## ALL MUST UNITE TO HELP FARMER HARVEST HIS CROP

MERCHANTS AND BUSINESS MEN WILL HAVE TO CLOSE UP SHOP AT BUSY TIME

And Go Into the Fields to Aid in Gathering and Conserving the Gigantic Crops of 1918.

Washington, March 13.—Merchants and business men in the centers adjacent to agricultural communities have got to close up shop and go to work on the farms this summer and fall if American crops are going to be harvested. This was the message expressed to the senate committee on agriculture today by Clarence Guseley, assistant secretary of agriculture.

"We are not worrying about the farm product acreage or the crop," said Mr. Guseley. "We are worrying about the farm labor shortage. The department and other agencies are doing everything they possibly can to help the situation but we cannot do enough."

The business men of the country must awaken to the situation. If merchants in towns near agricultural communities will close their stores on certain days and let the able-bodied men in the towns help out on the farms, it will help a great deal. They will simply have to do it. That's all there is to it. It was done last year with great success in certain communities, but it will have to be done generally this year.

Before the house agricultural committee, H. S. Owen, editor of a Paul farm journal, declared that he was "slightly scared to death" over the crop situation.

### MORE WORK FOR COUNTY CLERK

By the passage of the Nebraska State Hall Insurance Law, last year, there had been added to the labors of the county clerk much work, as the caring for this department will require a great deal of clerical work. The law provides that the district assessor shall take from the farmer applications at the rate of 25 cents per acre insurance and one-half of one percent, the percentage which goes to pay the extra work of the assessor. This application and the premium are brought to the county clerk who issues the policy, and turns the money into the county treasurer, and reports to the state insurance department at Lincoln.

### TREIGHT WRECK IN M. P. YARDS

At an early hour this morning two extra freight trains going north on the Missouri Pacific got together and crushed a way car, bruising and straining the back of conductor McDowell of the front train. The engine of the train following, struck and telescoped the engine of the train ahead, crushing it and sending the conductor to the wreckage. The engine of the train ahead was derailed and the engine of the train following was derailed. The wreck required forty minutes. It was thought that he would not have been gotten out

alive, and it is not supposed that it was possible for a man to have been crushed in against the end of the car, with the head of the boiler, and be alive, but in fact he was able to walk and converse when he was taken out. The wrecked car was so badly demolished that the scraps were burned to get them out of the way, as they were entirely worthless for any use except it would have been for fire wood.

### CELEBRATE WASHINGTON'S BIRTHDAY

The Trench and Camp, a paper published at the camps, gives an account of the celebration of Washington's birthday at Camp Cody in which Lieut. Harry F. Stone took a part, relative to what he has to say on the subject, we quote from the Trench and Camp:

Gives Early Life of Washington. Lieut. Stone held the attention of the boys with a lucid picture of the early life of Washington, bringing out the little known fact that Washington earned the official rank of major at the age of 20, was colonel at 23 and distinguished himself in those early days by hazardous exploits to Fort Duquesne and Fort Pitt.

### NOW LAYING SOME BRICK

The gang of workmen which came from Omaha yesterday morning began laying some of the brick, and it looks really like there was going to be something done towards the work, and we are in hopes that there will be work done which will result in fixing the thoroughfare so it can be used by the public, its their due.

### MRS. A. E. HARGETT RECEIVES INJURY

Rev. A. J. Hargett returned this morning from a trip of a few days at Kansas City, called there by an accident in which his mother, Mrs. A. E. Hargett, a lady of 76 years of age fell breaking her thigh and at her age is considered as being very serious.

At the age, it was considered as the best practice not to attempt to set the broken bone, as this would necessitate the placing of the lady in a plaster cast, and this would require the laying in that state for some ten weeks, and with her condition as it is she would not have strength for that length of time being kept in one position. Rev. Hargett in returning brought with him a sister's son, Master F. Hargett Richard, who will visit at the home of the minister and his wife.

### RETURNED FROM THE WEST.

From Thursday's Daily. This morning Charles E. Haynie and Earl Lesley returned from a three days trip to the western portion of the state, where they have been looking over some lands in Custer County, and spent some time at Broken Bow, they were well pleased with the country with the lands which they seen there.

### KILLED BY A TRAIN IN SOUTH

From Thursday's Daily. John Murray formerly of this city, but who has been living in Oklahoma for a number of years, was killed a few days since by being run over by a train. The body was shipped to Murray and buried given this afternoon. Mr. Murray was a son of L. C. W. Murray of Weeping Water, and grandson of Mrs. Elizabeth Willes southwest of this city. More extended account will be given later.

### WISH TO EXPRESS GRATITUDE.

From Thursday's Daily. The Red Cross society at Myard, who are hustlers, are doing some extra good work, and have contributed much to the cause by their earnest efforts and are willing to do whatever they can for the cause. They wish to express their appreciation to all who have contributed to the success of the work, and especially do they wish to express their thanks to Messrs. John Bergman sr., and John Bergman jr., for the present of forty dollars which they presented the branch at that place.

### WILL TRY COAST ARTILLERY.

From Thursday's Daily. Frank Miller who was one of the volunteers who was sent to Camp Cody last summer, and who was discharged on account of his back, after having been in the service for some time and in the hospital for a number of weeks, departed this morning for Lincoln, where he will endeavor to enlist as a member of the coast artillery. Frank seems determined to be of service to the government in some capacity, and therefore goes this morning for another trial.

### DEPARTED YESTERDAY.

From Thursday's Daily. Peter Campbell departed yesterday for Imperial in Chase county to make his home in the future, he having with his many friends have been loading the cars for the past few days for shipment. Peter Campbell has lived in this community for such a number of years that he has almost become a fixture, and will be missed in the community.

### BOTH SIDES LOOK AFTER THIS.

From Thursday's Daily. All you people who have lots which you are not going to cultivate this summer report to John V. Hatt, and they will be tended. All who would like to have a lot to work as a garden go ask Mr. Hatt. There is one idea in this matter and that is to get all the vacant or unused lots in cultivation at the most can be gotten out of the matter. No charge is being made for the services that Mr. Hatt is giving, he is doing this simply for the purpose of assisting the people who want lots to cultivate and those who have lots to do not care to use themselves. Mr. Hatt is contributing his time on a daffording a place of exchange between the lot owner, and the lot cultivator, make use of him to the fullest, he is willing.

### MAJOR ARRIES RETURNS FROM HOSPITAL

From Thursday's Daily. Mrs. A. M. Arries was a visitor with her son Major at the hospital at Omaha, and was able to return with him. Major is feeling much improved but still not very strong, was able to walk from the train to a car on his arrival home. The many friends of Major will be pleased to know of his being so improved as to return to his home.

## U. S. SEAPLANES WITH NEW LIBERTY MOTORS AT WORK

### FIRST OF FLYING BOATS THUS EQUIPPED ARE GIVEN A TRY-OUT YESTERDAY

Engineers Overcome Last Defect in Lubricating System—Pro-nounced O. K.

Washington, March 13.—America's first fighting seaplane equipped with Liberty motors, has been tried out and accepted it was learned tonight, and a number of the craft are now being delivered for the use of the naval air service. They are the advance guard of a big fleet which will be added to the forces engaged in submarine hunting in the war zone.

A second type of fighting plane, for the American army, known as the Bristol model, also has now reached the production stage and a considerable number will become available during the present month. Still another type, a two-seated machine, is being manufactured.

The seaplanes are substantially similar to the British flying boats, and are equipped with two Liberty motors, which provide approximately 700 horse-power to drive the ship. This is understood to be much in excess of the power used in similar British craft.

Engineers of the aircraft board now have overcome the last minor defect of the Liberty motors, having to do with the lubrication system. A number of motors taken haphazard from the quantity production supply have been operated continuously for many hours without any trouble developing.

Officials believe the output of fighting planes will tax shipping facilities before July. Already a problem of caring for the planes on the other side is one to which General Pershing's staff is giving serious thought.

The success of the Liberty motor is known to have attracted the attention of both French and British air service officials, and both governments have had experts in this country studying its construction and methods of quantity production employed.

### SPIZERINKTUM'S MEET WITH MRS. HENRY HESSE THURSDAY

From Friday's Daily. Yesterday afternoon at the home of Mrs. Henry Hesse, the Spizerinktum's held their regular meeting, at which all had a good time and enjoyed themselves to the utmost.

At about 2:05 o'clock the ladies commenced to assemble and by 3:00 they were all there, including an invited guest or two. They spent the hours in social conversation and doing their fancy work. At the proper time Mrs. Hesse, assisted by a member or two served a most delicious luncheon to which all did justice. The ladies then thought it was about time to disperse, but it was too late for the husbands had already been to the restaurant for supper, as they figured they had better eat while eating was good, as they can realize by this time when the ladies meet, what they get for supper.

The ladies then departed for their homes, voting Mrs. Hesse a royal entertainer and hostess, hoping the time would soon come when they could return for another meeting with her.

### Bad Taste in Your Mouth

When you have a bad taste in your mouth you may know that your digestion is faulty. A dose of Chamberlain's Tablets will usually correct the disorder. They also cause a gentle movement of the bowels which you will find this to be one of the best medicines you have ever become acquainted with.

### FORGOT WHAT HE NEEDED.

From the Republican, Mt. Gilad, Ohio: The editor had an interesting experience some time ago, when a young gentleman came to this office and asked for a copy of the Morrow County Republican. He scrutinized it carefully when a copy was handed him, and then said: "Now I know!" "What is it you are looking for?" we inquired. "My wife sent me after a bottle of Chamberlain's Cough Remedy, and I forgot the name. I went to several stores and the clerks named over everything in the line on the shelf except 'Chamberlain's.' I'll try again, and I'll never go home without Chamberlain's Cough Remedy." The Republican would suggest to the proprietors of stores, that they post their clerks, and never let them substitute. Customers lose faith in stores where substituting is permitted, to say nothing of the injustice to makers of good goods and the disappointment of customers.

### SEVEN CASS COUNTY BOYS FOR CODY

From Friday's Daily.

There have been called seven more of the boys to go to Camp Cody, this time instead of Camp Funston, and they are listed to go within five days of the 29th of this month, whether before or after the 29th is not known. A new ruling on the matter of selection of men to go to the camps has been put out, in which the order comes to place at the last of class one, those who from their occupation of farming, and who are actually engaged there and who are not using this as a means of getting the deferred classification.

The president has asked every citizen to assist in putting into effect this regulation, both as to placing at the last of the list those who are actually doing their best to raise something for the people to eat, and of enlightening those who are handling the matter of those who are using this as a means of only getting deferred positions.

Besides that order comes another change, which is from 29 to 28. Twenty-nine was for coast artillery to go to Jefferson Barracks, while the one substitutes for it, order number 28 calls for coast artillery to go to Ft. Logan, Colorado. Those which have been selected for the call which comes within five days of the twenty-ninth, are: Ralph J. Twiss, George H. Kopischki, John H. Buskirk, Franklyn R. Comstock, Phillip Theieroff, Joseph R. Ballin, Hiram Fields. The instructions coming with the order say that no one after the call shall be excused for voluntary induction, after the selection has been made. Robert Rebal would have come as the last one of the seven, had he not have before he was to have been listed volunteered and had been accepted in the Medical department of the service, and will go to Ft. Riley, Kansas.

### GO TO SIGN UP FOR SERVICE.

From Friday's Daily.

This morning Aubrey and Marion Duxbury departed for Omaha, where they will sign up for service in the Radio Telegraph service of the government. Some time since they were there, and took the examination, but as Aubrey was too tall for his weight, he was not accepted until he had signed a waiver, and it had been passed upon by the authorities at Washington, meanwhile Marion held his acceptance in abeyance, as they both desired to go together in the same branch, and the same place.

Yesterday a letter came telling of the acceptance of the waiver executed by Aubrey this morning, they both went to Omaha to sign up for the service, and will then await the call to the school of Radio Telegraph, where they will take training for their chosen work.

### THE COUNTY AGENT AND THE SEED CORN

From Friday's Daily.

The County Agent, would have a delightful time just now in assisting the solution of the seed corn problem. The exigency now exists, as a dearth of good seed corn, and many placed there some of excellent quality, and others where there are none.

If we were reducing the county agent to the matter of the City Agent we would be getting results from the efforts of John V. Hatt in the getting together the lot owner, and the lot tiller, and to the benefit of both, as well as the community at large. This is one good example of the duties of the office of the County Agent we could take a "hunch" from Mr. Hatt and get the right man for the place. Listen! Do we hear some one calling for the position or do we hear the office calling for some one to fill it.

### Mountain Tours—Summer of 1918

The tourist season of 1917 brought more patronage for the Burlington's Scenic Summer Tour of the Rockies, Three-Parks-one-Ticket, than ever before.

Glacier, Yellowstone, Rocky Mountain-Estes National Parks and Scenic Colorado are all embraced enroute via The Burlington's Three Main Lines.

### THE TOURIST'S TRIANGLE TOUR

### NOTICE OF PETITION

In the County Court of Cass county, Nebraska.

In the matter of the Estate of John W. Gullion, Deceased. To Mary E. Gullion, James C. Gullion, Olive Gullion, his wife, and to all other persons interested in said Estate, creditors and heirs:

You and each of you are hereby notified that on the 9th day of March, 1918, a petition was filed in this court by Howard J. Gramlich, wherein he alleges that one John W. Gullion, then a resident and inhabitant of Cass county, in the State of Nebraska, died intestate in said county on November 21, 1891. That at the time of his death he was the owner of the undivided one-half of the following described real estate to-wit: The southwest quarter (SW 1/4) of Section Twenty-seven (27), Township Twelve (12) North, Range Nine (9) East of the Sixth P. M. in Cass county, Nebraska, subject to the dower right therein of Mary E. Gullion, as in said petition set forth. That said petitioner, Howard J. Gramlich, has become the owner of the above described real estate by sundry mesne direct conveyances from the heirs of said deceased, said petitioner prays the court to enter a decree establishing heirs of said John W. Gullion and to enter a finding that all of the debts of the deceased have been paid, including funeral expenses, and for such other orders as in the premises may be proper. That said petition is set for hearing in this court on the 15th day of April, 1918, at 10 o'clock a. m., at which hearing you or any of you may be present and object, if you so desire.

Dated at Plattsmouth, Nebraska, on this 9th day of March, 1918. ALLEN J. BEESON, County Judge. FLORENCE WHITE, Clerk. m11-12
