Known To The Nation As The Sensible Six

\$945 F. O. B. FACTORY.

Possesses important feature of design which are found also in those higher priced cars as embodying the very latest and best engineering practices. These superior features, which for two years have distinguished the Oakland Six as a car of unusually advanced design, and which are now employed in the latest models of many of the more costly cars, not to be found in their entirety, in any of the other cars in the Oakland price-class. As a result, the Oakland Sensible Six, in the estimation of the buying public, is raised above the plane of its price, and naturally is compared to and competes with cars of considerable higher price than its own.

Do You Know Your Business

Not many days since, while we were looking after the illusive item, and they are illusive, for sure, we dropped into conversation with a young man, or rather a boy, for he will not have reached man's estate for a few years yet. When we inquired where he was going, he said "To Havelock, where I am going to try to get to learn a trade." We liked this, for this young man to be imbued with the idea of selecting a vocation for life, and then knowing all there is to know of that vocation. We slapped him on the shoulder and said, "Good for you, my lad." We like that idea, that a young man shall want to know how to do the thing best, which he is to do. Be prepared for any and all emergencies which may come your way in life. When you have decided what you would like to do in life, then prepare for that job, know all about it there is to know, and keep on learning even after you have begun to work at it as life's vocation. There are plenty of things which one can do in this world, and of all these, you have your choice, chosen well, and when the choice has been made, push your investigation of all the ways of performing the work in your line the best, and no one can prevent you from achieving success. It has been said and truly, too, "that the man who does anything better than the others will have the world make a pathway to his door," and we believe this is so. Whatever your task may be, and you may choose it—fall in love with it, for it is yours for life, and you should be on speaking terms with what you do. Know it, and know it well, and "the world is yours."

ELECT NEW CHIEF.

With the acceptance of a position as switchman in the local Burlington yards by Percy H. Fields, it becomes necessary for him to relinquish his position as chief of the fire department of the city. He therefore has offered his resignation, which at the meeting last evening was accepted and steps taken to fill the position. There being a number of candidates the contest was looked to be warmly contested, but a canvass of the members showed that Dr. Oscar Sandin was the man most desired, and he received the plumb, if it can be called that, for a great deal of sacrifice is necessary in the execution of this office to the best interests of all concerned. The other officers are, Joe Sabatka, president, and Gay Chossen, secretary.

VISITS FORMER HOME.

Mr. George Stamm, wife and little daughter, Susie, arrived in Plattsmouth this morning from their home in Moline, Ill., where Mr. Stamm is employed as a boiler maker for the Rock Island railway, and will visit for some time with Mr. Stamm's grandmother, Mrs. August Rheinacle, and aunt and uncle, Miss Katie and Albert Rheinacle. Mr. Stamm was born here and grew almost to manhood, when he with his mother removed to Havelock, but later, after learning his trade, went to Moline, Ill. He and wife will visit here for some time, and will renew his acquaintance with his many friends in this city.

Mrs. I. C. Yant, of Louisville, and Miss Grace Clow, of Chicago, visited in this city yesterday, being guests of Mrs. T. E. Parmele.

OLD LADY FEELING FINE

After Taking Four Bottles Of Cardui, The Woman's Tonic.

Cobden, Ill.—"Having used Cardui, the woman's tonic, in my family, for a number of years," writes Mrs. Kate Metz, of this town, "and always with such good results, I feel it my duty to write you about it, so that you may publish my letter.

My mother is living with me, and she is 52 years old. For the last three or four years, she has been troubled a great deal with cramping spells, and for days at a time, she would have a severe headache.

She read of how much Cardui had helped other women who were sick and ailing, and decided to give it a trial. She began taking it three times a day, and since then has been getting along simply fine.

Mother only used four bottles of Cardui, but she is no longer troubled with the severe headaches, and her stomach is so much stronger that she can eat most anything.

We both feel that any lady who is not strong and well, would be greatly benefited by the use of Cardui. Try Cardui. NCS

A GOOD FARMER.

James Delesdernier and George H. Stoehr and family, from near Elmwood, were in the city for a few hours yesterday, driving down in the car of Mr. Delesdernier. They were pleasant callers at this office, and in conversation with Mr. Stoehr, he informs us that he will have to find a new home the coming season, as the farm he is renting changes hands, and he is looking for a farm to rent. Such farmers as Mr. Stoehr and family will sure have no trouble in locating a farm. If there are any farms at all to be rented in the country.

BY AUTO TO CHICAGO.

Last evening a party of four young men departed with a car for Chicago, where they will meet Groverney Dovey, who will return with them. The party consisted of Pollock Parmele, Geo. O. Dovey, Will Richardson of Mynard and Will Goehner of Seward.

DR. COOK SELLS HOME.

Dr. E. W. Cook has disposed of his elegant home in this city, as he will be away for a number of years and did not care to rent it. Mr. L. C. Sharpe is the purchaser, and the residence, which is centrally located and finely appointed, will make Mr. Sharpe a most convenient and delightful place to live. The consideration was \$6,500.

SPENDS VACATION IN MISSOURI.

Aubrey Duxbury, the efficient salesman in the grocery department of the H. M. Soemichsen store, departed yesterday afternoon for St. Joseph, Mo., where he will visit with his father, Mr. Frank Duxbury, for some time, and see the sights in St. Joseph, after which he will go to Albany, where he will visit with other relatives before returning home.

NEW HOME ALMOST FINISHED.

Walter Propst, who lives six miles west of Plattsmouth, is just completing a new house for a home, which is to be one of great convenience and utility as well as beautiful. The building, which contains eight rooms, was constructed by T. J. Isner and his coeerie of accomplished workmen, C. A. Welch and Charles Hitt. The building is just now ready for the plasterers, and J. W. Kinser will begin today on that portion of the work. M. M. Beal will do the painting and decorating. Mr. Isner and workmen are just now getting the barn frame raised, and will have it enclosed in a short time. Mr. Propst with all new buildings will have a very nicely appointed and convenient farm home.

Go to Chase county with Rosenrains Sunday evening and look over the farms he has for sale. The price is right.
