NEXT CONTINGENT OF DRAFT HAS THE SAME SCHEDULE

Lincoln, Sept. 26.—Train schedules for moving the next 40 percent contingent of drafted men to the national army training camp at Fort Riley, starting October 3, will be substantially the same as those of last week and Sunday. The number of men to be transported is 3,274 just the same as at that time, and the movement will be distributed over several days as it was then. Each county will be called upon to send a delegation of the same size as before.

Governor Neville is conferring

from time to time with railroad men in charge of the movement. He is pleased with the fact that the men who went from Nebraska a few days ago all got to Fort Riley without mishap or serious delay, and believes this performance will be duplicated when the third contingent makes the journey.

SOCIAL DANCE.

The members of Evergreen Camp No. 70 will give a dance and social entertainment at the A. O. U. W. Hall Saturday evening, Sept. 29th. The public is invited to attend. Refreshments will be served and a good time for all. Gents 50c. Ladies Free.

ALLIES MERELY WEARING OUT ENEMY WHILE AWAITING U. S. HELP

Washington, Sept. 26.—The American government's first official statement concerning military operations in Europe was issued tonight by Secretary Baker, inaugurating a series which, in time will be devoted largely to activities of the United States expeditionary forces. It says that while ascendancy on the western front has passed definitely to the allies, they are content merely to wear down the enemy until the force of the American army makes itself felt in the field.

Operations for the week ending September 22, are reviewed by Mr. Baker, without reference to the American force now in France. The statement says, in part:

"It may be stated affirmatively that the ascendancy in the west has passed definitely to the allies, although the latter are content, by tactics of attrition, to wear down the enemy, giving no rest or respite until such a time as the forces of our army may make itself felt in the field."

High Prices And Sickness.

Nobody can afford to be sick with the cost of living at the present high mark. It is cheaper and more sensible to prevent sickness than to Honey and Tar in time to check pay doctor bills. Take Foley's coids, stop coughs and relieve croup before serious illness attacks a weakened constitution. Sold everywhere.

A LONG TRAIN.

An extra long train passed over the Missouri Pacific railway this forenoon en route to Omaha. It consisted of thirty-seven empty passenger coaches and one of the largest sized engines belonging to that system had all it could do to handle the same. It is the longest passenger train that has ever passed over this division. It was composed of the coaches used in taking the soldier boys to the south.—Nebraska City News.
