

SUDDEN DEATH OF MRS. A. PIESTRUP IS CHRONICLED

DROPPED DEAD IN YARD WHILE ABOUT HER HOUSEHOLD DUTIES THIS NOON

Was a Long Time Resident Here—Mother of Harry Newman of This City.

From Monday's Daily. Mrs. A. Piestrup, a citizen of this place for a long period of years, fell dead at her home this noon, while going to get some onions for dinner. Fifteen minutes before noon, she was seen by Mrs. Clarence Roberson, after which both ladies went about their duties of preparing dinner. At just noon Mr. Piestrup arrived home and tried to enter the house by the side door, but found it fastened and so passed around to the rear of the house to enter, when he found the body of his wife lying in the yard. Mrs. Piestrup had been in her usual good health, but was not very rugged and had been troubled in recent years with her heart. She was able, however, to do about and look after her household duties, being engaged in doing so at the time she was so suddenly stricken down by the death angel. She was the mother of Harry Newman, and has lived in this city for a long time. A more complete account of the life of this good woman will be given in a later issue, the lateness of her demise precluding possibility of more than mere mention of her death in today's paper.

PIONEER LADY PASSES AWAY

From Monday's Daily. Last evening at the home of her son, J. B. Seyboldt, Mrs. Harriet Seyboldt, aged 83 years, and a resident of this county for over fifty years, passed away—a sheaf of well ripened grain harvested in the granary of the Lord.

Miss Harriet Harding was born in the state of New York in 1835, and came to this county, settling near Rock Bluffs precinct in the late sixties. There were two children born of her marriage, they being Mrs. A. C. Mutz of this city, and J. B. Seyboldt, of Murray, at whose home the aged lady had lived since the death of her husband some six years ago. Mrs. Seyboldt joined the Christian church years ago and has been a faithful member ever since. Arrangements have not been fully completed as to the funeral, but it will be held from the home of her son tomorrow (Tuesday) at 2 o'clock in the afternoon. Efforts are being made to have a friend of the deceased lady from Hebron officiate at the funeral, but it is not known if they will be able to secure him or not. Mrs. Seyboldt had been sick this time for only a week, but had been a patient sufferer, and had appreciated the many kindnesses shown her by her children, who cared for her to their utmost. Mrs. Seyboldt was of a noble character, and had a host of friends who mourn her death.

in her arms, made a dash, and for the last car, and with the babe in her arms boarded the train, like a Union Switchman, while Grandpa, and little Louie, had to await for the next train, with many tears on the part of Louie, while Grandpa Swoboda, well he thought it.

FROM NEAR PALMYRA.

Mrs. W. J. Quinn and son Kinney and wife, and Will Atchison, from near Palmyra, were in the city for a few hours yesterday, driving up from their home in the auto. Mrs. Quinn and daughter were pleasant callers at this office. Mr. and Mrs. Quinn have resided in southern Cass county for a great many years, their farm being on the Otoe county line, and do not get to the county seat very often, the last time being way back in the eighties when Mrs. Quinn was a young girl school teacher and attended county institute here. We trust they will make their county seat visits more frequent in the future.

DIED.

From Wednesday's Daily. At the home of his grandparents, Mr. and Mrs. F. B. Shopp Tuesday, April 2nd, Little Carl Roland, son of Mr. and Mrs. Carl Dalton. But two short weeks had elapsed since the advent of this little one brought much happiness to the family circle, and especially to the young mother whose husband was away in the service of his country. The death of this little one was very sudden as its little life had been free from illness or suffering but brief though this life was the memory of the love it brought will extend all through the coming years and they will think of their baby, "As faring on, as dear in the love of there, as the love of here". Mr. Carl Dalton who is located at Camp Funston returned on a short leave of absence to welcome the little son's coming, and now is expected this afternoon to be present when their little one will be laid to rest amid the newly springing grasses, and budding trees of the spring-time, where free from sorrow and temptation Little Carl will rest while the sorrowing hearts may feel—"Here or there in Paradise. The fold is one, since it is Thine. And grief removes its boundary. When faith forgets the line."

SENATE IS TO CONSIDER BILLS FOR EXPENSES ALSO

REQUEST FOR RETURN OF HOUSE ROLL CHEERED BY REPRESENTATIVES.

Sedition Bill Will Vacate Some Pulpits as It Is Now Drafted.

Lincoln, Neb., April 2.—The request from the senate this afternoon to return House Rolls 12, 13 and 14, the salary and expense bills brought cheers and prolonged applause from the representatives. The senate has decided to consider the measures for the purpose of at least paying the current expenses of the session. There appears to be a question, however, as to the adoption of the salary bill for members. The house devoted the afternoon session to a consideration of the sedition bill. It will come up for passage by the house tomorrow. That the clause referring to alien ministers will leave some pulpits in the state vacant until permits are received from the district court was stated in the house during the debate on the bill. John Rine, the new member of the house from Douglas, made his first talk on the sedition bill at the afternoon session. His contention against too drastic measures, with reference to an amendment which proposed to refuse permits to alien priests or ministers, was well received by the house. The amendment was not adopted. Sophus Nebbe, the well known Danish editor of Omaha, stated yesterday afternoon after adjournment that he is well satisfied with the bill and feels that it is a good measure. The maximum penalty under the proposed sedition act is twenty years' imprisonment.

The bill provides also an important definition of sedition in the matter of labor. It says that anyone physically able to work, who is not engaged in useful occupation, or who shall refuse employment or remain habitually idle when useful occupation is obtainable, shall be guilty of sedition and so punishable. It provides also that no person who shall have been convicted of violation of the sedition act shall act as a teacher, lecturer, preacher, priest or instructor of any kind, during the period of the war. It further provides that no alien enemy shall deliver any lecture, speech, sermon or act in any instructive capacity without first having secured a permit from the proper authorities, which is taken to mean the state council of defense. The bill requires that a copy of every issue of any foreign language publication must be filed with the defense council. Translations are not required, however, except such a smay be required by the postoffice department. The bill provides that magistrates, county attorneys, constables and other officers who refuse, or fail to give full assistance to the prompt enforcement of the act shall be dismissed from office.

There was filed in the district court yesterday a petition to sell the real estate of the late Mrs. Eva Pretzig, who is the mother of Mrs. John Lutz and Mrs. John P. Sattler. John P. Sattler, who is the administrator for the estate, through his attorney J. E. Douglas, obtained an order for the sale by district judge J. T. Begley.

SOLDIERS' LETTERS

My Dear Mother: I haven't had a letter from you for almost a week and it makes the time go so slow when you don't write. This camp is a wonderful place and especially more so when you stop and think of the improvements that have been made here in the last few months. On the first of August last year this camp was a pine forest, now we have barracks that will house about six thousand men, each company of 200 men has its own barracks and great big warehouse. The barracks are steam heated, electric lighted and hot and cold water, everything one could imagine for convenience. The drainage is perfect and they are building the streets and roads now the contract for the camp amounted to five million dollars. There are nothing but Signal Corps men here. We have more rain here than any place I ever saw. It has been raining nearly every day since we arrived and mud everywhere. It rains for about half a day, then the sun comes out and it gets awfully hot. I am feeling the very best and hope our chance comes soon to go. Now let me hear from you real soon again, when your letters don't come I am awfully disappointed. With love to all, from your own boy, J. G. CREAMER.

CHARGE DAMAGED GAS MASKS WORK OF GERMAN SPIES

SENATOR THOMAS DECLARES SMALL PERFORATIONS MADE

By Persons in Factory Render Articles Useless.

Washington, April 2.—Charges that German spies are interfering with the manufacture of gas masks intended for use in France were made in the senate today by Senator Thomas of Colorado, who declared that in one factory 2,900 out of 5,000 masks were found defective. Even after the defective ones had been discarded a number later were found packed with those that had passed inspection, he said. Senator Thomas declared the masks had been damaged by small perforations and asserted the work was done by persons in the factory. Senator Thomas declared the United States now faced a serious situation. The German drive, he declared, has not ended. "Is there any significance in the fact that these labor conditions exist now, or is it only a coincidence?" the Colorado senator asked, referring to the reports of strikes in various parts of the country. He added he believed them to be a part of German propaganda. "I contend that the man who incites strikes at this time is an enemy of the United States and should be treated as such," Senator Thomas continued. "That is equally true of our profiteers."

In declaring that union labor is responsible for the Kansas City labor trouble, Senator Reed of Missouri said it will be "a very daky day for organized labor" if it interfered with war industry.

Denouncing the Industrial Workers of the World, Senator Pomerene of Ohio said they were a "fertile field" for professional agitators.
