GERMANS ARE REPULSED ON THREE FRONTS

Teuton's Violent Bombardments on French Trenches are Checked—Move Was Costly.

RUSSIANS HOLD LINES IN ATTACK AT VILNA

British Storm Foes' Trenches on the Somme and Inflict Very Heavy Losses on Germans.

The British and French in Flanders and in the vicinity of Lens are engaged in consolidating positions won last week from Crown Prince Rupprecht. The British near Ypres have made a further advance on a mile front to a depth of about 500 yards and also in the Somme region have renewed their attacks with advantage. In the latter maneuver the British took positions near Epehy and inflicted heavy losses on the Germans.

LIKE THE COUNTRY FINE.

A letter from Mrs. Ada Bestor, mother of Frank M. and Chas. Bestor, from the west, where she is visiting with her sister, Mrs. Carrie Donnelly, at Sumas, Wash., which is just across from the Canadian border, says: "This is the finest country which I have ever seen, with an abundance of fruits and flowers, and crops of all kinds, and the air is delightful, being just warm enough and with the spicy tonic of the mountains in it, which makes one wake up in the mornings feeling fresh and rested. I had intended to have visited here three months when I came, but now have decided to stay during the winter, when my sister will return home with me for the summer."

AT CHRISTIAN CHURCH LAST NIGHT.

Last evening at the Christian church was held what is known as educational day service, and was devoted to the reviewing of the work of the church along that line. The new quartet rendered two very delightful numbers, which were appreciated by those present, as were also the numbers given by the chorus, which is in charge of Mrs. Hargett. Mr. George W. Tidd, who is connected with the Phillips university, a Christian college at Enid, Okla., was the principal speaker and his address was a very able one, being a review of the organization of the institution and its work. This institution was founded about twenty years ago, the funds being furnished by a man by the name of Phillips, living in Cleveland, O. A Dr. Zollers was sent out west by this man Phillips, and directed to find a place where an institution could be profitably located. This was done, and Mr. Phillips being a member of the Christian church, had the university organized as a Christian church school, and which has been doing a good work along educational lines in all branches of learning, as well as giving each one a good Christian education, with a correct understanding of the Bible as the first point to be considered. He also spoke in reference to Cotner university, of this state, and Drake university of Des Moines, Ia., both being schools of this church.

LINCOLN AROUSED BY RELEASE OF BOWMAN

Daily Star Takes U. S. District Attorney to Task for Leniency.

Friends of Allen Say Stories of Alleged Disloyalty Exaggerated.

Lincoln, Neb., Aug. 19.—The release of Martin Bowman, wealthy Hubbell, Neb., man, of German parentage, who was taken in charge some weeks ago on a charge of being an alien enemy, after it was reported he had cursed President Wilson as a "murderer," called civil war veterans in a Memorial day parade "murderers" and stigmatized the American flag as a "dirty rag," has stirred up a hornet's nest here.

The Lincoln Daily Star is charging that T. S. Allen, United States district attorney, has been too lenient in prosecuting the charges against German born citizens who evince disloyalty. Friends of Mr. Allen insist that many of the stories of alleged disloyalty are exaggerated, while in other cases it has been impossible to prosecute because the alleged offense is not covered by any law.

In Bowman's case the Star charges that District Attorney Allen informed a reporter for that paper that Bowman had been taken in charge on an alien enemy charge and would not be allowed an attorney unless the government should see fit to grant him one.

No Announcement of Release. No official announcement was made of Bowman's release, until it accidentally leaked out. The district attorney said that it was not customary to announce such matters. Bowman, in addition to having expressed very bitter sentiments against the government, it is charged, took an active part in opposing the draft. He is now in South Dakota.

The ostensible reason for letting Bowman out of jail and allowing him to go to South Dakota, it is said, was that he had been discovered to be in fact not an alien, but a citizen of the United States. Judge E. O. Kretzinger of Beatrice appeared in the Bowman case as counsel for the defendant. How he came to become counsel and whether the government directed Bowman be allowed an attorney has not been disclosed.

With Kretzinger on the scene, however, the plea was made that Bowman secured citizenship under a decision rendered in the case of former Governor Boyd. The Star disputes that the Boyd case applies to Bowman, however, pointing out that Boyd came to Nebraska during the pioneer days and while the state was yet a territory, rendering yoman service in those stressful times and ably supporting his government in all things.

Paragraph Referred To. It was under the act admitting Nebraska into the union that the United States supreme court declared Governor Boyd was a citizen, the Star contends, pointing to this paragraph in the opinion: "Within the meaning and intent of the act of congress, he (Boyd) became a citizen of the United States and the state of Nebraska under the organization and enabling acts of congress admitting that state to the union."

Bowman came to America several years ago with his father and mother. Bowman took out a declaration of citizenship but never completed it and it is contended that under the more recent ruling of the naturalization authorities, where one does not complete his citizenship within seven years after the declaration, it becomes null and the applicant must start all over again.

In this instance, where Bowman failed to complete his citizenship, it is argued that Bowman is in fact a citizen of Germany.

Importance was attached to the fact that Bowman held several minor offices on the school board and as a town trustee.

Mr. and Mrs. P. E. Ruffner returned home this noon from Omaha, where they had been spending Sunday with their son, Horace Ruffner, who is camping out at Carter Lake. For Sale—A cottage on monthly payments. Will exchange some acreage for inside property. R. B. Windham. 8-20-4td.

WILSON TO ORDER U. S. COAL CONTROL

Expect President to Put Distribution and Price Control Under a Federal Agency.

Action Will Probably be Taken by Tomorrow, at the Latest.

Washington, D. C., Aug. 19.—President Wilson next Monday or Tuesday will order government control over coal distribution and coal prices. Lower coal prices to American homes are certain.

The revolutionary action by which the government will fix coal prices from the mine to the consumer and decide who shall have priority is expected to be taken in the following manner:

The president, under the law, may "require any or all producers of coal and coke to sell their products only to the United States, through an agency he designates, which will regulate the re-sale, prices, production and distribution."

The law provides that "in fixing maximum prices for purchasers the commission shall allow the cost of production, including the expense of operation, maintenance, depreciation and depletion and shall add thereto a just and reasonable profit." A similar provision covers dealers. Or, under the Pomerane amendment to the food control law, the president may clothe the federal trade commission with powers to "fix the prices of coal, coke, regulate production, sale, shipment, distribution, apportionment or storage thereof, among dealers and consumers, domestic or foreign."

May Commandeer Mines. Commandeering of their mines may face any coal operators resisting this control.

That the president will unload the great task of fuel control on the federal trade commission is inconceivable to those familiar with the vast work that body is now doing. It would be a physical impossibility for the commission with its present government investigations to undertake the new task.

The machinery is available, however, for the creation of a virtual fuel dictator, a distinct organization similar to the present wheat purchasing board of the food department—and this is the method the president is expected to recommend.

The president's call at the office of R. S. Lovett, priority expert of the war industries boards, foreshadows an order to railroad and coal men in certain territory to expedite shipments to great lakes regions in order to relieve a threatened famine in the northwest. The railroads war board requested such action tonight.

The visit to Lovett's headquarters followed a call on the trade commission, where the president received preliminary figures on its coal seat investigation.

The coal operators failing to adjust the situation voluntarily, or to satisfy the growing demand throughout the country for definite action, the president decided to step in. His orders will set at rest all uncertainty over prices and delay in getting in coal reserves.

A wanted ad will bring what you want.

Summer Complaint.

During the hot weather of the summer months some member of almost every family is likely to be troubled with an unnatural looseness of the bowels, and it is of the greatest importance that this be treated promptly, which can only be done when the medicine is kept at hand. Mrs. F. F. Scott, Scottsville, N. Y., states, "I first used Chamberlain's Colic and Diarrhoea Remedy as much as five years ago. At that time I had a severe attack of summer complaint and was suffering intense pain. One dose relieved me. Other members of my family have since used it with like results."

UNION PACIFIC ENGINEERS.

There promises to be a great game of ball next Sunday if the people come who are listed. Yesterday they played at Lexington, and if they won there it will be the thirteenth game straight they have won, for they previously held twelve to their credit. The Union Pacific Engineers have been playing ball and if the Red Sox are to win this game next Sunday they will have to go some.

MOTOR TO SHENANDOAH.

Mr. and Mrs. Lee Cotner and children, Gladys and Arthur, together with Henry Trout, left last Wednesday morning for Shenandoah, Iowa, in their Overland car, where they will visit for a few days with Mrs. Cotner's sister, Mrs. George Cunningham and also to attend the fair, which was held there last week. Mr. Cotner returned home on the train Thursday to resume his work and the remainder of the party returned yesterday in the car.

LOST OR STRAYED.

From my home, one mile northwest of Mynard, a yearling heifer, branded "S" on right hip. Anyone knowing anything as to its whereabouts, notify Albert Satchell or call Phone 2205. 8-13-4twkly

THE NEW DODGE AGENTS.

The Propst garage, W. E. Propst, proprietor, has added to the cars which they have been handling the famous Dodge Brothers' line, which is well known and which has introduced itself into the very good will of the buying public, in a way which make the obtaining of enough of the cars to supply the demand a difficult problem. The Dodge car is one of the best which is being made, a car easily controlled, and safe for women, and is known as a "Ladies' Car" from its easily controlled feature and its safety in operation. As to consumption of gas, on ordinary roads, where the ground is any way smooth, no matter if there are a number of hills, which it climbs easily, it will make from eighteen to twenty-six miles to a gallon of gasoline. The easy riding qualities are a feature which speak for itself, and one has only to ride in one to know what they are. When in the market for a car call around, or phone for a demonstration, which will be given and no obligation to buy will be considered. 8-18-1wk

AT THE AIRDOME TONIGHT. Osgood Lenses. All sizes on hand now. T. H. Pollock Auto Co. 8-18-1wk

Verdun Attacks Fail.

On the Aisne front and in the Verdun sector attempts by the German crown prince to break the French lines have met with failure.

There has been a considerable stiffening on the front in Rumania and also in Russia and in the region of Vilna, south of Grozechti, southern Moldavia, the Russians have made a stand against attacks of the Teutonic allies and repulsed them, and in the Slavic sector also have beaten off the invaders. In the Lake Naroc district of the Vilna front German attacks broke down under the Russian barrage fire.

Teuton Workers Ereful.

The present week witnesses the meeting in Berlin of the main committee of the German reichstag. It is considered probable that at this session of the committee the pope's peace proposal will be discussed and that there will be a frank debate on political, military and economic questions.

Meanwhile, reports indicate a resumption of the period of unrest among the German workers. Several hundred men in the Krupp plant at Magedburg have struck because of the arrest of one of their leaders, while the workmen in the Essen, Dusseldorf and Rhine provinces are threatening a walkout on account of a shortage in the potato ration.

THEY WILL HAVE A TIME.

Any one who doubts that Robert Burkel, John Egenberger, Leonard Walling, Herold Crossacre and Carl Thomas will have a time, and the real time of their lives, when they camp down in Henry Timis' pasture all this week, just drop down that way and spend a night with them. They were taking the second load of catables and cooking utensils, as well as camping outfits, when we saw them this afternoon. They are calling their grounds "Moussine Camp" and we do not know what that means, whether it is something good to eat, or an attachment for a Ford car. Anyway we can see that the boys will have a time down there, with nothing to keep the stars from shining into their faces as they sleep except a thin Missouri river fog, and that not covering all over. Well, boys, go to it while you are young, for when you get old the rheumatism won't let you.

RETURNS HOME.

Mrs. John A. Murray, who has been at the Minor-Thornton sanitarium for the past three or four weeks taking treatment for stomach trouble, returned to her home in this city yesterday morning. Mrs. Murray is feeling very much better. Her many friends will be pleased to learn of her return home and glad to know that her health is very much improved, and trust that she may continue to improve.

LOST—One slightly used United States rubber auto tire, size 34x4, complete with inner tube and rim. Non tread. On road west of Murray near the Fred Meisinger place, on Sunday, Aug. 13, 1917. Reward for finder. Notify Albert Shelhorn, or leave at Journal office for reward.

CELEBRATES BIRTHDAY.

Yesterday at the home of Homer Shrader were gathered a number of the friends and relatives of Mr. J. B. Seybolt, of near Murray, who is the father of Mrs. Shrader, where the fifty-fourth birthday of Mr. Seybolt was fittingly celebrated. The birthday did not come until today, but yesterday offered too good an opportunity for the celebration, and it was accordingly observed. Mr. Seybolt and mother came this way and took Mr. and Mrs. A. C. Mutz with them, Mrs. Mutz being a sister of Mr. Seybolt.

Chronic Constipation.

It is by no means an easy matter to cure this disease, but it can be done in most instances by taking Chamberlain's Tablets and complying with the printed directions that accompany each package.

CEMETERY.

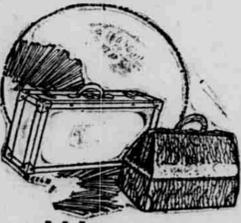

We are now prepared to make your monument, markers and lot corners right at home. Cass County Monument Co., W. T. Wassell, manager. Hotel Riley block, Plattsmouth, Neb.

OLD LADY FEELING FINE

After Taking Four Bottles Of Cardui, The Woman's Tonic.

Cobden, Ill.—"Having used Cardui, the woman's tonic, in my family, for a number of years," writes Mrs. Kate Metz, of this town, "and always with such good results, I feel it my duty to write you about it, so that you may publish my letter. My mother is living with me, and she is 52 years old. For the last three or four years, she has been troubled a great deal with cramping spells, and for days at a time, she would have a severe headache. She read of how much Cardui had helped other women who were sick and ailing, and decided to give it a trial. She began taking it three times a day, and since then has been getting along simply fine. Mother only used four bottles of Cardui, but she is no longer troubled with the severe headaches, and her stomach is so much stronger that she can eat most anything. We both feel that any lady who is not strong and well, would be greatly benefited by the use of Cardui. Try Cardui."

"EVERYBODY'S STORE"

GRADUATED IN PLATTSMOUTH.

Yesterday Eugene Tighe, of Chicago, who will be remembered as having graduated from the high school here some years since, accompanied by his two little daughters, Misses Margaret and Josephine, arrived in this city yesterday morning, visiting over Sunday and until this afternoon, when they departed over the Burlington road to Omaha, where they will take the Union Pacific for Roymar, Wyo., where they go to visit the parents of Mr. Tighe, Mr. and Mrs. Joseph Tighe, where they will remain and see the country and enjoy the outing with the little ones' grandparents.

SPEND FEW DAYS ON RANCH.

This morning T. E. Parmele and son and daughter, John and Miss Mary Catherine, who have for the past few days been in the west, where they spent a short time at the Parmele ranch, near Broken Bow, returned home this morning. Mr. Parmele said that they had just had a soaking rain out there and that things were looking fine.

OPERATION IN LINCOLN.

Mrs. K. E. Fogerty, of Havelock, was operated on for some trouble at the St. Elizabeth hospital at Lincoln a few days ago, and is reported as getting along fine. Mrs. Fogerty will be remembered as Miss Julia Janda, and is a sister to the wives of Joseph Hiber, Thomas and John Svoboda. Her many friends in this city will be pleased to learn that she is getting along nicely.

Bring your welding to us. Plattsmouth Garage. Tel. 394.

Dennison's crepe paper at the Journal office.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and kidney and bladder ills? Plattsmouth people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit?

O. H. Tower, carpenter, Vine St., Plattsmouth, says: "I suffered from a dull pain in the small of my back. It got so bad I had to get on my knees and straighten gradually after I once got down. The kidney secretions were much retarded in passage. Doctors told me I was troubled by stone in my bladder and gave me only temporary relief. After taking one box of Doan's Kidney Pills, I noticed that the trouble was beginning to disappear and in a short time my health improved in every way." (Statement given April 10, 1912.)

On February 23, 1916, Mr. Tower said: "I can continue recommending Doan's Kidney Pills. I am still a strong believer in this old, reliable kidney medicine." Price 50c; at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Tower has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

W. B. Rishel, deputy organizer of the Woodmen of the World, was a business visitor in Omaha today, having gone up this afternoon.

Call Plattsmouth Garage for service. Tel. 394, also livery. J. E. Mason, Prop.

Miss Mattie Larson came in from Lincoln yesterday afternoon for a visit with her parents.

Our Selling Method Saves You Money!

—No merchant ever made money out of a "Clearance Sale." Every time he plans a "Clearance Sale" he knows he is facing a loss. He is compelled to sell goods below cost in order to get rid of them before the season closes.

—Take it the other way around. The buyer denies himself the clothes he would like to have, waiting for a chance to save money. By our plan he can get the goods when he wants them and still save money.

—We have no clearance sale losses to face, consequently, we can and do mark our goods at less than regular prices at the beginning of the season. If they don't move off our shelves promptly—or if some sizes are sold out—we immediately reduce the price.

—Our regular price saves you money. It is easily possible, by buying your clothes here in season, to save money as by waiting for a "clearance sale."
