continues to tighten his grip on Lens. On the north bank of the River Souchez, British troops have captured German positions on a front of half a mile southwest and west of Lens.

The British army during June captured 8,686 German prisoners, including 175 officers and sixty-seven guns, including two heavy guns, as well as much other war material.

The French and Germans continue to battle at various points on the front from Cerny to the Verdun region. East of Cerny the French have repulsed German attacks and in the region of Prunay, east of Rheims a German surprise attack was thrown back with heavy losses. On the left bank of the Meuse the fighting has brought no change in position.

Russians Are Attacking.

Berlin (Via London), July 1.—The Russian troops in the eastern theater of the war have opened a heavy attack on the Germans along the Stripa front.

They stormed the German positions along an eighteen - and - a - half-mile line, but, according to the official German report, met with heavy losses and were forced to retire.

This was the most expensive attack delivered by the Russians since the revolution.

FIFTEEN KILLED WHEN TANKS FALL ON SHIP

Thirteen Injured, Some Serious, as Result of Milwaukee Dock Disaster.

Milwaukee, Wis., July 1.—Fifteen persons, nine men and six women, dead and thirteen injured, some seriously, comprise the latest list of casualties from the falling of a big water tank, supported by steel framework at the edge of the Milwaukee river, onto the steamer Christopher Columbus, crashing through three decks and then sliding into the river yesterday when the big excursion steamer was being swung around by two tugs prior to its return to Chicago.

The local bureau of the federal steamboat service started an investigation this afternoon for the department of commerce. It was said the result of the inquiry will be forwarded to Washington when completed.

TURNS OVER ON EDGE OF WHIRLPOOL RAPIDS

Many Injured When Hurled Into River—Belt Line Track Gives Way.

Niagara Falls, N. Y., July 1.—A Belt Line car on the Great Gorge route left the rails, plunged down a twenty-foot embankment and turned over in ten feet of water on the edge of the whirlpool rapids at 3:30 o'clock this afternoon.

Nine persons are known to be dead, two persons known to have been on the car have not been seen since the accident and probably are dead, a number estimated at from two to ten are reported missing and more than a score are in hospitals, suffering from injuries received in the accident.

A washout due to recent heavy rains was the cause of the disaster, which occurred just below the cantilever bridge and sixty feet below the point where the smooth water of the upper reaches of the Niagara river break into the turbulent waters of the whirlpool rapids.

The car had all but completed the circuit of the gorge, having crossed from the Canadian side of the river on the trolley bridge at Lewiston. There were about sixty passengers on board, according to general estimates.

The car was running at a speed of twenty miles an hour. Less than half a minute elapsed from the time the motorman felt the first sway until the car was bottom side up on the edge of the rushing rapids. As it slipped down the twenty-foot incline from the tracks to the edge of the river, screaming men and women fought to escape and some of them were able to get free, but were unable to obtain a footing on the steep bank.

Mad Scramble in Water. There was a mad scramble in the shallow water between the wrecked car and the river bank. From the river side the bodies of at least two of the passengers were seen to be caught in the swift waters and were carried down to the whirlpool.

Members of a national guard regiment who were on guard at the bridge saw the accident and were the first to the rescue. The soldiers slid down the bank into the river and worked in water up to their waists getting injured passengers free from the wreckage and passing them up the bank, where an emergency car had been placed to carry them to the Niagara Falls hospital.

The supports of the roof on the forward part of the car had been crushed by the impact on the rocks on the river bottom, throwing the seats together. This pinioned many of the passengers below the surface of the water, and it was in this section of the car that most of the fatalities occurred.

A FAIR WARNING

One That Should Be Heeded by Plattsmouth Residents.

Frequently the first sign of kidney trouble is a slight ache or pain in the loins. Neglect of this warning makes the way easy for more serious troubles—dropsy, gravel, Bright's disease. 'Tis well to pay attention to the first sign. Weak kidneys generally grow weaker and delay is often dangerous. Residents of this community place reliance in Doan's Kidney Pills. This tested remedy has been used in kidney trouble over 50 years—is recommended all over the civilized world. Read the following Plattsmouth proof of their merit.

Mrs. J. M. Hiber, 1403 Vine street, Plattsmouth, says: "Once in a while I get a dull ache across my kidneys, but a few doses of Doan's Kidney Pills soon overcome this trouble. I couldn't recommend a better medicine for the backache and any other symptom of kidney complaint."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hiber had. Foster-Milburn Co., Props., Buffalo, N. Y.

SOCIALIST PEACE PARADE AT BOSTON WAS BROKEN UP

Boston, Mass., July 1. — Riotous scenes attended a socialist parade today which was announced as a peace demonstration. The ranks of the marchers were broken up by a self-organized squad of uniformed soldiers and sailors, red flags and banners socialist mottoes were trampled on, and literature and furnishings in the socialist headquarters in Park square were thrown into the street and burned.

Police reserves stopped the rioting after it had been in progress an hour and a half. Many arrests were made.

The police took into custody some of the participants in hundreds of fist fights that were waged on the common and in the line of the parade, while agents of the federal department of justice, under direction of Assistant District Attorney Goldberg, arrested several persons alleged to have made unpatriotic speeches. None of the soldiers and sailors was arrested.

The procession consisted of hundreds of men and women, many of whom carried babies. Most carried small red flags with white emblematic of the peace demonstration, and there were large banners bearing inscriptions, some of which read: "Russia has a six-hour day. Why not America?" and "Liberty loan a first mortgage on labor." A large American flag was at the head of the procession.

Fifty men in the uniform of naval reservists, national guardsmen, marines and Canadian "kilties" intercepted the procession at the corner of West and Tremont streets and again at the corner of Winter and Tremont streets. In both instances a street fight resulted. Blows were exchanged and flags were snatched from the hands of the marchers, while women in the line screamed in fright.

The American flag at the head of the line was seized by the attacking party and the band, which had been playing "The Marseillaise," with some interruptions, was forced to play "The Star-Spangled Banner," while cheers were given for the flag. Socialist headquarters in Park Square had been destroyed and its contents destroyed by a bonfire.

The peace demonstration was organized at a conference of socialist branches, labor unions and workmen's benefit societies of the metropolitan district, acting under the name of the workmen's council, in imitation of the council of workmen and soldiers of Russia. It was announced that the organization represented 10,000 workmen and that its program would include the peace terms of the Russian workmen, no forcible annexations, no punitive indemnities and free development of all nations.

Speakers announced for the meeting on the Common were James H. Maurer, president of the Pennsylvania Federation of Labor; J. Edward Morgan, of San Francisco; representing the Mooney defense movement, and James O'Neal, state secretary of the Socialist party.

A large assortment of all sizes of American flags can be secured at the Journal office. Call in and see them home.

GERMANS ARE RETREATING ON RUSSIAN FRONT

HINDENBURG URGES

A TRUCE WITH SLAVS

Teuton Armies Building Defensive Far in Rear for Withdrawal. Fraternization Ceases. Offers Armistice.

ALL EXPEDITIONARY

TROOPS IN FRANCE

Muscovite Forces Maintain Heavy Fire Posing General Attack on Enemy.

All of the troops attached to the American expeditionary force have reached France in safety. The transfer, one of the largest ever undertaken by the United States army, was made without the loss or injury of a single American soldier and without any cases of serious illness.

Dispatches filed during the week, released by the censor, say that the trip was made on schedule time and that the American fighters are in splendid trim.

Heaviest fighting in the west is in Verdun sector. Germans made formidable attacks with picked forces, recapturing ground on Dead Man's Hill. Their losses were very great. They also attacked on the Aisne.

British made further progress toward Lens.

Petrograd, July 1.—Renewed activity of the Germans indicated in the reports from the front in the last few days presumably is the result of a revival of the Russian fighting spirit and a joint conviction that a separate peace is impossible.

The correspondent at Minsk of the Birzheviya telegraphs that the Germans who during the period of fraternization almost completely laid bare their battle front, are now feverishly fortifying their trenches and are creating a new defensive line twenty miles behind the first in preparation for a retreat.

Fraternization, the correspondent says, has entirely ceased.

From the Riga front comes a similar report. The Germans there are said to be fortifying their lines and to have been obliged to ask for reinforcements.

Copenhagen, July 1.—It is reported from German sources that Field Marshal von Hindenburg, chief of general staff, in a wireless message has again offered an armistice to Russia. This time his wish is to suspend hostilities during the election of delegates to the Russian constitutional convention.

London, June 30.—There are indications of a return of active operations on the Russian front. The German war office reports that the Russians apparently influenced by pressure exerted by their allies, are maintaining a strong fire over the front of forty miles in eastern Galicia and that a Russian attack evidently is imminent.

The scene of heaviest fighting on the western front is now the Verdun sector. Over the same ground on which they met with such a serious check at the hands of the French last year the Germans are making serious assaults with picked forces.

For the most part their efforts have been ratified by the French, but the Germans succeeded in retaining some conquered ground on the west slope of Dead Man's hill.

On the Aisne front also the Germans are on the offensive. They attacked last night near Cerny and Corbeny, meeting with a devastating French fire, which all but annihilated their storming detachments. Northeast of Cerny they succeeded in gaining a salient which had been levelled by artillery fire.

Whether these operations marked the resumption of a sustained offensive by the Germans is not yet clear. The official German statement throws no light on this subject, merely mentioning the capture of 500 metres of trench line east of Hill 304 and of several French lines south of La Boiville farm on the Aisne front.

Dr. G. H. Gilmore, William Philpot and daughter of Murray, were here last evening to attend the Chautauqua and to visit friends. Miss Helen Hunter of this city returned with the party and will visit at the Philpot home.

DOES BIG CATTLE BUSINESS.

Frank Ronne, one of our extensive cattle feeders northeast of town, was on the Omaha market Tuesday with seventy-nine head of fat cattle that sold for \$13.10, bringing an even \$14,000. These cattle sold for just double the price paid for them when put on the feed and made a gain of 425 pounds per head, which was a profitable gain.

Mr. Ronne has sixty head of steers and eighty head of calves left that are on full feed. Besides these he has put three car loads on the market before. He had fed altogether this season 140 head of steers, thirty head of cows and eighty head of calves, making a total of 250 head, which rates him among the large cattle feeders of the county.—Weeping Water Republican.
