ENTHUSIASTIC Y. W. C. A. MEETING HELD YESTERDAY AT WEEPING WATER

From Monday's Daily. Yesterday a number of cars went from this city to Weeping Water, where a mass meeting of the ladies and many of the men over the county who are interested in the Y. W. C. A. work, was held. A number of addresses were made touching on the work being done by the Y. W. at this particular time.

Among those who went from here were E. H. Wescott and wife, Mrs. C. C. Wescott, Mesdames J. E. Wiles, Luke Wiles, Wm. Baird, L. E. Sprecker, John Sheldon and Mae S. Morgan.

The program consisted of singing, readings and an address by the organizer from Lincoln. In this she outlined the work which is being accomplished, such as "Hostess" houses which have been and are now under course of construction in thirty-four of the cantonments over the country. The apportionment set for this city to raise as its share of the county's total is \$400.00.

The Y. W. C. A. has taken upon itself the duty of finding homes for the orphans which the war has left, and are sending to the front people who speak different tongues, in order that they may communicate with the war prisoners from other nations and also assist them to communicate with each other. In short, they are doing everything they can to help aid the allied cause in the war and to assist humanity everywhere.

Through the Bureau of Social Morality, qualified lady physicians are enlisted to promote throughout the country the highest moral standards, and incidentally incite people to a brand of truer patriotism and

love of country. Lectures to the mothers and to teachers of girls are included in this work.

Canvassers will call upon the citizens of this city and will ask of you some assistance, and this is a matter to which you should willingly give freely.

GIVEN \$25 AND COSTS AS RESULT OF IMBIBING

From Monday's Daily. Last Saturday evening one, Jay Shields, of Omaha, journeyed to this city, arriving about 10 o'clock, when he found the dance in full swing at the Coates hall, where everything was going nicely and everybody was enjoying themselves.

Our friend from up the river, having a little too much corn juice in his hide, got hilarious and created a disturbance, when Officer Jones came, and lead the gentleman, who, by the way, was just then not so gentle, toward the city bastille. On reaching the foot of the stairs he met Chief Barclay and the two escorted him to jail.

On complaint of Officer Jones, who made the arrest, Mr. Shields was given twenty-five dollars and trimmings this morning, and not having the ready cash about his person, he will be allowed to work out the fine and costs. He now makes his home at the city jail pending the liquidation of his obligation to the city for his offense against the peace and dignity of the town.

J. C. YORK HAS FOOT MASHED.

From Wednesday's Daily. While hauling cement for the paving gang on Chicago Avenue yesterday afternoon, the steam mixer, which stood in the street, popped off steam, frightening the team which was being driven by J. C. York with the result that the team backed suddenly catching one of Mr. York's feet between the wheel of the wagon and the curb with the result that the foot was badly pinched. Another workman was assisting and in attempting to extricate Mr. York had his foot mashed slightly as well. At a little after two o'clock, a workman who was moving the steam mixer to another place in some way got his foot under the engine mashing it severely. This man whose name is Nels Jourgenson was taken to Omaha by the foreman, where he was taken to the hospital for treatment.
