**SHE WAS NO LADY.**  
From Saturday's Daily.  
The most unkind and unpatriotic remark that could be made to an American soldier, was, according to the story of one of the lads stationed at the rifle range, made on the streets of Plattsmouth last evening. The young man was walking up the Main street, when a stray dog happened to pass by, and this particular young lady came along, and said, "two dogs, there is no difference between them." For shame, such a remark coming from an American born young woman, not becoming a lady, to a young man who has given up his home perhaps far more comfortable and pleasant in surroundings than hers, and perhaps his life, before he has played his part in the huge task that is before Uncle Sam's army, that she may continue to enjoy the happiness and pleasures of her home, no matter how high or low, in this great land of Liberty and Freedom. The young man made no remark or return answer to the insult and does not know who she was, but this is the story he made known to the Journal office.
