

ALVO.

Mrs. George Bobbitt is real sick with tonsillitis. Ray Cole, of Plymouth visited his aunt, Bina Kitzel from Saturday until Monday. Ray Fisher, of University Place vaccinated hogs for George Foreman on Tuesday. Mr. and Mrs. Clarence Bucknell, of near Elmwood, visited relatives here Sunday. Mrs. G. H. Newman, of De Witt, visited over Sunday with her sister, Mrs. Dan Williams. George Curvey went to Omaha on business Monday, returning Tuesday evening from South Bend. Carl D. Ganz, Aviation Corps, Ft. Logan, Colorado, came in on Friday morning, visiting friends here until Monday. Mrs. Robert Dinnoek and baby, of Waverly, came in Tuesday to visit her sister, Mrs. A. I. Bird and family a few days. J. H. Stroeder, who has been quite sick for the past two weeks, is not improving as his friends have hoped he would. Mrs. Ralph Uhley and children are visiting at the home of her parents, Mr. and Mrs. J. P. Rouse. She expects to leave Friday for her new home at St. Joe, Mo. Mr. and Mrs. Mari Nickel gave a dinner Sunday at their home, it being the last reunion of the Rouse family to be held before Mrs. Uhley

departs for her new home at St. Joseph, Mo. Mr. and Mrs. S. C. Boyles entertained at dinner Sunday in honor of Carl D. Ganz, of Fort Logan, Colo. The guest list included Miss Pearl Keefe, Mr. and Mrs. Dale Boyles and Ray Cole of Plattsmouth. Mr. and Mrs. George Foreman, of Valparaiso, visited the former's parents Thursday night and Friday, and Mrs. Foreman's mother, Mrs. Belle Bennett, until Monday, when they returned to their home accompanied by Mrs. Bennett.

MARRIED IN LINCOLN

Miss Marguerite L. Dye, of Lincoln and John Foreman were married in Lincoln February 6th at the home of the bride's parents, Mr. and Mrs. C. C. Dye. Those present were the parents of the couple, Mr. and Mrs. C. C. Dye and Mr. and Mrs. George P. Foreman, of this place. Mr. and Mrs. Foreman took a trip to Iowa, returning to Alvo Monday, where they will make their home. This scribe is pleased to extend congratulations.

FAREWELL RECEPTION

Tuesday morning, February 13th, the members of the Friday Club, with their husbands and children, gathered at the country home of Mr. and Mrs. L. D. Mullen, who are leaving for their new home at Chappell, Nebraska, about March first. The club had the affair so neatly planned that the entire family was thoroughly and agreeably surprised. In a short time Mrs. O. Quellhorst, the president of the club, invited the guests to the dining room. Following the fervent blessing offered by Rev. C. E. Council, a cafeteria style lunch was served with Mr. Mullen as guest of honor and Mrs. Mullen and Miss La Nita close seconds. The ladies had strictly adhered to Mr. Hoover's commands in preparing the tempting and delicious viands. There was nothing lacking in variety, quality, nor quantity in Hoover menus. The afternoon was happily spent in social conversation, music, knitting and posing for the jovial camera man. Time flew rapidly as time always does at farewell events and all endeavored to make the most of their opportunity. The club regrets the loss of its loyal members, but if Miss La Nita's health can be permanently benefited in the higher altitude of their new location, we feel that our loss will be her gain. There were about thirty-five guests present who were unanimous in wishing the Mullen family health, wealth and happiness in their new home.

NOTICE

The local Red Cross chapter is carrying on a clean-up Xmas membership campaign from February 15 to March 1, in order to give any one who did not renew their membership at Christmas time a chance to do so now.

Please hand your membership dues to any of the local officers, thereby eliminating the necessity of sending out solicitors at this time.

REGARDING CLASSIFICATIONS.

From Monday's Daily. To those who have received different classifications, from the different boards, regarding where they have been placed in the selective draft, remember in this the highest classification holds.

Supposing the local board has placed you in the fourth class, and a card comes back placing you in the first, remember that you are held in the fourth class not the first. The ruling is that the highest classification whether made by the local board or the district board holds.

Again when those who have asked a classification on agriculture and the same has been appealed to the district board, and the card comes back reducing them as to dependency, remember that there is another card to come which applies to occupation, and that it may place them higher. Await that card, and rest easy, until you get it.

Now irrespectively whether the ruling has been made by the local board or the district board, the highest classification will be the one that will govern your case.

BREAKS ARM IN OMAHA SUNDAY.

From Monday's Daily. Mrs. W. S. Askwith was a passenger to Omaha yesterday and while going to their home, which is at 43 Seward street, slipped on the icy pavement, falling, breaking her arm. A physician was called and the fracture was reduced, and while the arm is causing considerable pain, Mrs. Askwith is resting as well as could be expected. She will arrive home this evening and it is hoped that the injured member will soon be on the highway for entire recovery.

EBINGER DENIES RUMOR OF A DISLOYAL SPEECH

OFFICIAL OF HARDWARE MEN'S ASSOCIATION LENDS DRAMATIC TINGE TO THE

Convention, which Declares Newspapers Should Not be Printed in German Language

Lincoln, Feb. 10.—Fred W. Ebinger, of Plainview, Nebraska, elevated to the position of first vice president of the Nebraska Hardware Men's association, contributed a dramatic tinge to the closing session of the annual convention here Friday, when he publicly denied that he was under bond for disloyal utterances, or had ever been guilty of a disloyal act.

Mr. Ebinger said that it had been suggested to him by a committee that he make some statement to refute a rumor in circulation at the convention.

"I came to this country thirty-six years ago," he said, "and I have accumulated my property here. I am loyal to this country, right or wrong." The convention arose and gave him three rousing cheers.

The officers elected at the closing session were: President, Charles Shahan, Kearney; first vice president, Fred W. Ebinger, Plainview; second vice president, L. W. Waldorf, Western; treasurer, W. C. Klein, Milford.

In the usual course of rotation the next convention will go to Omaha.

In addition to voting \$300 for the Red Cross and endorsing a strict use of the English language in business, schools and churches, the convention went on record as opposing the German press. It declared that no newspaper should be published in the German language.

The association recommended that each merchant take upon himself the burden of advertising and selling thrift stamps for the government, and pledge support to all war campaigns.

H. J. Hall, of Lincoln, was re-elected president of the Nebraska Hardware Mutual Insurance company at its business session. The other officers chosen were F. W. Ebinger, Plainview, vice president;

WASHINGTON AND LINCOLN.

From Monday's Daily. Here is two names of great Americans, no one can say but they are ones which all Americans are proud, and ones which no act of there's has ever cast a shadow on the fair name of this Republic. They gave their service and they lived for the land which they loved. While in the tenness of the struggle for the maintenance of the freedom for which they fought, we cannot afford to forget them or the services which they have rendered to this country. Tomorrow is the birthday of that great American, Abraham Lincoln, and coming just ten days hence is the birthday of the Father of His country, George Washington. It has leadership, all contributing to a great increase in the production of spring wheat, oats, corn, potatoes and other food crops, and, finally in assisting in facilitating marketing.

A COUNTY AGENT IN EVERY COUNTY BY PLANTING SEASON

From Monday's Daily. Assistant Secretary of Agriculture Carl Vrooman in addressing the conference of County Agent Leaders in Chicago said in part as follows: "Your Government*****has outlined a very definite program for the development of county agent work by the end of this fiscal year that, in the ordinary course of things, would have required six years. For that purpose, Congress has placed at the disposal of the Department of Agriculture millions of dollars.

"This wide and rapid development is a military necessity because of war conditions. We need and must have a county agent in every agricultural county in the United States by the beginning of next planting season*****before the actual planting begins."

Already more than three-fourths of the agricultural counties of the United States have organized Farm Bureaus and have county agricultural agents at work.

The Government will contribute \$1200 per year to Nebraska counties employing regular agents and will extend the franking privilege which means free use of the mails to the county agents.

Nebraska counties have been contributing from \$1500 to \$2400 per year. The counties contributing more funds, do so for the purpose of extending the county agent work so that it may cooperate with and assist all of the various agricultural organizations working for the betterment of the county. So many requests have come in from county commissioners and county clerks asking for information on this financial cooperation that it has seemed advisable to furnish this information to all counties.

MOVING TO LIBERTY, NEBR.

From Monday's Daily. George B. Cunningham who some years since came to this city from

PUBLIC SALE!

The undersigned will offer for sale at Public Auction at his home known as the Pleasant View Farm, 3 1/2 miles east of Murray, and 8 miles south of Plattsmouth on

Multiplying Man Power

DELCO-LIGHT increases the man power on the farm. It does the chores—milks the cows—churns the butter—separates the cream. It pumps the water and grinds the tools. It provides light for the barns and outbuildings, lengthening the working day. It pays for itself quickly in time and labor saved. And in addition to all this it brings city comforts and conveniences to the farm. There are over 50,000 Delco-Lights supplying electric light and power to farms, country homes and businesses throughout the world. DELCO-LIGHT is self-chronking—air cooled—stops automatically—has a thick plate long-lived battery—ball bearings—no belts—RUNS ON KEROSENE.
