

## The X-Ray Sees Where the Dentist's Eye Can't

It removed the blindfold from the eyes of the progressive dentist and guides his hand to the root of the trouble.

It makes sure that the foundation is sound before it allows the operator to build a new tooth.

It gives you dentistry that cannot be compared with the ordinary kind.

It affords you lasting satisfaction instead of temporary relief.

Dr. Flaugher includes the X-ray in his examinations, thereby shortening the treatment and giving dental relief in the shortest possible time.

All extractions and other operations are made practically painless through careful treatment and most modern equipment.

"All For One and One For All"—President Wilson

## Saturday, February 23rd to Saturday, March 2nd

"Serve the nation"—that's the call to every one.

"Keep business humming for your country's sake," is the slogan.

As long as we are prospering we can pay our enormous war costs and have enough left to help our allies, but—if we do not prosper—if business halts—if money is hoarded through false economy or fear—then and then only, will we be hard pressed.

In his momentous message to his country, President Wilson sounded a mighty appeal to all stores—to this store—and to all patriotic citizens—to YOU—to do their part to keep business humming. Every one is going to do their "bit," and there is much to be done besides fighting in the trenches or flying over fields and houses dropping bombs of destruction below.

### YOUR PART AND MY PART

To do their part to keep money in circulation is the first duty of every real patriot. This store will do its share. Business will continue with us as though conditions were normal. We shall strain every effort to eliminate waste and reach the highest point of efficiency. President Wilson's words, "Low profits and quick service," have been made a fact here.

The nation's sensible patriotic program calls for elimination of waste and extravagance, but not for a lowering of our living standards. You personally play a most important part for upon the individual depends whether we go on to prosperity—the most important thing at present—or otherwise. The nation's success depends largely upon whether you and I, the individuals, keep up our normal purchases.

National Service Week is a week set aside for the purpose of starting the people of Plattsmouth on the road to sensible, patriotic economy. Don't miss the occasion.

Look through the items in this advertisement and you'll see many reasons why you should come to this store during National Service Week—Saturday, February 23rd to Saturday, March 2nd.

# HOSIERY

is our leading special during this entire week. The stress of war time has dealt more severely with the hosiery market than almost all others; the dye shortage adding to the seriousness of the situation. However, we have been enabled to continue in nearly all instances, "before the war" qualities, and as a special inducement to you to anticipate your season's wants are offering them to you at "before the war" prices.
