

AUSTRIANS ARE FRANTIC ON THE ITALIAN FRONT

Von Hindenburg Rushes Bavarian Troops to Bolster Austrian Lines.

Chief of Vienna Army Reorganizes Demoralized Forces

Geneva, Sept. 4.—A dispatch from Innsbruck says that after several urgent appeals, Field Marshal von Hindenburg has consented to send two divisions of Bavarian troops from the Italian to the Isarco front to strengthen the Austrian defense.

Latin Progress Steadily.

Udine, Sept. 4.—Field Marshal von Arz, chief of staff of the Austrian army, is reported to be inspecting the Italian front for the purpose of reorganizing his troops, demoralized by many recent defeats.

Meanwhile, the Italians continue their steady advance and are spreading over a larger tract of the country, especially through the Brestavizza valley and over the Banizza plateau, capturing trench after trench and in some cases finding contingents of Austrian troops, literally exhausted and suffering from thirst and hunger, their means of communication having been cut off by the well directed Italian fire.

Monte San Gabriele still is making desperate efforts at resistance, but Italian pickets are gradually creeping up the slopes, making its fall only a matter of time.

Since the beginning of the present advance the Italians have gained ground every day, while all Austrian efforts to recapture lost positions have been shattered by the energetic resistance of Cadorna's army.

German Artillery Active.

London, Sept. 4.—"The enemy's artillery shows great activity during the night northeast of Ypres," says today's official statement. "We advanced our lines slightly northwest of St. Julien."

"We carried out a successful raid last night directly north of Lens. Our troops killed a number of Germans and captured several prisoners. A hostile raiding party was driven off south of LaBassee."

French Fire Checks Teutons.

Paris, Sept. 4.—Attacks were made by the Germans last night on the French lines in the Hurtebise region on the Aisne front and east of the Meuse in the Verdun sector. The war office announced today that both were checked by the French fire.

Raids by French troops at Sepigneul, between Souain and Sommepey in the Champagne and in the Argonne region resulted in the capture of prisoners and material.

During various air raiding expeditions on points behind the German lines, 15,000 kilos (33,000 pounds) of projectiles were thrown down by French airmen. On September 3 French pursuit airplanes brought down thirteen German machines.

SPEEDING MUST CEASE.

From Wednesday's Daily. For some time past the speed mania, has been growing in a number of car owners and others, who have been shown some leniency, by not being hard with the law in its administration. Many complaints have been made of late, and warrants just recently have been issued for a half dozen, and they remain in the hands of the court, and notices have been sent to the ones for whom the warrants have been issued. In one instance they have been answered, who came in and paid his fine which for the first offense \$5.00 and costs, which amounts to \$3.00. The remainder have not yet appeared but must do so or an officer will be compelled to go after them. The penalty for the second offense is \$25.00 and costs, which makes it \$28.00, and these laws will be enforced to the letter.

Much disregard to the laws have been shown, and makes it dangerous for pedestrians getting around. The officers evince a disposition to exactly enforce the laws in this regard, and all had better have a care as to how they violate them.

D. Worsham and son of Havelock, J. F. Letak and three children of Omaha, O. E. Gilson and five children of Glenwood, Iowa, F. B. Egenberger and four children, of Plattsmouth, and J. H. 30,000 DRAFTED MEN REPORTING

Five Per Cent of National Army Report to Local Boards Today.

All But Two Cantonnments Are Ready to Receive First Sprinkle of U. S. Army.

Washington, Sept. 4.—Drafted men of the 5 per cent quota going to the national army cantonnments were reporting today to local boards in all districts to receive instructions and railroad and meal tickets. Most of them will be given permission to spend the night at home under orders to report again to the board shortly before train time tomorrow.

About 30,000 men, most of whom have been selected because of previous military training or experience as cooks are included in the first quota. By tomorrow night they will be in the sixteen cantonnments, except those at Yaphank, L., and Admiral, Md., where construction is not completed.

Each district's quota will be placed in charge of one recruit, to whom will be given war department warrants for transportation and meals, and authority to command the men until they reach camp. Arrangements for traveling expenses already have been made by the local boards.

A letter from President Wilson, made public today by the White house, addressed to Thomas L. Chadbourne, jr., of the mayor's committee on national defense, New York, reads as follows:

"Please say to the men on September 4 how entirely my heart is with them and how my thoughts will follow them across the sea with confidence and also with genuine envy, for I should like to be with them on the field and in the trenches where the real and final battle for the independence of the United States is to be fought, alongside the other peoples of the world, struggling, like ourselves, to make an end of those things which have threatened the integrity of their territory, the lives of their people, and the very character and independence of their governments. Bid them Godspeed for me from a very full heart."

ATTEND BAPTISMAL SERVICES.

From Tuesday's Daily. This morning Martin Nelson and wife, and John Vittersnik of northwest of the city, Harry L. Kruger, and wife, and son Glen, Mrs. E. B. Sperry and two children, Marie and Gerald, and W. M. Batterson, of this city departed for Omaha, where they will attend baptismal services which are being held in Omaha today, by the Inter-National Bible Students' Association. Some of those going from here expect to take the ordinance, but not all as some have taken it in accordance to the teaching of the Association. There are a number of the members in this city, and a more devoted company to the ideas which they hold to be the right teaching one could scarcely find.

THOSE NOT FOR, ARE AGAINST GOVERNMENT

And Governor Lowden Says He Will Not Tolerate Treason in Illinois.

Nor Permit It to Cloak Itself Under "Freedom of Speech."

Chicago, Ill., Sept. 4.—"So far as I am concerned, I purpose to put it to the test that those who are not for the government are against it," said Governor Frank O. Lowden in a statement made after a conference with Attorney General E. J. Brudage in regard to the meeting of the council for democracy and peace held under orders from Mayor Thompson before the governor could get troops to Chicago to prevent the meeting. The statement said:

"The fact is that the antecedents, the personnel and the propaganda of the so-called national council of America for democracy and peace make it a treasonable conspiracy. Such a conspiracy ought not, when the nation is battling for its life, to find shelter under a claim of freedom of speech.

"If we lose this war, real free speech will be lost, and this society which now claims privilege, will contribute to that result. A treasonable conspiracy is none the less a crime because it is staged in public. A crime is not less a crime because the world is taken into the confidence of those who commit it.

"I shall employ the full power of the state in suppressing the meetings of this society. What I have said of this organization applies equally to others which may seek to obstruct the government in the prosecution of this war. Freedom of speech will not be permitted as a cloak of treason. The time has come to find out who are for and who are against it. This is the only classification which matters at the present time. If, as some suggest, the people generally are disloyal to their government, let us know it and let us know it now."

The governor would not say whether he contemplated any further action in regard to Mayor Thompson for overriding the orders forbidding the meeting of the peace council. The governor tonight reiterated his orders to Adjutant General Dickinson to prevent all meetings similar to that of the peace council. The troops sent to Chicago by the governor on Sunday will remain for the time being to carry out these orders.

IN HONOR OF MR. HANSON.

From Tuesday's Daily. Yesterday at the Rectory of the St. Luke's Episcopal church, in honor of the Rev. Theodore Hanson, were entertained the clergy of the city, Madam and Mrs. W. S. Leece giving a delightful four course luncheon. At twelve a meeting of the clergy, was held at the rectory, when the consultation and conference of the ministers was held, of the ministers of the city. There being present at the dinner, Rev. Theodore Hanson, who is present in the city carrying on the campaign for the city, and country's welfare, T. A. Truscott, of the Methodist church, H. G. McCluskey, of the Presbyterian, A. J. Hargett, of the Christian church, and W. S. Leece, of the Episcopal church.

"The passion for making laws," which he said "characterizes present day political institutions" was criticized by United States Senator George Sutherland, of Utah, president of the association in his annual address. Declaring that legislators have "developed a mania for regulating people," he condemned it interference by the government by individuals rights.

18 YEARS OF LIVER TROUBLE

Finally Relieved by the Old Reliable Thedford's Black-Draught.

Traverse City, Mich.—Mrs. J. W. Edwards, of this town, says: "I suffered for about 18 years with liver trouble, and doctored with many different remedies. At last, I was told that an operation was the only thing that would help me, but I heard of Thedford's Black-Draught, and took six 25-cent packages and it cured me. I can recommend it to all who suffer from liver troubles.

A PROGRESSIVE PARTY.

A party consisting of ten young people assembled at the Kaffenberger home and at 8:30 the party was taken out seven miles in the country to the beautiful home of C. L. Creamer in autos. The evening was spent in conversation and music and at an early hour a watermelon feed was indulged in.

After the Creamer home, the autos then started back to the city of Plattsmouth, where they once more stopped at the Kaffenberger residence, where the remaining evening was spent and at midnight a light two course luncheon was served.

Velma Hiatt and Olo Kaffenberger attended the Iowa State Teachers College at Cedar Falls, Iowa, together the last two years.

BAR RESOLUTIONS PLEDGE LOYALTY

Lawyers At Saratoga Springs to Pass Resolutions of Faith in U. S.

Urge Speedy Despatch of U. S. Army to European Battle Fronts.

Saratoga Springs, N. Y., Sept. 4.—Resolutions pledging the loyalty of the American bar association to the government were presented at the opening session of the annual meeting of the organization this morning by Elihu Root on behalf of the executive committee with the unanimous recommendation of the committee that they be adopted.

The resolutions assert that the future freedom and security of the country depend upon the defeat of the German military power; approve the entrance of the United States into the war before it was too late to find success through the United action of the democratic powers; urge the most vigorous possible prosecution of the war and conclude as follows:

"We stand for the dispatch of the American army, however raised, to the battle front in Europe, where the armed enemies of our country can be found and fought and where our own territory can be best defended. We condemn all attempts in congress and out of it to hinder and embarrass the government of the United States in carrying on the war with vigor and effectiveness. Under whatever cover of pacifism or technicality such attempts are made we deem them to be in the spirit pro-Germans, and in effect giving aid and comfort to the enemy."

Boris A. Bakhmeff, Russian ambassador to the United States, in an address expressed the opinion that the present condition of unrest in his country was "but one of the infant diseases which will disappear."

"The passion for making laws," which he said "characterizes present day political institutions" was criticized by United States Senator George Sutherland, of Utah, president of the association in his annual address. Declaring that legislators have "developed a mania for regulating people," he condemned it interference by the government by individuals rights.

He criticized certain provisions of the law enacted by congress creating the trade commission and the "ship purchase" act. He also deplored the tendency to increase the number and power of administrative boards and commissions, as well as proposals for the government ownership of telephone, telegraph and railroad lines.

The resolutions of loyalty as presented by Mr. Root, were unanimously adopted by the body with a rising vote.

LUKE WILES CATTLE WIN.

From Wednesday's Daily. Telephone messages from the state fair grounds tell of the winning of a number of prizes by the stock, which Luke L. Wiles has on exhibition at the fair. Mr. Wiles' stock, which are of the Red Polled variety, won the general sweepstakes, for the entire herd, and the Grand Champion, as well as the Senior Champion and Junior Champion. This makes four of the best prizes offered at the state fair for this kind and class of cattle. Mr. Wiles has been raising some of the best cattle which has been produced throughout the entire country, and this awarding of the prizes as they have been given, is an acknowledgement of the superior quality class of cattle which he has been breeding.

LEAVES LAW FOR ARMY SERVICE

Matthew Herold came in yesterday morning from New York, where he has been attending summer school, taking a special course on Mortgages, in connection with his law studies, and will visit with his parents Mr. and Mrs. Henry Herold for a few days. He will depart for Omaha on Thursday of this week, where he will meet his university friend and chum, Major Lonabaugh, with whom he attended the state university some years ago. At Omaha he will enlist with the Wyoming National Guards, in the regiment of which his friend is the Major, and will go with them to training in the camp for which they are destined in N. Carolina. Mat had some very flattering offers in the beginning of the war, but thought it best to continue his studies, and having completed the summer school, he now offers his service to his country, enlisting as a private, though he had been tendered a position which would ere this have insured him a commission as an officer.

This sacrifice of his will leave him to take up the matter of the finishing of his education after the close of the war.

The first five who were to be selected by the local board, to send a head have been chosen and will depart tomorrow, at 1:58 from the Burlington station, for Lincoln, where they will go to the point designated by the army officers. The selection was not a difficult problem in this case, as there were more than the required number who volunteered to go and five were selected as the ones, and also two alternates. The selections of those who asked that they might be sent in advance, being Leo. H. Tiche, of Manley, Oswald T. Miller, of Weeping Water, Hall A. Pollard of Nehawka, Carl Dalton and Allen Monger, both of Plattsmouth. The alternates being Albert J. Goodwin and Samuel H. Rhoten, both of Plattsmouth.

BETTER TRY OLD DOBBIN.

From Wednesday's Daily. Some people think it a fine thing to keep the news from the paper when they have closed up the avenues of information, consider it a fine turn they have made. Notwithstanding, we are certain, that some practices are not as safe as the old time method of tying the lines on the dashboard when the horse is gentle. We knew a swain once, who, where he went to see his 'Jane' took the best trusty old nag he could find, and then, he would tie the lines to the dashboard, and "let the boat drift."

Of course things have changed since that time, and now "Old Dobbin" would not do, and a "Flyver" is the article, and they let "Jane" drive. This happened the other night, and when rounding a corner the flyver rolled over, and five into the ditch; no one hurt much, but a wind shield mashed.

The T. J. girls and a few invited guests had a most delightful time last evening when they held a picnic and wiener-roast at the Burlington bridge. They took eatables for supper and fared sumptuously, having some left to bring back with them. On their return they stopped at the Airdome and witnessed the movies. Those in attendance at the picnic were Alma Bessie and Agnes Holly, Louise Svoboda, Anna Rys, Mary Krejci, Anna Vejvodova, Irene Pencil, Helen Donat and Mary Svoboda.

THIEVES TAKE HARNESS.

From Wednesday's Daily. A few nights since, some one thinking less of the penalty which might be his, than his desire to acquire a set of harness without working for them, went to the stable of Carl C. Fricke, where there was a number of sets of harness, and selecting the best from all there were, made up a set of harness and appropriated the same to his own use. With this he took all the bridles on hand, this putting Mr. Fricke, to a great inconvenience. The loss will in all amount to near seventy dollars, and will cost considerable to replace. Whoever it is should be caught and made to sweat for the act and nothing is safe with such marauder abroad.

WILL TEACH AT NORTH PLATTE.

From Wednesday's Daily. Everett Ward departed this morning for North Platte, where he will teach in the High school of that place the coming year. Mr. Ward, has just completed a four years course at Cotner University, graduating the highest in the class of which he was a member. It will be remembered, also, that he was the highest in the class of 1912, of the Plattsmouth High school, and won the university membership, selecting Cotner University, and the school which he would attend. Everett has always been a good student, keeping at the matter of study, with the result that he has achieved the place of having graduated the first in his class. He becomes one of the faculty of the High school of North Platte, and we are certain he will make good in this new position. He will receive \$85.00 per month for this his first work.

PER CAPITA COST OF WAR IS LESS THAN REBELLION

Fordney Says Burden Won't Compare With That Borne During Rebellion.

Bond Bill Presented to House Assured of Passage in Present Form.

Washington, D. C., Sept. 4.—Democratic Leader Kitchin and Representative Fordney, ranking republican member of the ways and means committee, presented the \$11,538,945,460 war bond and certificate bill to house. Both Mr. Kitchin and Mr. Fordney urged the passage of the bill, saying that congress must vote the bonds if this country is to remain in the war.

Mr. Fordney produced figures to show that the cost of the present war, per capita, does not promise to compare with the cost of the civil war. Speaker Clark interrupted to say he favored paying more of the war debt by taxation than the bill contemplates. He said if the cost is borne principally by bond issues "the man who survive the fighting will come back and help pay this very war debt."

The question of making a new \$4,000,000,000 loan to the allies is the only real one before the house, Mr. Kitchin insisted. Their cause and the cause of the United States are one, he added and the United States is obliged to make the loan. He said about 80 or 90 per cent of the money already loaned the allies had been expended in this country and that he thought 75 per cent of the newly proposed loan also would be spent here.

Passage of the bill by the house in virtually the form it was reported from committee, seemed assured tonight. All parties are united in supporting the general features and a fight by Representative Moore of Pennsylvania for his proposed amendment to create a war expenditure committee, probably will not delay the vote beyond late tomorrow.

President Wilson let it be known that he still opposed any congressional war committee and administration leaders laid plans to strike out the Moore proposal on a point of order. Mr. Moore then introduced it as a separate bill, so if it is defeated as an amendment, he will have another chance to bring it up.
