purchased through the Puls Murray agency a few days ago. Mr. Puls has been very successful in the handling of this popular car and the company has given him the whole eastern part of Cass county as his territory for the coming year.

Esta Stultz and wife, of Zionsville, Indiana, nephew of Dr. and Mrs. B. F. Brendel, arrived in Murray this week for a visit with the Brendel families. Dr. O. E. Brendel and wife, of the same place, are expected to arrive in Murray Wednesday for a visit with the same families.

Henry Heebner, the Cedar Creek grain merchant, was in Murray on Tuesday, coming down after his big seventeen cylinder Nyberg car that has been in storage at the Puls garage since the fire and some of the parts destroyed. All the damaged parts have been received and he expected to drive the car home Tuesday afternoon.

There was a very pleasant family reunion given at the George Hill home at Old Kenosha last Sunday. There were fifty-two of the relatives old and young, at the gathering. All brought well filled baskets, and a genuine good old fashioned reunion day was enjoyed. Mrs. Allen Birch and daughter, Miss Jessie, a sister of Mrs. Hill, from Greggsville, Illinois, were the only away from home guests in attendance. The affair was one of great pleasure to the entire family.

The Murray Lecture Course.

The Midland Lyceum Bureau will give a five number lecture course in Murray this winter. This course is managed by the Aid society of the Christian church, the Missionary society of the Presbyterian church and the Library association. They will begin selling tickets in September. This course costs \$200.00, and that means that the citizens of Murray and surrounding country will need to patronize it liberally in order to assist the management in playing even, and the organizations promoting it should make a clean profit. All they ask is to assist in paying the expenses. The mere promise that you will attend is not sufficient, but buy your season tickets early; there can be no success made unless this is done. The course will consist of three concerts, one lecture and one entertainer. The management expects to call on each and every family in Murray and vicinity. Think it over and do your best possible for the success of a good, clean line of amusement for your pleasure this winter.

There will be a social dance given at the Puls & Gansemer hall, on Saturday evening, Sept. 1. Everybody invited. Good music and a genuine good time.

Feel languid, weak, run down? Headache? Stomach "off"? A good remedy is Burdock Blood Bitters. Ask your druggist. Price \$1.25.

## Almost a Serious Accident.

Miss Laura Puls came very near meeting with a serious accident on last Sunday with her Super-Six auto. While on pleasure riding near Cedar Creek, and in company with Walter, and Carl Meisinger, Esther Rice, Vesta and Mata Engelke, the car got out from under her control, and running into a bank was turned completely over, spilling the occupants to the ground, without injury. The car was somewhat damaged, but not serious. The top and windshield were torn off, one wheel damaged, and the front axle and fenders bent considerably. It was indeed fortunate that no one was injured.

## Notice.

Those having pans, jars and other utensils left from different dinners at the library, please call on Saturdays and get them.

## WHO CAN FURNISH AN AUTO?

Many autos have been promised for the "Auto Trip Thru Plattsmouth" which is to occur tomorrow, (Thursday), but more are needed, and any one who can furnish a car for the purpose of showing this city the visiting Cass county school teachers, will confer a favor on the committee, by getting in communication with Andrew Moore, August Cloidt or Lynn Minor, who are the committee having charge of the matter. See them or telephone either of these gentlemen. DO IT NOW.

## SICKNESS INTERFERES WITH WORK

From Tuesday's Daily.  
G. R. Olson returned this morning from a ten days stay at Ft. Riley Kansas where he was looking after the matter of getting his plant in that city in operation. Mr. Olson has been on the sick list for the past week, which interfered with the prosecution of his work there. He has about gotten two-thirds of the work done of getting the plant in operation, but owing to his sickness was not able to stay until it had been finished. Since his return, he is feeling better, and will try and get moved into his new home before returning to Kansas, where he expects to go about the first of next week. Mr. Olson in speaking of the place there says, that at this time, there are between 6,000 and 7,000 men working there, which includes mechanics of all lines, and he adds that there is so much noise at the works that one cannot hear himself think. When all the soldiers which can be accommodated arrive there, there will be about 70,000 in the camp. The pay roll of the contractors is approximately \$246,000 per week.

## HAS EYES INJURED.

Carl Kunsman was telling us about his son, Edward, who is living at Santa Rita, New Mexico, and where he is employed as the round house foreman of a large copper mining company, who have a large number of engines, for hauling ore, and other material. Some three months since Edward had the misfortune to get some pieces of steel in one of his eyes. He went to the hospital at El Paso, Texas, and had what he supposed it all removed but kept having trouble with the eye, and afterwards went back, and found another piece of steel which was also removed. The physicians now think that they will be able to get a partial sight restored to the eye. He has now been seventy-five days from his work, and will have to go to the hospital again before he will have the eye all right.

Mr. and Mrs. W. T. Smith, who for the past two months have been visiting with their daughter, Mrs. John Osborn, at Miles City, Montana, returned this afternoon from their extended trip. On their return they stopped off at Eagle, where they visited with friends for a few days. They report having had a most excellent time in the west.

## NOW HOME AGAIN.

From Tuesday's Daily.  
Will T. Adams, who has been at St. Paul, Nebraska, where he was assisting on the farm of his son, Maxwell Adams, since the first of July, returned home last Saturday and says that he has been engaged in real farming out there with his son. He states that the small grain was excellent, while the corn promises a very good average yield, despite the fact that it suffered some from lack of moisture. Lately the rainfall has been sufficient to keep everything looking good he says. Mr. Adams also states that the nearer one gets back to Plattsmouth the better the crops are.

## MARRIED IN OHIO.

From Tuesday's Daily.  
Editor Rutledge, of the Union Ledger, was a brief visitor in the city last evening, and tells of the return of George M. Mark, who has been in Ohio for the past summer, and of his bringing back with him a bride. We extend to our friend George our heartiest congratulations, and wish him and his winsome bride much joy and happiness in their journey through life together.

## WILL LIVE IN ILLINOIS.

From Tuesday's Daily.  
Cards are out announcing the coming marriage of Miss Nelle LeNore Cook, daughter of Mr. and Mrs. C. E. Cook, of this city, to Mr. Arthur J. Doerr, on Wednesday, September 5th. They will be at home to their friends at Beardstown, Illinois, after September fifteenth.

## A HEALTHY SLEEP.

People are often prevented from sleeping by accumulation of gasses in the digestive tract. The sense of undue fullness disturbs them, and the palpitation of the heart makes them lie awake half the night. Triner's American Elixir of Bitter Wine is the very remedy which gives a healthy sleep. It cleans out the bowels, stops the formation of gasses, aids digestion and strengthens the entire system. "When I take Triner's American Elixir, I feel excellent and everybody praises the remedy," writes Mrs. Anna Chalupka, Newark, N. J., May 15, 1917. Price \$1.00, at drugstores. Triner's Lintiment belongs to the necessaries of any household. It relieves rheumatism, neuralgia, sprains, strains, swellings, refreshes tired muscles and feet, etc. Price 25 and 50c at drugstores, by mail 25 and 50c. Jos. Triner, Manufacturing Chemist, 1333-1335 S. Ashland Ave., Chicago, Ill.

## GOOD OATS RETURNS.

That this country is raising good small grain, is shown by the high yields of this season. The freezing out of the winter wheat is responsible for a larger acreage of corn and oats throughout this state, as well as in numerous others. The result shows that the rotation of crops is good for production. The threshing returns on the farm of George Stander, last Saturday, show \$3 bushel of oats per acre. At the price for which oats are selling now, even the most high priced farm lands are profitable from a farming standpoint.
