There was no public celebration or gathering of friends in honor of the occasion and this excellent old couple just simply enjoyed the happy event as they have their many years of happy wedded life. The Journal joins with their many friends both far and near in trusting that they may live to enjoy many more anniversaries of their wedded life.

NO PLACE FOR DISLOYALTY.
From Wednesday's Daily
It has been reported that one of the teachers of our rural schools has so far forgotten herself as to teach that the ability of the United States to meet their obligations on the payment of bonds was not the best, and that they had failed to pay bonds issued in the past. Advising the non purchase of the Liberty Bonds. This was reported to a government secret service man, who it is claimed interviewed the teacher, with the results still pending. Be this as it may, there is one thing which is certain. There is no place for disloyalty in the public service, in what ever branch it may be found. This war may not be of the choosing of any one particular citizen, whatever their ancestral nationality, but this much is true. That we are at war, and he or she whoever they are that places themselves in the position of doing or saying anything which will in the least have a tendency to deter any one from doing their full duty to the Government in this crisis, is a traitor to the principles of Liberty and Freedom, and to the country which guarantees them home safety and the enjoyment of a land of peace. Such an act be it of a school teacher, or one in any position in life, he should be placed in confinement until such a time as their case could be disposed of. There are many who slyly talk against the things which are necessary to be done to successfully prosecute this war. There is no middle ground, one is either a patriot or he is a traitor. Stand over in line and be counted, you are either one or the other. If you are not for this country you have no right to remain under its protection.

They had a sumptuous supper in the early afternoon, and the feature of the afternoon's entertainment was sociability.
The afternoon was enlivened by the numerous stories of the late Jubilee Peace meeting at Vicksburg, Mississippi. Stories were told of the war, and the scenes which still show the havoc, at the site of the old battlefield. A large crowd was in attendance and to say that everybody enjoyed themselves would be putting it mildly. There is not a member of the Grand Army or the Relief Corps, but who are loud in their declaration that Mrs. Glenn is a queen when it comes to entertaining, as well as Mr. Glenn who is a prince at the art.

WILLIE RHEINACKE IMPROVING.
From Wednesday's Daily
Last evening uncle Ben Reckman returned from Omaha where he had been to visit at the Presbyterian hospital where his grandson, little Willie Rheinacke is, having been operated on a few days since for appendicitis.
The case of little Willie was an aggravated one and one in which it required immediate treatment. The operation which was accomplished immediately was the only way for relief. The little fellow is showing some improvement, but is in a rather bad condition still, though he is showing some rallying power. His many friends will be pleased to know of his showing improvement and hope that he may soon be well again.
