HOWELL ACTS AS PURCHASING AGENT

IS CONTENTION OF CHAIRMAN MAYFIELD OF THE STATE BOARD OF CONTROL

Has No Contract With State Senator for Furnishing of Coal, Declares Chairman

Lincoln, Oct. 18.—Gene Mayfield, chairman of the state board of control in charge of state institutions replied today to published criticism in republican papers because the board of control authorized the E. E. Howell Coal Co., of Omaha, to furnish the fuel for nine of the fifteen institutions.

The board secured an agreement from Howell to furnish coal to the state on the basis of 5 cents per ton profit. The next lowest bid called for about 10 cents per ton profit, members of the board of control declared. The board considered itself especially fortunate in securing the agreement, Mr. Mayfield declared.

Republican papers have raised a kick on the ground that Howell, the senior member of the firm, is also a state senator. It is claimed that the constitution expressly forbids a state officer from entering into a contract with the state.

"There is no contract in that sense of the word," Mr. Mayfield declared. "Mr. Howell merely acts as purchasing agent for the state. Our position is supported by an opinion from Attorney General Reed."

"I imagine the people of the state are much more interested in saving 5 cents a ton on 25,000 tons of coal, which will be needed to supply the nine institutions, than the attempt of the press to throw a partisan light on the arrangement."

U-BOATS CAN'T WIN WAR, SAYS REICHSTAG SOCIALIST

Copenhagen, Oct. 18.—At the convention of German Socialists at Wurzburg, Dr. Edward David, reichstag member, declared the war could not be ended by submarines. Germany had not been spared a fourth war winter through the operation of the U-boat, he said, and would not be able to force peace upon England in a few months, as the pan-Germans claimed, or even in one or two years.

At yesterday's session Hermann Mueller, of the executive committee, said: "Alsace-Lorraine under no circumstances could be made a subject of discussion in the peace negotiations and that these provinces could be wrested only from a completely defeated Germany."

The conference by a vote of 284 to 26 rejected a motion binding the party to vote against war credits in the reichstag.

A resolution was submitted, signed by 118 delegates, demanding the restoration of Belgium and protesting against division of Alsace-Lorraine.
