Thrill Stamps--

The war is costing the United States \$1,000,000 an hour.

To offset this steady and tremendous drain upon the nation's cash resources, there must be a corresponding stream of dollars flowing into the national treasury.

Thrill stamps and war savings stamps offer the people an opportunity to deposit their daily, weekly or monthly savings with the government.

In return the government will repay the principal with 4 per cent interest, compounded quarterly. As an example of how the investor's money will grow, sixteen war savings stamps, costing 25 cents each, or \$4.00 in all, with 12 cents added, will entitle the depositor to \$5.00 on January 1, 1923.

As an investment, safety considered, there is nothing better on the market today. All the resources of the richest government on earth are behind the stamps.

Seen Have Light.

The Nebraska Lighting Company report that they have received word that the poles for the laying of the wire from Plattsmouth to Murray, have been shipped, and are expected here most any day. Other materials have already arrived at this station, and it almost seems lighter in and around Murray right now. The company have promised us light by the first of May. The Murray people are now getting anxious for electricity in their homes and upon the streets. The sooner it arrives the better they will be pleased.

Suffered Delays.

There has been a young fellow in Murray for a couple of days this week that is sure up against a pretty tough journey. He started from Omaha Sunday morning, bound for Oklahoma in a Ford car. He arrived as far south as the Wiles corner, just south of the Murray line, when he landed to the ditch by the side of the road and needed assistance to get out. He was helped to Murray that evening where he remained until Tuesday and attempted the journey again only to turn back after reaching the first low spot just east of town. He will remain with us a few days longer.

Very Sick Lady.

Mrs. John Hendricks has been very ill for the past few days, from hemorrhages of the lungs. From those who have been traveling the roads around Murray for the past few days, we are informed that there are a number of culverts needed in this community. One is badly needed just west of the Minford corner leading into Murray, and one just south of the same corner. There is considerable grading needed at these points also. It is almost impossible to get through these places even with light loads. The road overseer and commissioners should get together and repair these places just as soon as the weather will permit.

Mrs. Emily A. Latta.

Emily Ann Patterson was born Oct. 27, 1841 near the village of Cross Creek, Washington County, Pa. and there grew to womanhood, receiving a good education first in the public schools of the vicinity, and in a widely known seminary for young ladies at Washington, Pa., then and for many years under the very efficient superintendence of Mrs. S. R. F. Hanna, one of the recognized educational leaders of that period. Later she also attended another seminary located at Steubenville, Ohio.

In 1863 she came west with her brother, James, who was moving to Nebraska and located at Rock Bluffs this county, and there she remained about two years. She then returned to her home in Pennsylvania, and July 24, 1865 was married to Samuel G. Latta. After some months they located on a farm in Rock Bluff township, four miles northeast of the site of the present village of Murray, and lived there until 1885, when they moved to where the village of Murray was later established, the village being located partly on their farm. That has ever since been their home.

Early in life Mrs. Latta made profession of her faith in Christ as her Saviour, and became a member of the Presbyterian congregation of Cross Creek, Pa., of which Dr. John Stockton, a somewhat distinguished minister was then pastor, a position that he filled for fifty-two years, Feb. 3, 1865 she transferred her membership by certificate to the United Presbyterian congregation of Rock Bluffs near Murray, Neb., in which she has had her church home for fifty-two years. Her husband united with the congregation by profession at the same time she joined by letter, and they at once established a family altar, which has been maintained all these years. Their membership in the congregation of Murray antedates that of any others now in the church, by more than thirteen years. As a member of the church, Mrs. Latta never aspired to a leading part, but was always recognized as a quiet, faithful and devoted follower of her Saviour and Lord. She loved her church, attended services regularly when able to do so and maintained a deep interest in the church until the close of life. As she was nearing death she gave renewed assurance of her hope and trust in Christ as her personal Saviour. For many years the ministers supplying the congregation when it was without a settled pastor were always hospitably entertained in the Latta home, and she greatly regretted when failing strength made it no longer possible for her to render this service to the congregation. She was the last mem-

ber of her father's family to be called away by death, and is survived by her aged husband and only son, James P. Latta and by a large number of relatives.

The funeral services were held Sabbath at 11 o'clock in the church where she had so long worshipped and were conducted by her pastor, Dr. J. B. Jackson, assisted by Rev. D. L. Hughes of the Christian Church. The interment was in the Young cemetery northeast of Murray.

"CLEOPATRA" COMING SOON.

In producing so remarkable a spectacle as "Cleopatra" in which Thea Bara is said to give a gloriously effective portrayal of this Egyptian beauty, more astonishing in its detachment of love and passion than has ever before been portrayed on the screen, William Fox has revealed the limits of motion picture production. There have been plays, also pictures, that have aimed to disclose the motives and causes leading to the downfall of women, with the avowed intention of warning them of the pitfalls that are always open for them to fall into, but here is an illustration that great men, too, are quite as easily led away from duty and their wives, when a bewitching woman determines to win them over to herself. Julius Caesar, Marc Antony and Pharon, the hereditary king to the Egyptian throne, who had sworn to kill Cleopatra, are the three illustrations of the weakness of man that are used in this picture production. And modern men were never so entranced by the display of magnificence, the gorgeousness of surroundings, the fetes and feasts given in their honor, as made by Caesar and Antony her slaves. Cleopatra was the arch siren of the world and as such she will be personified by Miss Bara in "Cleopatra" at the Gem March 12 and 13.
