

BANQUET TUESDAY NIGHT IN HONOR OF DEPARTING SOLDIERS

From Saturday's Daily.

Arrangements have been perfected for the giving of a banquet to the second call for the first draft, which are to go to Fort Riley, Kansas, next Wednesday, from the Missouri Pacific station. The banquet will be given Tuesday evening at the Masonic Hall, at six o'clock, and will be furnished by the ladies of the Red Cross. The commercial club will furnish the supper for the members of the draft, and their mothers. The invitations will be sent out in the form of a special letter, and will embrace an invitation to the member who is to go, and his mother. To others, the price will be fifty cents, and any one can go to this supper. This is a matter in which it should be the pride of every patriotic citizen of this city and county to attend, as it is giving encouragement to the boys going, and is an endorsement of their action. This city appreciates the sacrifice which they are making, in going, and had it not been a sacrifice for them to go they would have enlisted before. We have here an opportunity to do something that Plattsburgh should do, give these boys a good send off, and demonstrate that we are with them not alone here but when the time comes which try men's souls in the service, they will look back at Old Plattsburgh, and think the folks at home appreciate our efforts, and are watching for what we are going to do.

The Red Cross is demonstrating the proper spirit in doing their bit in the matter, and when you are patronizing this supper, you are doing double service, as the proceeds go to assist in the work which they have in hand, and which is of goodly proportions at that.

Watch these columns for further announcements of the perfection of the appointments regarding the banquet.

FIRE CAUSES SOME EXCITEMENT

From Saturday's Daily.

Last evening the fire alarm caused a ripple of excitement when the home of Alois Smitana, living in the second ward, was found to be on fire. The chimney which passed from the kitchen, going through the upper portion of the building had communicated the fire to a clothes closet, and from there to the roof. The department responded in fine shape to the call, and it was but a little time until they were working in extinguishing the flames. The loss was considerable, but attended with the inconvenience of which always attends a fire. There was some insurance on the property, but owing to the absence of Mr. Smitana who is working near Villisca, Iowa, the amount could not be ascertained.

WILL FROST CATCH THE CORN?

From Saturday's Daily.

Well, Nebraska has been very fortunate in the past, sometimes there has not been enough water to satisfy some people, and again some have thought it too wet, and voted it "dry". But there has been a saying that it always rains in Nebraska the day before we have to have it. Now about the frost, it will come some of these days. But it will find a crop of corn matured, and when it comes, will add something to the ripening of the crop. Of course there will be some corn that would not ripen no matter how long the frost stayed away. The man who planted it did not expect it to. "In the spring time scatter your seed and in the fall withhold not your hand." We will get a harvest. Do not croak, Nebraska is all right.

AT THE AIR DOME.

From Saturday's Daily.

The princess players in the high class vaudeville will give an excellent entertainment at the Airdome Monday night, at which there will be some rare talent in the play. The five young ladies all possess great ability as entertainers. Miss Leone Albert, in addition to her histrionic ability is possessed of a soprano voice of great range and rare sweetness. Miss Euada Lucille, another member, possesses the greatest of all arts, that of winning the hearts of her auditors completely through her grace and winsomeness. All are singularly gifted in the art of entertaining, so that the public may be assured of an evening free from all objectionable features. Besides this there will be a five reel feature by that clever star, Mary Miles Minter, in "A Dream or Two Ago," which is a live proposition from beginning to end.

George Oldham has just recently disposed of the Dora Moore property to John Halstrom, who also owns the property just east of this, where he makes his home. This is good rentable property and should make a profitable investment.

Mrs. Henry Englekemier returned this morning from Omaha, where she has been for the past two days visiting with her husband, and says he is not making as rapid progress as desired, but is advancing some in strength.

WILL HAVE A COLD WINTER.

From Saturday's Daily.

Our old time friend, S. L. Furlong, was a visitor in the city this morning and in speaking of the hot spell which we are having today, he said: "We will pay for this in January, for at that time the two planets Venus and Mercury will both be between us and the sun. We can look out for a cold spell then, and perhaps with an abundance of snow, for these planets will keep the heat away from us. Now, see if I am not right about this, said Mr. Furlong in parting.

'SELLS FARM HOME.

From Saturday's Daily.

Mrs. Mae N. Creamer sold her farm near Rock Bluffs to George H. Meisinger for the sum of \$24,125.00, being 170 acres for \$142.50 per acre. This makes a good sum for the place, but at the prices which farm lands are bringing and the price of the products from them the price is not too high. The Creamers will make their home in the city hereafter, they having purchased a residence here.

Ralph Barker, son of Harvey Barker, formerly of this place, but now living at Atlanta this state, who has been visiting at the home of A. A. Wetencamp, and Will Wetencamp and mother for some time past, departed for his home in the west, on the early train this morning.
