TO RAISE PART OF 16 BILLIONS BY BOND ISSUE

Administration Tells Congress Must Get \$7,000,000,000 by Taxes or Securities Sales.

Expenses Exclusive of Loans to Allies Will Be More Than Ten Billions.

Washington, D. C., July 27.—Estimating the cost of the war for the coming year at 10,735,807,000 exclusive of loans to the allies, the administration informed congress today that new revenues totalling \$7,000,000,000 must be raised from taxation or issuance of securities.

If advancement of credit to the allies is continued at the present rate the year's total of war expenditures will pass \$16,000,000,000 and the amount of additional revenue required will increase accordingly.

How congress will meet the enormous new revenue requirements remains to be determined, but there is a distinct sentiment in favor of offsetting most of the expenditures by bond issues.

Many leaders on both sides of the capital predicted tonight that not more than \$2,000,000,000 of the \$7,000,000,000 asked would be raised by taxation and that the remainder might be met partially by bond sales and partially by issuance of treasury certificates of indebtedness.

Equipment and stores for the national army, particularly artillery, will require the lion's share of appropriations under the administration's estimates. Of the year's total of \$10,735,807,000 the war department alone expects to spend \$7,864,240,000, or \$5,319,000,000 more than has been appropriated thus far for its expenses during the year.

The navy expects to spend \$1,200,000,000, of which \$288,000,000 remains to be appropriated. The shipping board whose ship building projects place it third on the list, expects to spend \$799,000,000, of which \$350,000,000 remains to be appropriated.

These figures cover the cost of the war from July 1st to June 30 next. They do not include the money spent prior to the first of this month.

Estimated receipts for the year placed by Secretary McAdoo in transmitting the estimates to the house ways and means and senate finance committees at \$1,333,500,000. This estimate of receipts did not include revenues to be raised under the pending war tax bill, estimated by democratic leaders in congress at \$1,570,670,000. Revision of the bill will begin immediately to embody whatever additional taxation it may be deemed best to impose as a result of the new estimates.

Tremendous as are the estimated expenses of the government for the year, the appropriations actually sought by the various departments are placed above these totals in order to provide a margin of safety.

Thus the war department, expecting to spend \$7,864,240,000, asks for appropriations totalling \$8,673,368,000, and the navy department, estimating its expenditures at \$1,200,000,000, asks for appropriations of \$1,324,178,000.

Total appropriations sought by all departments aggregated \$11,651,193,993, or nearly \$1,000,000,000 more than estimated expenditures.

Should this sum be authorized by congress, with an additional \$4,500,000,000 for the allies which, would be necessary to keep up the present rate of loans totaling \$500,000,000 a month, the total to be raised by bond issues and additional taxation for the current year would be more than \$16,000,000,000. It has been indicated that additional authorization for loans will not be requested of congress until the new session begins in December.

RETURNS FROM WEST.

From Saturday's Daily.
 Frank E. Schlater, who with L. C. Stull, Joe Zimmerer and Billy Wolf, the two latter from Avoca, have been in the west for the past week, returned home last evening looking as brown as a berry from the effects of the sun. Mr. Schlater, who was at the Pioneer Days' celebration at Cheyenne, Wyo., tells of a large crowd there and of everybody having a good time. Mr. Schlater and party visited at Grant, Ogalalla and many other places while in the west, and find things looking nice, and especially the spring wheat, which is all in the shock. The corn also is looking fine, but is beginning to show the need of rain.

FRESH REVOLT IN PETROGRAD IS SUPPRESSED

New Demonstration by Extremists is Put Down by Government Troops.

SITUATION ON FRONT REPORTED IMPROVED

Generals Ordered to Recapture Tarnopol; Kronstadt Asked to Deliver Up Agitators.

London, July 27.—Fresh and violent fighting occurred in the streets of Petrograd the last two days, according to a dispatch from Petrograd to the Copenhagen Berlingski Tidende, transmitted by the Exchange Telegraph company yesterday.

The extreme socialists organized a great revolt, the dispatch adds, but the government troops immediately interfered and the riot was suppressed after lively fighting.

Petrograd, July 27.—The extreme gravity of the country's position in the front impels Premier Kerensky to convolve July 31 at Moscow the "extraordinary national council." All members of the duma, prominent men from chief centers of the empire, representatives of the Zemstvos, Municipalities, labor unions, and universities will participate.

The council will hold two sessions at which the government will be asked to make an exhaustive report on the condition of the country and answer questions and ask opinions of authoritative persons on how best to save the fatherland from ruin.

Explaining the scheme today, Premier Kerensky declared that attempts to move the revolution backwards were impossible. Conspiracies to restore monarchical government "will be suppressed in the most determined and merciless way."

As an indication of the new policy and firm measures to be taken Kronstadt received an ultimatum to hand over three of the chief Bolshevik agitators, including the notorious Roschal. In case of a refusal the island will be declared blockaded.

The evening newspapers declare the position on the front is somewhat improved. As the evacuation of Tarnopol is considered to have been premature, Russian generals have been ordered to recapture the town.

DEATH PENALTY RE-ESTABLISHED TO CURE RUSSIA

On Advice of Commanders Who Are Dealing With Insubordination in Army.

Such details of the Russian retreat in eastern Galicia as are now coming to hand do not tend to minimize the seriousness of the situation. Special dispatches report the losses in heavy artillery will be tremendous, and express doubt as to the ability of the infantry of the Russian eighth army to make good its retreat.

There is still an absence of assurances that the Russian commander of the Russian armies taking part in the backward movement have succeeded in getting their refractor, troops in hand.

Indications are not wanting, however, that the process is well under way. There comes through Petrograd for instance, the report that General Korniloff's drastic measures have included the blowing to pieces of an entire division of traitorous troops of the eleventh army by its own artillery.

What may prove to be a saving feature of the situation is the firmness of the Russian armies both to the north and the south in the field retreat. There has been no suggestion of any yielding tendency of Russian forces in Volhynia, just to the north of the affected sector, while to the south the Russian troops are not only standing fast as far as they are able but are co-operating with the Rumanians in a successful offensive movement on the Moldavian frontier.

Petrograd, July 26.—The commander in chief and the commander of the various armies at the front having insisted that restoration of discipline in the army inevitably would necessitate infliction of the death penalty, the government has agreed unanimously to restore capital punishment.

The measure is of temporary character, to have effect until the end of the military operations.

The inquiry into the recent disorders here is being continued energetically under the supervision of the public prosecutor. The authorities are taking measures to discover and bring to justice all organizers of and participants in the revolt.

A telegram from Helsingford says that the Russian warships, Slava, R public and Petropaulsk, which were involved in the recent disaffection of men in the Baltic fleet, have been recalled to favor in consequence of Premier Kerensky's order concerning the dissolution of the central committee of the Baltic fleet. The committee flag on the yacht Polar Star, which formerly belonged to Emperor Nicholas, has been lowered.

General Polovosteff, military governor of Petrograd, who recently was severely denounced by Minister of War Kerensky for failing to put down rioting in the capital, has resigned. General Erdelli, commander of the Eleventh army, has been appointed his successor.

Prof. Richardson was elected a principal of the high school some time since, and comes to make his home here as a citizen of our city and will work in the interest of the schools, and the city as well.

MEETING OF SWINE RAISERS.

Meeting to be held at Weeping Water for organizing swine raisers to control hog cholera in Cass county. Representative swine breeders from each precinct urged to be present.

At 2:30 p. m., Saturday, August 3 a meeting will be held at the opera house at Weeping Water for the purpose of perfecting a farmers' organization to work along lines of hog cholera control and reduce losses from that disease.

This work, which is conducted by the United States Bureau of Animal Industry, Extension Division of the College of Agriculture, and the State Live Stock Sanitary board co-operating with the farmers, has been carried on in northern Gage and Johnson counties since 1904, and has proved very effective in controlling the disease.

It is important that a delegation of swine breeders from each precinct in the county be present at this meeting in order to get a complete organization.

Greatly Chagrined When They Find They Have Surrendered to Fair Fighters; Thousands Greet Battalion.

London, July 27.—A dispatch to the Exchange Telegraph from Petrograd dated Thursday, says: "Ensign Mile. Vera Butchkareff, commander of the Russian women's battalion, offering from shock as a result of being shelled, and about a dozen other members of the battalion, who were wounded during the recent fighting, have been sent to Minsk."

"When they reached Poltava, they were welcomed by 100,000 citizens and soldiers."
 "It is said the women attacked the Germans after the Russian male soldiers had deserted, rushing forward impetuously and firing their rifles with deadly effect."
 "Their German prisoners were greatly chagrined when they learned the sex of their captors."

RUMANIANS WIN TEN TOWNS FROM TEUTON ENEMIES

Jassy, Rumania, Thursday, July 26.—The occupation of ten villages by the Rumanians in their new offensive is announced by the war office. The Austro-German forces retired in disorder.

Paris, July 27.—In the Champagne last night the Germans, after an intense bombardment, carried out five successive attacks on the French positions near Moronvilliers. The war office announces that they were broken up by the French fire.

British Headquarters in France, July 27.—The Germans suffered heavy casualties as the result of the British artillery fire which was turned on No-Man's-Land and further back. Many German dead were seen lying in front of the British trenches.

The enemy artillery continued exceptionally active near the coast last night. Nieupert was heavily shelled and a number of gas shells were thrown on Dunkirk. The British artillery responded vigorously.

Further down the line the Germans shelled Oostverne and the back areas west of Wytshate, as well as the trenches near Bullecourt and Arras.

The Misses Rose May and Claire Creamer departed for Omaha this afternoon where they will visit with friends for a short time and then go to Lincoln for a short visit also before they return home.
