

LIVELY MEETING OF COUNCIL LAST EVE

FULL OF LIFE FROM START—A TILT OVER SMALL FOX SPREADING

OBJECT TO JOURNAL CRITICISM

Pass Resolution Claiming Thrust of Paper as Unnecessary Delays Was Uncalled For.

From Tuesday's Daily. Every member of the city council was in his place when the Mayor called for the reading of the minutes of the previous session...

Report on Occupation Tax.

Table with 2 columns: Name, Amount. Includes Standard Oil Co., Burlington Railroad Co., Adams Express Co., etc.

Turned to treasurer \$289.90 Then followed the report of the finance which showed the

Bills Paid.

Table with 2 columns: Name, Amount. Includes Adams Co. Mide., C. Ethel, bury dog, G. H. Savies, insurance, etc.

The reading of the monthly report of the city treasurer came which showed the following condition of the city's finances:

Table with 2 columns: Name, Amount. Includes Funds moving net bal., Funds overdrawn, etc.

Table with 2 columns: Name, Amount. Includes Amount of Registered Warrants, Assets of all kinds, etc.

Table with 2 columns: Name, Amount. Includes Amount of registered indebtedness, etc.

When the routine business was over with the matter of the contagion which is prevailing in the city, was brought to the attention of the council by Mr. E. W. Harris of the 8th ward...

He complained that some one had been asleep at the switch, or the conditions would not have been so grave as they are at this time.

"When" he said "the physician was called to his home and passed upon the case of his daughter who attended the central building, the doctor said 'You caught this small pox at the central building, and there is a nest of it there.'"

Councilman Harris seems very bitter about the way things were conducted, and said that C. N. Hansen who is at the city jail with a case of small pox, had been out on the streets talking to people, when he was supposed to have been locked up, with the disease...

Bestor reported the entire completion of the Chicago avenue sewer and recommended the paying of the balance which was something over two hundred dollars, of the contract price which had been held back until the completion and inspection of the work.

The Journal Editorial.

At this juncture the Mayor, said that he had read an article in the Journal, which has reflected upon somebody, and he wanted to say that he had lived in this city for over twenty years and that no one had a right to question his honesty and that he thought that the councilmen were the same way, he asked, did any of you get any money for not having the Chicago avenue contract finished...

This was ruled out of order by the mayor. Harris then offered a motion, asking that the board of health take the matter up, which received a second and was carried.

Mayor reported that there were over a thousand cases of small pox alone in Omaha, and that we were not so bad. It was reported that Hastings has closed her schools. It was reported that the picture shows and pool halls were being required to fumigate each evening after closing.

Councilman Luschinsky recommended that the board of health secure the services of a visiting nurse, which would examine every family, and quarantine such as exhibited any symptoms of contagion, the Mayor said that the board of health would take the matter up.

Report of Fire Chief.

At the fire on the premises of C. H. Biggs, which resulted from a defective flue, and at which place Byron Reed lived, it showed the building to be valued at \$1,200 and to have an insurance of \$1,000, the loss on the occasion, being \$4.25.

Report of Chief of Police, showed one arrest, one cash fine. Report of Police Judge showed one fine ten dollars and costs four dollars.

Water Bill For Contractors Use.

Some time since a bill was presented for water used for the mixing of concrete, for the use on the avenue, and which the city was to pay. The bill amount to \$135.00, and the amount of water consumed being 743,000 gallons. The estimate of the amount of water needed was less than that by a good deal than 100,000, but to be fair it was suggested that 100,000 would be generous. It was decided that the city would pay the bill, and a motion prevailed to that effect, and charge the difference to the contractors.

Councilman Harris offered a motion that 100 Evergreens be purchased to replace those which had died at the cemetery, and which were to cost ten cents each, the motion prevailed.

The Lighting Committee.

Under this call, Mr. Fay Smith, who is the superintendent of the Nebraska Lighting company in this city, was present and was asked if he had anything to say. He told of having some line trouble, which short circuited the half night line, burning out all the lamps and the following night the same occurrence transpired, which so exhausted the stock of lamps, that they had not enough to replenish the ones burned out. He also stated that they had gotten all the lamps from Red Oak, and they were used, but that more lamps were expected soon, then those not burning would be replaced.

Luschinsky called attention to the dumping of brick, glass and iron on Richey street, which Mr. Smith explained was done by mistake, and would be removed. He then said that he would like to have privilege of spreading ashes from the ice plant which the lighting plant had acquired which was given, and then the councilman from the various portions of the city asked to have cinders hauled to their yards for filling holes. These were ordered. Harris asked that the special committee on coal be discharged. Weber asked that the road to the cemetery be put in condition for travel. Bestor asked to have the catch basin at the O. K. Garage lowered and that McMaken be allowed to pave a portion of the street near the garage. This was granted.

Luschinsky asked to have some grading done near the Winterstein Hill school house, which was deemed necessary by the council and ordered. Buttory complimented J. H. McMaken for his keeping 10th and 11th streets north of avenue dragged and asked to have crossings cleaned on avenue.

On motion by Bestor, a permanent walk was ordered from seventh to Washington avenue on the north side of Oak street, abutting the property of the Dovey estate, also a crossing on both Seventh and Eighth streets.

The clerk was instructed to give sixty days notice or the city would place the walks and assess the amount to the property.

Bestor reported the entire completion of the Chicago avenue sewer and recommended the paying of the balance which was something over two hundred dollars, of the contract price which had been held back until the completion and inspection of the work.

The Journal Editorial.

At this juncture the Mayor, said that he had read an article in the Journal, which has reflected upon somebody, and he wanted to say that he had lived in this city for over twenty years and that no one had a right to question his honesty and that he thought that the councilmen were the same way, he asked, did any of you get any money for not having the Chicago avenue contract finished. The article which was taken exception to reads: "The Journal marvels at its patience when it considers that it has remained quiet a whole winter, while Chicago avenue has remained blockaded because

Mothers Thank Us

Keep your growing girls free from colds and weakening coughs and you are helping them to healthy vigorous womanhood. Thousands of mothers have written letters of thanks, telling what

Foley's Honey and Tar has done for their daughters in ridding them of coughs that "hung on" and weakened them just at the age when the young girls required all the physical strength they could command.

Foley's Honey and Tar is noted for its quick effect on coughs, colds and croup. Mrs. Ada Sanders, Cottenwood, Tenn., writes: "We use Foley's Honey and Tar as our best and only cough remedy. It never fails to cure our two girls when they have colds." "SOLD EVERYWHERE."

a contractor has failed to comply with his contract. Now somebody is to blame for this. Who is it? Who is getting paid for this delay?"

After the mayor had finished his address, and asked for expressions of the members, Wm. Weber arose with a smile, saying, well, we have been a long while with the avenue in this condition, and we should get after this matter and have the contract completed, but I do not think anyone has received any money to keep it from being done.

C. A. Johnson, with a smile on his face, broad as the autumn moon and evidently tickled about something, said, "I like Mr. Weber, think we should have gotten after this matter of the failure of the contractors to complete the contract a long time since, and this will perhaps help us in getting the contract finished, still I do not think there are anyone receiving money for the contract not being finished."

Bestor said, I was astounded when I read the article, and I wondered what it could mean. He explained the difficulty with which the contractors labored with in securing material.

Johnson and Buttory both replied that three whole weeks of good weather were felted away, because the force was taken from this city and used elsewhere when material was piled in the streets.

Luschinsky said the work should have been done long ago, and that everybody knew it, but he thought the article was rather harsh. The contract called for completion in ninety days, and at the time of settlement the council should see that deductions should be made for failures to complete contract on specified time.

The Mayor said we expect to make them pay for the delay when the time comes for settlement.

Side Walk Ordinance.

Then came the reading of the new ordinance, or rather the amended ordinance which specified the width, and construction of the walks especially on main streets between Second and Eighth streets, which shall be twenty feet in width, and the cross streets, between Vine and Pearl which should be eight feet in width. A fine of one hundred dollars was designated to be assessed for anyone violating this ordinance.

Buttory called attention to the matter of placing stop cocks in the gas supply pipes leading into buildings, as the lack of one caused the second fire at Zuckewer & Lutz store. This was ordered.

Johnson called the attention of the council that a long time ago a flag had been put on the city hall, and that it was time to put up another and offered a motion to that effect, which Bestor included a small one to be hung behind the desk of the Mayor and clerk. This prevailed. This completed the business of the evening.

VISITED WHILE THE SCHOOLS WERE CLOSED

From Monday's Daily.

About two weeks since, the schools were closed at Alliance on account of the prevalence of Scarlet Fever, and while it was so closed, Mrs. C. W. Grassman and the children came down here for a visit and have been the guests of both the parents of Mrs. Grass, H. T. Batton and wife, and the relatives of Mr. Grassman, Mrs. W. H. Mann and other relatives. Today Mrs. Grassman received a message saying that the schools had opened this morning, so this afternoon they departed for their home in the northwest.

ARE MOVING TO THE WEST TODAY

From Monday's Daily.

Ed Worl, who for nearly fifty years has made his home near Rock Bluffs, where he grew to manhood and married, and now has a family growing up around, had disposed of his interests here and with his family today departed for Haxton, Colorado, where he some time since purchased a farm. Mr. Worl in leaving here is going to a new country to make a home, and we are sure he with his family will make a success in the west, the country is good there and the opportunities are excellent, and within Mr. Worl and the family there is an abundance of energy and capacity for good hard work which will tell in the winning of a home in the west.

We are wishing them good fortune there and that they may like their new home.

SCHOOLS WILL SELL WAR SAVING STAMPS

From Monday's Daily.

Through the efforts of Ward M. Burgess who has state sale of the War Saving Stamps in hand, the state superintendent of schools has issued an order to have all county superintendents of schools issue orders for the closing of the public schools on Friday March 22, which day is to be devoted to the making a drive for the sale of War Saving Stamps. County Superintendent Miss Alpha Petersen has issued an order to the schools of the county to close on that day and also to confer with the school boards of the various schools, that they may work in unison in the making of the drive. This is to be a day in which will be enlisted the work, the spirit and enthusiasm, and the patriots of the youth of the land for the cause of America. It is state wide, and it is expected that there will be over two hundred thousand sales of War Saving Stamps made. The idea of enlisting the school scholars in this drive for Liberty and Humanity is one worthy of the best efforts of not alone the school children but every loyal citizen of the country.

WILL TAKE TREATMENT.

From Monday's Daily.

Thomas Wiles has just received a letter from his son-in-law, Charles Finch, in which he states, he will have to go to Rochester, Minn., with his wife, who is the daughter of Mr. Wiles, formerly Miss Grace Wiles, who is troubled with a gaiter, and where they will have the gaiter treated, if treatment will suffice, and if not will have to have the necessary operation made for its removal. The many friends of the former Miss Wiles, now Mrs. Chas. Finch, will remember her, and will wish that she may have a successful treatment of the malady.

A Short But Strong Statement.

Women with backache, rheumatic pains, sore muscles, stiff joints or other symptoms of kidney trouble should read this statement from Mrs. S. C. Smith, Clayton, N. Swift & Company Publicity At a recent hearing of the Federal Trade Commission there was introduced correspondence taken from the private files of Swift & Company, which showed that the Company had been considering for some time an educational advertising campaign. The need for this publicity has been apparent to us for several years. The gross misrepresentation to which we have recently been subjected has convinced us that we should no longer delay in putting before the public the basic facts of our business, relying on the fair-mindedness of the American people. The feeling against the American packer is based largely on the belief that the income and well-being of the producer and consumer are adversely affected by the packers' operations, resulting in unreasonably large profits. Swift & Company's net profit is reasonable, and represents an insignificant factor in the cost of living. For the fiscal year 1917 the total sales and net profit of Swift & Company were as follows: Sales \$875,000,000. Profits \$34,650,000. This is equivalent to a \$3,465. profit on a business of \$87,500. If Swift & Company had made no profit at all, the cattle raiser would have received only one-eighth of a cent per pound more for his cattle, or the consumer would have saved only one-quarter of a cent per pound on dressed beef.
