MISS FLOSSIE BUTE AND L. W. WHITACRE, ARMY OFFICER, JOINED IN MARRIAGE

CEREMONY WAS LAST EVENING

Performed at Home of Mr. and Mrs. H. E. Wescott in this City by Rev. H. G. McCluskey.

From Thursday's Daily. "Sunny Side," the beautiful home of Mr. and Mrs. H. E. Wescott, was the scene of a very impressive wedding ceremony last evening, when Miss Flossie Bute and Lieut. L. W. Whitacre of Camp Sherman, Ohio, were united in marriage, Rev. H. G. McCluskey, of the Presbyterian church, a personal friend of the bride, officiated. The wedding was characterized by simplicity and was a complete surprise to her friends, being witnessed only by the members of the Wescott and McCluskey families. Mrs. Mae Morgan and her daughter, Clara Mae. The bride and groom approached the altar unattended and the beautiful Van Dyke ring ceremony was used. The American flag was much in evidence. Three large silk flags, draped attractively over a double window, formed the bridal altar, while bouquets of flags were advantageously placed about the house. After the ceremony, Mrs. Wescott served delicious refreshments. Mrs. Whitacre's home is in Hastings, Nebraska. She has been employed as instructor in the commercial department of the Plattsmouth High school for three years, during which time she has endeared herself to her pupils and a very large circle of friends. Mr. Whitacre was a superintendent of schools by profession and has since the war began entered the officer's training school at Ft. Benjamin, Indiana, and from there has obtained a commission of First Lieutenant. He is now stationed at Camp Sherman, Chillicothe, Ohio, with the 329th Infantry of the U. S. army.

He is in the west on a twenty day furlough and left this morning for other points in the state to visit his parents and sisters. He will return next week on his way back to Camp Sherman. COUNTY FUEL COMMISSION MET HERE YESTERDAY

From Thursday's Daily. The county fuel commission met at the office of the county attorney yesterday to consider the objects for which they were appointed. They took up the matter of prices which should be charged for the fuel of the different kinds, and at the different places, in order to make an adjustment of the price, that justice might be done to all. While with religious fervor some people are buying fuel in only nominal quantities, that all may have a little and all be served that the entire city and community may get through, sacrificing, some to good of all, there is a disposition of some to buy to the limit, and to be profligate with it after the purchase. There were from out of the city in attendance at the meeting E. F. Marshall of Weeping Water, O. V. Noone also of that place and LaRue Frans of Union, besides the chairman H. A. Schneider and A. G. Cole of this city.

Last evening Frank Ronne of near Weeping Water was taken via automobile to Omaha where he entered the Presbyterian hospital for treatment for trouble which he has had with his stomach for some time. From Saturday's Daily. Yesterday Willis Hyde, a young married man with two children, who had not been in the best of health lately, shot himself with suicidal intent at his home in Pacific Junction. The young man, it seems was considerably discouraged over the state of his health and thought he was taking the best way of ending it all. Mr. Hyde is a nephew of Mr. B. C. Hyde, of this city, and a son of Henry Hyde, of Pacific Junction, and formerly resided in Plattsmouth, where he was an employee of the Burlington shops. Mr. B. C. Hyde departed this morning for Pacific Junction to do what he could regarding assisting in caring for the young man. PLATTSMOUTH, 14; MURDOCK, 4

From Saturday's Daily. Last evening at the German Home was staged a game between the first basketball team of the high school and the team from Murdock. The game was a pretty fair one, but one in which the science of the local team won out over the superior strength of the visitors. The game was very interesting, as was also the preliminary one between the Freshmen and Sophomores, resulting in a score of 9 to 10 in favor of the Sophomores. The team which played the Murdock team last evening will again try issues with them at Murdock this afternoon.

MARRIED HERE 50 YEARS AGO YESTERDAY

MR. AND MRS. WILLIAM TAYLOR CELEBRATE ANNIVERSARY MOST PLEASANTLY.

LIVED IN COUNTY EVER SINCE

Surrounded by Their Children and Neighbors the Occasion Was One to be Remembered.

From Thursday's Daily. One of the happiest and jolliest crowds of Cass county citizens that has gathered for many a day, assembled yesterday at the home of Mr. and Mrs. William Taylor to celebrate the golden wedding anniversary of these good people. Everything seemed propitious for the occasion. It was an ideal winter day overhead, the roads were like a boulevard and some thirty to fifty cars seemed to be on their best behavior. A little after the noon hour about 100 neighbors and old time friends, relatives and members of the family of Mr. and Mrs. Taylor, swooped down upon them to celebrate with them the fiftieth year of the marriage. Mr. and Mrs. Taylor were married fifty years ago yesterday in Plattsmouth and have resided in Cass county ever since. That they have been highly honored and respected by all who knew them was forcefully evidenced by the company that gathered at their home yesterday to celebrate the occasion.

After a couple of hours of happy, noisy and even hilarious interchange of greetings, reminiscences and good wishes for the honored people of the occasion, the crowd was served with a splendid dinner, only such as could have been expected in a country home of this character; indeed, it would seem impossible to have been surpassed for such an occasion as called forth the service. After an already happy and joyous crowd, the dinner only served to add greater enthusiasm and interchange of good will. There was only one table prepared, at which sat Mr. and Mrs. Taylor, with four generations of their family; the father and mother of each generation sitting at the table with their children. There have been born to Mr. and Mrs. Taylor seven children, one of whom is deceased, five of whom were present and the sixth, living out at Steamboat Springs, Colorado, attempted to get here, but was blocked in by the snow of the mountains.

There was a happy coincidence also connected with the occasion as it with the Twenty-third wedding anniversary of their son, W. H. Taylor, of Plainview, Nebraska, who was present for the occasion. Others of the children present were as follows: Charles Taylor, a son, and wife, of Enid, Oklahoma; Grace Taylor-Pugsley, of Omaha and Evelyn Taylor-Stamp, also of Omaha as well as Isabel Taylor-Propst, of Ralston, Neb. Mr. and Mrs. Taylor have sixteen grandchildren and one great-grandchild. After the dinner hour was over, the company was delighted with musical numbers by Mrs. Asch and other members of the guests assembled, and entertainment was given by the children present. Following this a spontaneous offering was given as a memento of the good will of the assembled guests. First, the Social Workers of the community handed in as their offering \$10.00; then the assembled guests by spontaneous contribution swelled this to something like \$50.00 and the six children of Mr. and Mrs. Taylor added to this \$50.00 in gold as a slight token of the loving memory they had for their father and mother. Mr. and Mrs. Taylor were seated in the center of the large room of the home and the guests gathered about as the gifts were presented by C. A. Rawls in a tribute to Mr. and Mrs. Taylor on behalf of the friends present. Mr. Rawls also paid a high tribute to old age. Mr. and Mrs. Taylor were very much affected by the gifts of their friends and children, laden as they were with the good will of the guests, and they expressed a high appreciation of the remembrance which their friends and neighbors and citizens of the county had demonstrated in assembling at their home in their honor.

After another hour of happy interchange of reminiscences, story and song, the company departed leaving behind its best wishes for the continued happy career of these good people. The day will be long remembered by all who were present.

LIBERTY BONDS AND PATRIOTISM

From Thursday's Daily. We were impressed this morning at the Burlington station, at a one minute talk given by E. H. Schullhoff as he was departing for his work at Pacific Junction, Iowa. He said "It does not require patriotism to purchase a Liberty Bond, it only requires a good business sense. When a man puts himself on the back for the purchase of a bond, and credits himself with patriotism, he is trying to get paid twice, for the bonds are good investments. Exercise good business judgment. Then after that be patriots as well.

From Saturday's Daily. Last evening Mrs. Lieut. L. W. The girls had it in had to give the departing friend Mrs. Whitaker, formerly Miss Flossie Bute, a shower of rice, but as they were waiting for the train to pull out they were so full of excitement, on account of the way they were going to shower the teacher, that they could not keep still, and as they giggled around and changed the rice from hand to hand the other passengers awaiting noticed it, and calling their attention to grains as they shattered over the waiting room floor, the watchful eye of the teacher became suspicious and walking around to the end of the seat, found the floor strewn with the rice and put up her coat collar, and said you would not throw rice at me would you? Just then the train was ready, and they all climbed on the car and went to Oreadopolis with the newly wedded teacher. What they did there we do not know, but you can trust a crew of girls with the life that that crowd possessed to do something which would make the teacher remember them.

ARREST MADE BY CHIEF.

From Saturday's Daily. Last Thursday evening as John Rogers, was at the postoffice, Chief of Police Barclay, who has been having him under surveillance for some time, placed him under arrest, charged with having and disposing of whiskey. The suspicions of Mr. Barclay had been aroused for some time by the actions of this man, and awaiting until he had sufficient evidence to convict the man, Mr. Barclay placed him under arrest, and he was placed in jail. They have to be pretty smooth to get by the chief when he once gets enough evidence to justify apprehending a person.

They found the snow deep, some places with the roads drifted full from five to seven feet deep. They battled through with a great deal of difficulty for one hundred and fifty miles, until they had gotten to South Bend, Indiana, and even assayed to come on, but about ten miles this side of that place they encountered drifts which seemed almost impassible, and were compelled to return to South Bend.
