A DELIGHTFUL MUSICAL TREAT

The Varallo-Gross Orchestra Company is to be a most delightful treat judged by what they are doing elsewhere as voiced by the press.

John B. Varallo is the violinist and manager of the company. He has made

JOHN B. VARALLO, With Varallo-Gross Orchestra Co.

music his profession and has spared neither time nor effort in his preparation. He has done little else all his life than play the violin. He is able to do many beautiful and interesting

CLAIRE COUTANT, With Varallo-Gross Orchestra Co.

things with his violin. In one of his encores he imitates the song of a bird. His thorough knowledge of music makes him a most competent leader of the orchestra.

His brother, Michael Varallo, has made the harp his life study and you

may judge for yourself as to his proficiency. After all is said, it really takes a son of sunny Italy to get the best there is out of a harp. He has been playing with John B. for so many years that their duo work is perfect.

Murray Lyceum Course Commences Soon

SIGNS OF FALL

Let them remind you that it will soon be time to *decide about that new range.* We sell and recommend above all others the

Monarch Malleable Range

We don't ask you to buy it because we say it's good, but because you can see with your own eyes why it is better than others. Look it over and you will agree with us that—

No range made of grey or cast iron can possibly be as good—and no other Malleable Range is made as well.

Even apart from its solid construction, every woman would choose it because of its delightful cleanliness. Think of what it would mean.

No stove blacking needed.

No smutty kettles to scour.

No dust and ashes spilled around.

No fancy carving to collect the dirt, etc.

Let us show you this splendid range.

Murray Lyceum.

It is almost time for the first number, so get in with the first entertainment. The lecture course is a good thing for any community and Murray and the surrounding community are amply able to support a good one. It remains with you to make this movement a success.

Visiting Here.

Harry Massie and family, of Custer county, were visiting in Murray last Sunday, guests at the home of Dr. and Mrs. G. H. Gilmore. Mrs. Massie is a sister of Mr. Wortman, editor of the Hebron News, who recently joined Uncle Sam's aviation corps, as a member of the Southern Flying Squad. He has proven a very successful air man, and is determined to win the prize hung out by the United States by being the first man to drop a bomb upon the city of Berlin. We join the young man in the wish of his many friends that he may be successful, and being pretty well aware of what his heart's desire is, we hope that the same may be carried out without a single "bobble."
