McCRAREY BRICK GOES DOWN

From Tuesday's Daily. With the building of the new garage of the T. H. Pollock Auto Company, the brick, near the top of the High School hill, will be torn down, that the material may be used for the purpose of the erection of the new building. The place which is generally known as the Carruth building, was constructed by Dr. McCrarey, who was a dentist in the city, away back in the other century, and built the home in 1872. Dr. McCrarey, was a dentist here and practiced for a number of years, but moved away many years ago. The Doctor's daughter married Captain Marshall, who was for a number of years postmaster, but who has been gone for a long time. Mr. George K. Staats, who is one of the dispatchers at the postoffice at the present time was a clerk and assistant postmaster under Captain Marshall away back in 1880, and for a number of years after he was engaged in other occupations. Now for the past fifteen years he has been working in the office again. But the house, we were going to tell about it being torn down. Mr. McCrarey sold the house to Frank Carruth, who lived in it for a number of years, and then sold it, when he had moved away, to Silas Long, who likewise moved away, and it became the property of T. H. Pollock, who is now going to tear the house down and use the material for the purpose of helping to construct the new garage. The lot will be graded down to near the grade of the street, when another dwelling will be erected thereon. Ye editor of this paper lived in this house for some length of time, and the writer, when he first came to this city, in 1885, had a room there for a few weeks. So a great many people have had something in common with the house, which is a bit of history, and will soon be a memory.

MEMBER OF JURY FOR COMING TERM

From Tuesday's Daily. From the names certified from the county commissioners District Clerk J. M. Robertson had drawn the following as the members of the jury for the coming term of the District Court for this Cass county, for the term which convenes October 27th. J. F. Preize, Avoca, William Leffler, Steve Creek; Allen Pesben, Elmwood; Wm. Caddy Tipton; John Campbell, South Bend; Rex Young, Rock Bluffs, Ed. Gustin, Elmwood; E. G. Mayfield, Louisville; George Mach, Nehawka; Jacob Tritch, Eight Mile Grove; Mont Robb, Liberty; C. M. Andras, Center; W. O. Ogden, Weeping Water; Chas. Swan, Liberty; John Mich, Tipton; Wm. Ofe, V. M. Mullis, Elmer Meisinger, Charles Troop, R. B. Moffit, C. L. Sharp, Henry Miller, C. L. Martin, and F. W. Olinger, of Plattsmouth city.

ROUSING BOY SCOUT MEETING.

From Tuesday's Daily. Last evening, at the basement of the Public Library was held a very enthusiastic and interesting boy scout meeting, which goes without saying, when we realize that with the starting of the movement but a short time since there were only eight in the organization, and last evening there were thirty-seven in attendance. The boys are planning big things for the future, and we are pleased to know they are making things hum. They will organize a basket ball team, a scout orchestra and a quartet, will practice Athletics. The meeting last evening closed with the singing of America and Star Spangled Banner.

IT IS A BOY AND A FINE ONE.

From Tuesday's Daily. The hum of the machinery at the Western Foundry and Machine company works has a different hum this morning when James Velick went to work, there was no harsh sounds there, but every machine was singing a melodious song, all because of the happiness which has been told James that morning, for the stork had left a baby boy at his home. It was for him and his wife, and was their very own. All three are getting along O. K. James and the little son and his mother.

Why Do You Strive for Quality Products?

Why Not Raise Ordinary Livestock, Ordinary Grain or Ordinary Fruit?

It costs extra money to start and maintain a herd of blooded cattle, hogs or sheep.

It takes extra time and care to select quality seed corn as a basis for a quality crop.

It takes extra money, time and care to start and keep up a quality fruit orchard.

You could do away with this extra expense by being satisfied with just ordinary products. Why do you seek quality?

Here is the reason: You pin your faith to quality because you know that the extra expense entailed by the effort for quality is more than offset by the extra profits that quality products return.

Quality is profitable in what you raise to sell. It is just as profitable in what you buy to use.

We have at your service a stock of highest quality farm implements. There is nothing of the ordinary in these implements. Their quality has

been recognized for years throughout the world.

If you were fully satisfied with raising ordinary products, we might deal in ordinary implements. Quality in what we had to sell would not attract you. But knowing that you appreciate the worth of quality, we are here to serve you with quality goods. You will find the quality of our stock and the quality of our service, both profitable to you. And remember you can see before you buy.

ARE MAKING MERRY OVER ARRIVAL

From Tuesday's Daily. There is rejoicing at the home of John Grebe, over the arrival at their home of a brand new bouncing boy, which arrived at their home Sunday morning. The mother and little one are doing nicely. John, well we have reason to believe that he is feeling pretty fine, and why not, he should feel pretty fine with a fine new son to welcome him at home evenings.

RETURN FROM THE WEST

From Tuesday's Daily. This morning C. F. Harris and Luther Mead, who have been in the western portion of the state, returned from a trip which embraced Duell, Cheyenne and Dawson counties, in which they visited many places, and were pleased with the condition of the country and the crops, which are reported as being fine. They will return for another trip the coming week.
