Mr. and Mrs. Chas. Engelke, residing seven miles west of Murray, celebrated their silver wedding on Saturday evening, December 29th.

There were a large number of friends gathered in to spend the evening in a most enjoyable manner. Our worthy banker, W. G. Boedeker, has been faithful to the job of assisting our prospective soldiers in making out their questionnaires. Glen is ever willing to neglect his own business in looking after that of his country and the soldier boys.

Mrs. G. M. Minford, who is making her home in Lincoln this winter, was taken suddenly ill Monday of this week, just how serious we did not learn. Mr. Minford received a message on Monday announcing this fact and he lost no time in making his automobile cover the distance between Murray and the capital city.

L. H. Puls, the Murray garage man, has been pretty busy for the past few days with farm lighting plants. He is just completing the installation of one of the popular little Alamo plants at the beautiful farm home of Henry Engelke, west of Murray, and one has been sold and will be installed at the fine farm home of Jake Hild. Electricity on the farm is becoming very popular, and many of them are being equipped with Alamo plants.

W. G. Boedeker, George Nickels and Frank Vallery, the committee on contract for the Murray Electric Light proposition, went to Plattsmouth Tuesday afternoon to consult Mr. Smith, of the Nebraska Lighting company, in regard to running their line to Murray. The people of Murray have completed their share of the work on this proposition, and it is now up to the lighting company to get busy and throw their line down to our town and we will have a well lighted little city. The contracts are practically closed and the company promises that it will only be a matter of from sixty to ninety days before Murray will have lights. There is one proviso, however, and that is delay in securing material for the work.

The Farmers Elevator company of Murray, held their regular annual meeting here on Monday of this week, and the regular business coming before this organization was looked after, and the business for the year just closed was found very satisfactory in every way. John Farris drove to Plattsmouth Wednesday afternoon in his new Sedan car. He was accompanied by Dr. B. F. Brendel, C. F. Harris and Bert Root. Mr. Harris went for the purpose of having an X-ray photo taken by Dr. Stuart Livingston with the hope of locating the trouble that he has been having in his side since being struck by the auto in Union a few weeks ago.

The committee, composed of Miss Margie Walker, Mesdames G. H. Gilmore, Cameron Cathy, Joe Cook and George Lloyd, went "over the top" last Saturday night with their library supper and put into the treasury \$12.25. United Presbyterian Church Notes. The Sabbath school will meet at 10:00 a. m.

Sermon by the pastor at 11:00 a. m.

The congregation will join in the union service at the Christian church in the evening.

The Missionary society will meet with Mrs. W. C. Boedeker on Friday afternoon.

Everyone is cordially invited to the services of this church.

Because of the cold weather the union service last Sabbath evening at the United Presbyterian church was not largely attended, which was to be regretted as Mr. Hughes gave a sermon that many of our people should have heard. More favorable weather conditions should bring out a good congregation next Sabbath evening.

INJURED FOOT YESTERDAY.

From Tuesday's Daily. While assisting in butchering yesterday Will A. Becker was run over by a heard of hogs in a pen, which trampled him in such a way that he is getting around but poorly. OUR POWER OF RESISTANCE AND ITS RESTORATION

Every normal individual is imbued by the nature with sufficient power of resistance to withstand the ravages of disease, and the only excuse we have for succumbing to various infections is that we have in some way violated the laws of nature, which, lowering our power of resistance, has given the bacteria an opportunity to execute their deadly work. The best remedy for the restoration of the power of resistance is Triner's American Elixir of Bitter Wine. It cleans out the stomach, removes all offending substances which become a hotbed of morbid bacteria from the intestines, helps digestion and restores the power of resistance. Price \$1.10. At drug stores. Triner's Liment is unequalled in giving quick and sure relief to those who suffer from rheumatism, neuralgia, lumbago, strains, etc. Price 35 and 65c at drug stores. By mail 45 and 75c. Joseph Triner Company, Manufacturing, 1333-1343 S. Ashland Ave., Chicago.
