

PLAN PASSAGE OF THE WAR TAX BILL TODAY

Washington, D. C., Sept. 9.—Passage of the \$2,500,000,000 war tax bill late tomorrow by the senate, after a month's contention, is the major item of an adjournment program being framed by congressional leaders.

Leaders are endeavoring to reconcile the desire at the capitol and White house to close the session next month with the president's legislative program including the soldiers and sailors' insurance bill as the principal stumbling block.

Chief features of the program before congress are:

The war tax bill, which will go to conference this week, and probably to the president within a fortnight.

The \$11,500,000,000 war credits bill which will be taken up Tuesday by senate financial committees.

The \$4,800,000,000 deficiency appropriation bill before the house.

The insurance measure due to pass the house this week.

The administration, trading with the enemy bill which has passed the house and is awaiting senate debate Tuesday.

W. R. Bryan and daughter, Miss Lucille, who have been visiting in Colorado, for the past two weeks, returned home last Saturday evening. Mrs. Bryan who was also with them remained for a longer visit, while Miss Lucille returned to take up her work in the school which began this morning.

LETTER FROM CALIFORNIA.

Phillip V. McCulley will be remembered as having lived here many years ago, and working at the carpenter trade.

Experience the Best Teacher.

It is generally admitted that experience is the best teacher, but should we not make use of the experience of a thousand persons is more to be depended upon than that of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those diseases. Try it. It is prompt and effective and pleasant to take.

HAS HIS WATCH RETURNED.

About two weeks ago, J. E. Wiles and wife were speeding westward, and were on the other side of Gothenberg, when a little shower came up, and Mr. Wiles got out of his car to put up the curtains and in doing so lost his watch. He did not miss it until he had gone many miles away. At North Platte, he stopped for gasoline and met Rex Dick, of Formosa, a Kansas. In conversation with Mr. Dick Mr. Wiles mentioned the loss of the ticker, and asked Mr. Dick if he would look for it, telling just about where he might expect to find it, though forty miles away. They separated and Mr. Wiles went on to the mountains, and staying about ten days, returned home. Some weeks since he received a letter from Mr. Dick asking for a description of the watch, and saying that he did not exactly remember the name. He had it spelled Wilds, and that if it was not his to find out whose it was. Mr. Wiles corresponded with him, and last Saturday the watch came by insured parcel post. Mr. Wiles considers that he had found a man who was eager to do what he found to be right.

Geo. Hild and a party of men looking over the country for land, were passengers last Saturday evening for Grant, Nebraska where they will visit for a few days looking over the country.

Henry Hirtz just recently returned from a visit in the northern portion of the state where they visited at the home of John Schaefer who formerly lived in this county, and with many other former Cass county people. They were impressed with the country up that way, but like Cass county better.
