Low Cost to Soldiers. Ordinarily the cost of booking such attractions would be prohibitive.

On the other hand, practically every soldier has those at home who strongly desire to contribute into his camp life something of wholesome and cheerful entertainment.

Questions and Answers.

Q. Where are they good? A. In all Liberty Entertainments in all National Army cantonments and National Guard camps under the management of the Commission on Training Camp Activities.

Q. How can I get these Smileage Books to the soldiers? A. Send them by mail. Let the next letter you send to any camp contain a \$5 or \$1 book; think of the laughter in those coupons. And, of course, if you have a boy, son, brother, sweetheart or husband of your own in camp, you will see that he gets one.

Q. Under what authority is the Smileage campaign conducted? A. The authority for this campaign is that of the United States Government.

Q. Who supervises the handling of the finances? A. The accounts are audited by men from the War Department.

Low Cost to Soldiers. Ordinarily the cost of booking such attractions would be prohibitive.

On the other hand, practically every soldier has those at home who strongly desire to contribute into his camp life something of wholesome and cheerful entertainment.

Therefore this Council originated a type of book of tickets that members of the soldier's family and his friends may send to him at the front. They are called Smileage Books and will be made up of coupons somewhat like the mileage books of the railroads.

any better than he had liked selling life insurance, nor did he like it any better than he had liked peddling a patent clevis among the farmers during one of his summer vacations.

Florida was one place he had not been, so he started for Florida. He came through Omaha, where he met the late President Sanborn of the Standard Chemical company.

Secretary Thomas C. Havens of the company soon died and Gamble became secretary. Soon President Sanborn died and Gamble became president.

Dr. George E. Condra then told him it was ridiculous for him to go through life without his college degree, when he lacked but three hours credit, so Gamble did some in absentia work in the study of astronomy.

Thus it is because cowboy ambitions failed, because the circus boss didn't offer the job at the right moment because peddling the patent clevis wasn't pleasant, and because school teaching was not profitable, that John W. Gamble is today chairman of the executive committee of the Commercial club of Omaha.
