WHILE WE ARE CANNING THE KAISER

Tune—Marching Through Georgia. Sung by Hebron High school lads and lassies at the railway station when the soldiers left for Camp Funston

Bring the good old bugle, boys, we'll sing another song; Sing it with a spirit that will move the world along; Sing it as we need to sing it—many millions strong— While we are canning the kaiser.

Oh, Bill! Oh, Bill! We're on the job today! Oh, Bill! Oh, Bill! We'll seal you so you'll stay! We'll put you up in ginger in the good old Yankee way. While we are canning the kaiser.

Hear the song we're singing on the shining roads of France; Hear the Tommies cheering and see the Pollus brand; Watch the Yankees coming to give the Huns a dance— While we are canning the kaiser.

Bring the guns from Bethlehem by way of old New York; Bring the beans from Boston—and don't leave out the pork; Bring a load of soda-pop and pull the grape-juice cork— While we are canning the kaiser.

Come, you men from Dixie land, you lumber jacks of Maine; Come you Texas cowboys and you farmers of the plain; From Florida to Oregon we boast the Yankee strain— While we are canning the kaiser.

Now we've started on the job—we mean to put it through; Ship the czars and kaiser all and make the world anew; Clear the world for common folk, for men like me and you— While we are canning the kaiser.

the convention of the Southeast District of the Woman's Auxiliary. On their arrival at Nebraska City they were met at the train by Mrs. Blondell and Mrs. Wilson, with their cars and taken directly to St. Mary's Episcopal church, where Holy Eucharist was celebrated by Father Noble, of Falls City, assisted by Rev. Barnes, of Nebraska City.

After this service, a short meeting was held, which was presided over by Mrs. Tracey, of Omaha, Diocese President of the Woman's Auxiliary. Miss Florence Davis also told of the work being done at Wyoming and Father Noble of Falls City then gave a talk.

gave an excellent address. Mrs. Biller is a very bright and capable woman and her address on the work and their plans was listened to with much interest by the ladies. After this address Mesdames Aldrich and Wilson took the ladies out in their automobiles for a ride in and about the city, which was most thoroughly enjoyed.

On their return, the ladies were treated to a lovely supper. The St. Mary's Episcopal church at Nebraska City has just lately been remodeled and the results are reflected in a most beautiful little church edifice. Rev. Barnes, rector of the church, formerly resided in this city and has a large circle of friends here who are interested in his continued success.

The ladies from this city returned home on the flyer over the Missouri Pacific, reporting a delightful time and a splendid meeting.

Those in attendance from Plattsmouth were Mesdames Henry Herold, Edith Donelan, Earl Stanfield, James Donnelly, J. S. Livingston, T. P. Livingston, Higgins of Chicago, Eva Reese, George Dodge, and R. A. Bates and the Misses Barbara Ger-

AIRPLANES DROP LOAVES OF BREAD TO BRAVE ROMANS

ITALIANS PUT UP DESPERATE FIGHT, HOLDING MONTE NERO THREE DAYS ON ONE DAY'S RATIONS.

London, Nov. 1.—The Daily Mail's correspondent at Italian headquarters in a dispatch dated Wednesday says: "General Cadorna's candid admission of the failure of the section of his army gives a clue to the real causes of the enemy's advance. On the other hand, in most cases really desperate resistance was made. "The men on the Bainsizza plateau, who had suffered worst from the shelling, nevertheless brought up machine guns, held off the attacking forces for an hour and made several hundred prisoners. The resistance on Monte Nero was especially desperate.

While the fifth Bersaglieri brigade held the Globocak ridge many hours, other troops defending the direct entrance of the pass into Italy at St. Lucia fought desperately, the village of St. Lucia being taken and retaken at least eight times.

From Friday's Daily. George Young, of Alva, Oklahoma, who has been at Omaha for the past few days, where he went to see his brother, Robert Young, who is at a hospital in that city, as a result of having fallen some fifteen feet from an apple tree two weeks ago, breaking one of his hips and thigh bone, came down last evening. Mr. Young reports that his brother is feeling somewhat improved on account of his limb having been placed in a plaster cast, where it will be kept for the present. It is hoped that in the course of a week or ten days he will be so far improved that an X-Ray picture can be made of the injured member. As yet it is not known if it can be set without an operation or not. By the time the leg has remained in the cast a week and the swelling has subsided, they will be able to tell more definitely what can be done.

He is apparently alright now with the exception of his back which gives much trouble, and being sore all over.

MYSTERY SHROUDS TRAGIC DEATH OF AX FEUD WITNESS

VILLISCA PHOTOGRAPHER, FOR WILKERSON FACTION, IS FOUND DYING AT ALBIA, IOWA

Revolver Beside Him, His Prostrate Form Found on Burlington Freight Depot Platform. Albia, Iowa Nov. 1.—J. W. Noel, Villisca photographer, actively identified with the Wilkerson faction in the Montgomery county ax murder feud, and star witness for the Burns detective agency in the \$60,000 slander suit instituted by former State Senator F. F. Jones, was found dying on the platform of the Burlington freight depot here today.

There was a bullet wound in the center of his forehead. Noel was rushed to the Miners hospital, where, an hour later, he died without regaining consciousness.

A 32-calibre revolver was found near the prostrate form when trainmen made the discovery. Mystery surrounds the man's death and the authorities are unable to say whether murder or suicide is involved.

No possible reason for suicide has been advanced. Noel was known to have a prosperous business. It is theorized by some that he may have been murdered as a result of the ax murder feud which has been raging in Montgomery county for the past two years.

Feeling is exceedingly bitter on both sides. Noel is the man who testified in the Jones-Wilkerson slander suit of overbearing Senator F. F. Jones, his son Albert, Bert McCall and another man plot to quash an investigation of the ax murder crimes. His testimony proved one of the sensations of the highly lurid trial.

Noel said the plot was concocted at the rear of the Jones implement shed in Villisca, one night in May, 1916. Through a crack in the shed he said he recognized the alleged conspirators when one of the men lit a cigar lighter.

BOARD OF EDUCATION BUYS PLAYGROUND

From Saturday's Daily. At their last meeting the Board of Education purchased three lots directly west of the Columbian school, which will be made a playground for the scholars attending at that place. The ground heretofore has been inadequate for the number of scholars attending this school, and it has been the endeavor of the Board to have the means for recreation enlarged. The price which was paid for the grounds was only nominal, and the addition to the appointments of the school is greatly increased. The ground lies directly across the alley from what the school is situated upon. This will be greatly enjoyed by the scholars, who heretofore have been compelled to seek enjoyment in the streets or encroach upon some of the neighboring premises.
