

GERMANS STILL DRIVE RUSSIANS

Disordered Slavs Flee in Face of Fierce Attacks and are Followed by Germans.

Premier Kerensky Unable to Check Mutinous Sentiment and Entire Eastern Front is Endangered.

Notwithstanding the threat of Premier Kerensky that a policy of "blood and iron" is to be applied without restraint against the seditious Russian troops in East Galicia, whose dissatisfaction has made null almost all the brilliant gains they had achieved under his personal leadership early in the month, the Russians continue their retirement, virtually pell before the German and Austro-Hungarian armies.

From the wooded Carpathians to the region of Tarnopol, the forces of General Korniloff almost everywhere are in disorderly retreat, hardly anywhere making an attempt to hold back the oncoming enemy.

Losses Are Heavy. Already the losses of the Russians in men killed, wounded or made prisoner and in guns and stores captured are extremely heavy and these undoubtedly will become greater unless the hoped-for stiffening in the morale of the Russians is realized soon.

Stanislau, the important grain and manufacturing center, is being evacuated by the Russians, while Pochayts, Halicz and other towns have been taken by the Teutons. Tarnopol is more seriously menaced than ever, if it has not already been retaken.

The entire eastern front from the Baltic to the Black Sea is the scene of big operations, with the Russians standing firmly only in the Roumanian theater.

The Russians near Dvinsk and Vilna continue to show signs of disaffection. Although they had attacked and captured German positions along the Dvinsk-Vilna railway, the Russians could not be induced to press their advantage and retired to their old positions. In the repulse of attacks near Kravo, which was recaptured, and south of Smorgon, the Germans cut entire regiments to pieces with their galling fire of the infantry and machine guns.

Stanislau Evacuated. Petrograd, July 24. — Stanislau is being evacuated by the Russians, according to tonight's official statement. The Germans have crossed the Sereth river in the region of Mikulice (south of Tarnopol) defeating Russian detachments. South of the Dniester the Russians are retiring eastward.

After the Russians had occupied the German positions on both sides of Dvinsk-Vilna, the statement says, entire units retired to their original trenches without German pressure. A number of units refused to obey commands during battle.

The official statement issued by the war office tonight says: "Western front: Southwest of Dvinsk our detachments occupied German positions on both sides of the Dvinsk-Vilna railway. After this success entire units, without any pressure on the part of the Germans, returned to their original trenches. A number of these units refused to carry out military commands during the battle.

"Detachments of the Twenty-fourth division, the Tulskey Lovetsky and Sarosky regiments, and the 'Battalion of Death,' acted heroically, and, as at other points, the gallantry of the officers was noteworthy. The losses were large. The chief of the division, General Doljennov, is suffering from gas poisoning.

Receipture Height. "North of Krevo the enemy occupied one height near Bogush, which we captured July 22. The officers with difficulty restrained the men from withdrawing to the rear in great numbers.

"In the region of Mikulice the enemy occupied the village of Volya Masovckaya. On July 23 he occupied Bernadovku, Dorohuv and Burkanuv. Northwest of Buczacz our troops are holding the Gajvoronka-Monasterzyska line.

"South of the Dniester our troops are retiring in an eastern direction. Stanislau is being evacuated.

"Roumanian front: In the region of the village of Demuk a 'Battalion of Death' attacked enemy trenches and after penetrating the fire entanglements entered the trenches and machine guns. The battalion then returned to its own trenches."

E. T. C. CLUB PICNIC. From Wednesday's Daily.

The members of the E. T. C. Kensington club entertained their friends at a delightful picnic supper at the City Park last evening, which proved one of the enjoyable social affairs of the summer season. A few moments were devoted to various outdoor amusements, interspersed with social conversation, which afforded this jolly club and their friends much pleasure.

At an appointed time supper was announced and all gathered about the festive spread to do ample justice to the many good things to eat. The remainder of the evening was spent in enjoying the cooling breezes at the park and participating in a social time. The out-of-town guest was Carl Whisnand of Hastings, who is visiting Mr. and Mrs. R. W. Knorr.

MAKING THE DIRT FIY. J. H. McMaken & Sons are literally making the dirt fly in the excavation for their new garage, which they are building on Washington avenue. The structure, which is to be of generous proportions, is beginning to show signs of advancement and will in a short time assume the proportions of an immense structure, and will add greatly to the appearance of that portion of the city, as well as be an advertisement for Plattsmouth, being as it is, on the Washington Highway and King of Trails.

RECEIVES INJURY AT BURLINGTON SHOPS. From Wednesday's Daily.

Yesterday while Elwood Buttery was engaged in working at the Burlington shops and was operating an air riveter, a piece of rivet flew off when the hammer struck it, striking Mr. Buttery on the upper lip and cutting a gash nearly to the bone. It required several stitches to close the wound, and Elwood is taking an enforced layoff until he is again able to take up his duties.

RAISES NICE SPRING WHEAT. From Wednesday's Daily.

John Meisinger, Jr., living about eight miles west of Plattsmouth, was in the city last evening doing some trading with the merchants and looking after other business matters, and brought with him some of the wheat he raised this summer, having sown it to replace the winter wheat which was frozen out. The sample was of excellent quality, while the heads were not so long, they were filled with plump, well filled grains.

LEE SHARP INVENTS

NEW SAFETY DEVICE

FOR FORD MACHINES

We dropped into the Western Machine and Foundry company works yesterday afternoon and found everybody busy and happy. The workmen were just placing a new device on a Ford car, to prevent injury when it kicks at the time of cranking the engine. The device is one which takes the place of the ordinary crank on all Fords, and is a crank which fits on the crank shaft of the engine, and has in addition a device in the shape of a ratchet and dog, which, when the crank is turned to the right allows it to work freely, but will not allow the crank to turn to the left or backward. The continued reports of people getting their arms and wrists broken by the kick from the engine stimulated Mr. Sharpe, the owner of the device, to apply himself to the making of something which would save the people who found it necessary to crank their Fords from injury. The result is that he perfected this device. Mr. Sharpe expects immediately to construct 10,000 of these safety cranks, and will have them on the market as soon as the workmen can manufacture them.

MRS. HARVEY GREGG VERY LOW. Mrs. Harvey Gregg, who has been sick at her country home near Murray, for the past year, and who was in Plattsmouth for a time last winter who later had to undergo an operation for relief, is now very low with tuberculosis. For the past few days she has been in such a critical condition that she has not known anyone about her, not her most intimate friends, and but little hope is entertained that she will recover.

CHILD DIES IN COUNCIL BLUFFS. From Wednesday's Daily.

The little child of Mr. and Mrs. Fred Davis which was mentioned in yesterday's paper as being very sick at the home of his parents, in Council Bluffs, Ia., died yesterday, and the funeral was held this afternoon. J. R. Lee, with his daughter, Mildred, and little son, Paul, and Grandma Sarah Gouchenour, as well as Mrs. Gouchenour were passengers to Council Bluffs via Omaha this morning, and will be in attendance at the funeral. The child, Jimmie, who was between 2 and 3 years of age, it seems, became affected by eating watermelon on Sunday, and the trouble grew worse, until death called him.

WILL RAISE CABBAGE THIS SUMMER. The Plattsmouth Cabbage Raising corporation, which consists of several of Plattsmouth's enterprising men, capitalists and laborers, expect to make their sand-bar bloom like a rose. Geo. McDaniel, Bruce Wells, Antone Nitka and B. Golding compose the investors and back-bone of the enterprise, and have rented five acres of the Wm. Burk ranch next to the river, and will put out forty thousand choice cabbage plants, which they now have growing in beds on Winterstein hill.

WOODMAN CIRCLE LAST NIGHT. From Wednesday's Daily.

Last evening the Woodmen Circle held a short but interesting session, when they obligated four candidates, who will be given the mysteries of the initiation at the next meeting. Mrs. Joseph Droeger, who is the deputy organizer of this place, is doing good work for the order and is adding many members to that branch of the Woodmen.

E. J. Moughey, one of the Journal's valued friends from near Union, was in the city today looking after some business matters and was a pleasant caller at this office. He was accompanied by his two daughters, Miss Grace and Naoma; also his niece, Miss Florence Moughey, of Kearney, Neb., who has been visiting at his home. They drove up in the auto.

PICNIC SUPPER. From Wednesday's Daily.

The E. T. C. last evening had a very enjoyable time at Garfield park, where they met with their husbands, had their supper there, and enjoyed the coolness of the place, which is so situated that a good breeze is afforded, making the occasion one most enjoyable. Among the other things, the played games, which were enjoyed by the children and "grown-ups" alike, as well as singing old-time familiar songs, extending their meeting until the stars began to glow.

"AND YOU MISS THE WATER WHEN THE FOUNT RUNS DRY"

The Water gang of the Burlington, which has charge of the water supply for this division, came in this morning and are looking after the water which comes from the spring up near the old O'Neill place, which legend has said, that "if a man drink from that, thereafter he cannot leave Plattsmouth and stay away longer than six months at one time." The supply from the spring which causes the sanitary fountain at the Burlington passenger station to bubble up with its supply of pure water, has in some way gotten obstructed, and there is no water there. And you do miss the water until the fountain runs dry.

ADJUDGED INSANE BY BOARD. From Wednesday's Daily.

Fred Sea was picked up by the officers this morning, and upon examination it was thought that he was not of right mind, and was therefore brought before the insanity board by the sheriff, and upon examination was sentenced to the state hospital for treatment. Mr. Sea said his home was in Meadville, Pa., which he left about a week ago, and that he was married, having a wife and four small girls. He claimed to be an electrician and said he was working at Meadville before he left, but could tell only a very incoherent story of himself. He will soon be removed to the state hospital at Lincoln, and is now confined in the county jail.

SAVE YOUR OLD MAGAZINES. When you have read your magazine place a 1-cent stamp on it and take it to the postoffice, and it will be sent to some soldier that he may read it. You do not need to place any address on it, just a 1-cent stamp, and it does not matter if the magazine weighs more than the regulation amount. Take it to any postoffice, the one which is most convenient.
