

PERSHING'S TROOPS GOING INTO ACTION

MILES AND MILES OF SAMMIES MOVING TO HELP FRENCH AND BRITISH FIGHT

SOON WILL BE IN THE FIGHT

Going in Motor Truck Trains and on Foot—Infantry in Mud to Knees of Men

Paris, March 31.—The French government has decided to accede to the desire expressed by General Pershing, in the name of the United States government, says an official note issued today dealing with the operation of American troops with the French and British.

The American troops will fight side by side with the British and French troops, and the Star Spangled Banner will float beside the French and English flags on the plains of Picardy.

With the American Army in France, March 31.—All the American troops have been turned over to the allies.

American troops will soon be fighting side by side with the French and British in the battle raging in northern France.

Great activity of many sorts is under way in the whole American zone.

Trains of motor trucks miles long, loaded with Americans, are passing through the towns. On other roads, mile after mile of marching Americans are on the move.

Some of the motor trucks are going in one direction, some in another. Through a driving rain the motor trucks plowed their way along muddy roads, the Americans singing. Many of the trucks had the American flag fastened to their tailboards.

The infantry splashed through the mud, which came over their ankles.

More than 100,000 Americans, intensively trained and fully accoutred are available for immediate use in stemming the tide of the German hordes.

Great activity continued Sunday throughout the zone where the American troops are quartered.

Sing on Way to Battle
It began at 4 o'clock this morning when heavily loaded motor camions began rumbling through the streets and over the roads, which by noon were crowded with camions, both motor and horse-drawn, machine guns, men, horses and artillery.

As on Saturday, there was a great movement of troops. The Americans passing were cheered by others who stood along the roads watching the virtually endless procession.

Out on the open roads the men in the camions sang everything from the Battle Hymn of the Republic to Tipperary. They exhibited the greatest enthusiasm for the work they have in hand and seemed to be anxious to get it started.

Frequently during the day heavy motor trucks skidded from the muddy roads into ditches, but they were quickly and literally picked up by as many Americans as could get a hand on them, set back on the road and started again toward their destination. A little thing like lifting the end of a five-ton truck from a ditch means nothing to Americans who are in a hurry to get into the fight.

News Thrill the United States
Washington, March 31.—The foregoing announcement that American soldiers actually are on their way to the fighting lines to take places beside their hard pressed British and French allies sent a thrill through the national capital.

It was the first positive statement that General Pershing's forces actually are on their way to the battle lines to help stem the tide of the German drive.

The American soldiers previously referred to in the official dispatches as being in the fighting are believed to have been engineers or other auxiliary troops which probably were caught at their work as they were a few months ago at Cambrai, when the Germans suddenly enveloped parties of British forces behind their lines in a swift turning movement.

100,000 Americans Available.
The sending of General Pershing's fighting troops to places on the British front line has been expected by military experts to follow the creation of a united command under

the French chief of staff, General Foch, and General Pershing's formal offer of all the available American resources.

Too much may not be said about the number and position of the American troops, because of military reasons.

It is no violation of the censorship, however, to say that more than 100,000 American fighting men, fully equipped and intensely trained in the school of actual battle conditions are available at once to be thrown into places to strengthen the British and French lines wherever they threaten to buckle under the unheard of ferocity of the German onslaught.

It is also no violation of censorship to say that the American government fully realizes that the second battle of the Somme may continue for some time and that American forces possibly might be the means of tipping the scale.

MASHED FINGER THIS MORNING.

From Monday's Daily.
This morning while engaged in hauling sand for the paving, driving a team for M. E. Manspeaker, O. L. York, had the misfortune to get the great finger of his left hand badly mashed so severely was the finger injured that the nail of the finger was pushed off, with much of the flesh. While suffering greatly from the injury Mr. York had the injured finger tied up and went on with his work, hauling sand.

CLAIM BEST LADIES TEAM IN COUNTY

From Monday's Daily.
Last Saturday the basket ball team composed of our ladies from Louisville visited this city and had a merry time, among other things they had their pictures taken and visited with friends in the city. This is a fine set of young ladies and if they can play ball in a manner to correspond with their good manners, their claim to being the best team for playing in the county is based upon a substantial foundation. Any way we would be pleased to have them make a contract for playing the ladies team of this city.

SALINE COUNTY WINS CONTEST.

From Monday's Daily.
At the adding contest which was held at the meeting of the South-eastern Nebraska Teachers Association, the contestants from Saline county won, both as to the city and the rural district. A young lad from Crete was the winner of the city contest, and a young Miss from the county. The adding contest which was composed of amounts of four digits each were nine in number, and the time for the addit was sixteen and a half seconds. Charles Hartford was near the top but did not succeed in claiming the honor of the first prize. There were about a thousand in attendance, and much interest was manifested in all the program which was so varied that it covered almost all the phases of subjects which are of interest to educational fraternity. The place selected for the coming session for next year is Lincoln.

VISITING AT THE SNYDER HOME.

From Monday's Daily.
Miss Leonora Snyder who is attending school at Peru, is at home on a vacation for a week, and has with her two school chums, Misses Jessie Todd of Imperial and Miss Blanch Bonnor of Oxford, who are spending the vacation with their friend. Miss Nora Snyder and her guests were visitor in Omaha today, going on the early train, for sight seeing and a visit with friends there, and were accompanied by Miss Snyder's father George W. Snyder.

FORTY YEARS WITH THE "Q"

From Monday's Daily.
Robert H. Patton, was born in Bloomington, Illinois, June 26, 1861. Just after the civil war had started, and lived there until he was fourteen years of age, when he came to Plattsmouth, here he went to school, until he was near eighteen years of age. In the early spring of 1879, March 29th, he entered the Burlington shops as an apprentice painter, and soon with rapid strides, made his way to the top of the profession, and with last Thursday completed just forty years of service with the country, and is now employed at the same place, doing none but the best of work all the time. His ambition being to do the best work possible, which has always kept him in a good position and at good pay. Mr. Patton not alone has made a good workman but one of the best of citizens, and has grown up around him a family, which is a credit to the city in which they live.

Mr. Farmer—It will pay you to drive to Sterling, Nebraska in your car and buy a Farm of Moeckenhaupt & Curtin, Sterling, Neb. 28-1mow

BULLETIN NO. 24.

To All County Federal Food Administrators, Gentlemen:
Requisitioning Wheat.
I just received an important telegram from Mr. Hoover this morning as follows:

"There are some known pro-German farmers hoarding their wheat out of a desire to obstruct the government. I think it desirable, wherever possible, to make an example of these cases by direct action. Whenever you can yourself, or through your County Administrators, learn of such instances direct a letter instructing such offending parties to bring their grain to the nearest elevator within a certain short period. If they fail to respond, you will requisition the wheat. Where requisitioning is done, do so on price basis of local elevator, less enough to pay necessary charges for transportation from farm to elevator x x x x It is our impression that you will not have to requisition very often, but will get sufficient response from direct order to bring grain in. Hoover."

Will you advise us of any farmers wilfully and maliciously holding a material excess of wheat, that we may deal with them direct from this office? It is important in reporting these cases that you have absolute facts, giving the amount of wheat, name of party, address and attendant circumstances. We cannot act upon rumors and must avoid error. If the quantity of excess wheat is very small, requisition will not be resorted to. We are inclined to feel that the appeal to market wheat, together with the conferred power, in case a party wilfully obstructs the Government program by withholding wheat, will bring in virtually all of the surplus wheat held in Nebraska. Please advise us in detail of any cases where you have complete facts.

Amended Baking Rules.

After April 14th, all bakers baking "Victory" bread will be required to increase the amount of substitutes therein from 20 per cent to twenty-five per cent.

Amended Hotel and Restaurant Regulation

Public eating places and clubs are to observe Wheatless Days and Meals as at present. In addition thereto they must not serve to any one guest at any one meal an aggregate of breadstuffs, macaroni, crackers, pastries, pies, cakes or wheat breakfast cereals containing a quantity of more than two ounces of wheat flour. No wheat products to be served unless specially ordered. Public eating establishments not to buy more than six pounds of wheat products for each ninety meals served, thus conforming with the limitations requested of householders.

Lamb on Meatless Days.

It is announced that lamb will not be restored to Meatless Days until after present feeding season and only then if Allied necessities for meat entirely outrun our export surplus.

Very truly yours, GURDON W. WATTLES, Federal Food Administrator for Neb.

CARD OF THANKS.

We desire to express our most sincere thanks to the many friends for their kindness during the illness and death of our beloved Mother and sister.

EMERSON BANKER IS GIVEN COAT OF TAR AND FEATHERS

REFUSES TO SIGN CHECK FOR CROSS AID AFTER SCORING WORK OF THIS ORGANIZATION.

Lincoln, Neb., April 1.—Rudolph Schopke, Emerson, Neb., banker, was tarred and feathered and driven through the streets of the town because of alleged pro-German sympathies, according to information reaching Lincoln today.

It is alleged that he told Red Cross workers he owed the United States nothing and that they could go to hell as far as he was concerned. Schopke is said to be worth more than a half million dollars, but several weeks ago declined to buy a "Red Cross goat" for \$15.

When Schopke refused to sign a check for \$500 for war work, which was demanded by an angry mob of citizens Saturday evening, he was escorted to the edge of town and the coat of tar and feathers applied, it is reported.

Schopke located at Emerson 35 years ago and had just half a dollar in his pocket, it is said. He is said to be an alien enemy.

The incident was related to the State Council of Defense by a citizen of Emerson.

WILL HOLD ENTERTAINMENT FOR RED CROSS

From Monday's Daily.
The Louisville schools will on the fifth of this month, next Friday evening at the city schools of that place give an entertainment for the benefit of the Junior Red Cross, at which they will make a charge of fifteen cents for children and twenty-five cents for adults. The entertainment will consist of a play, by the members of the school and teachers, while there will be in addition on the program, a number of readings, and music, by the scholars.

The matter of the entertainment is in the hands of the teachers of the schools, who are Misses Hazel Tulene, Rachel Stander, Mary McGee, Margaret Timmes, Georgia Davis, Mrs. Earl Mayfield, May Loan and Leta Lair.

THE NEW TIME

From Monday's Daily.
In accordance with pre-arranged plans, all business, social and other activity is now being governed by the new "daylight-saving" schedule of time, which brings us to arising, eating our meals, going to work and quitting work one hour earlier, although the hands on the clocks will continue to designate the same hours as in the past. The probable largest single thing attained by the change is an additional hour of daylight gained, and it is believed this time will be used profitably by everyone, to the end of cultivating gardens or engaging in otherwise useful vocations. The new schedule came into existence early Sunday morning, without any hitches whatever and already things are settled down to running just like clockwork. Expressions of approval of the change are evident on nearly every hand, although now and then one does find a man or woman who disapprove of the effort being made to conserve in this time of shortage when our nation faces a peril.

One man said it is as easy to conform to the new schedule as the old, and he hoped it would become a yearly affair through the summer months.

VISIT FROM BROTHERS

From Monday's Daily.
L. R. Feller and wife are enjoying a visit from Mr. Feller's two younger brothers, Leo and Lester, of Dubuque, Iowa, who arrived last evening and will remain for a fortnight's visit. Lester is a student at Dubuque College, and a member of the Cadets, a military organization maintained at the college. The boys were met in Omaha yesterday by Mr. and Mrs. Feller, the latter's sister, Miss Hillebrand, and Mr. Webb, and the party spent the day in Omaha, coming down last night on a late train.

IN THE DISTRICT COURT OF Cass county, Nebraska.

In the matter of the Application of John P. Sattler, Administrator of the Estate of Eva K. Pretzig, Deceased, praying for license to sell real estate.

ORDER.
Upon reading and filing the duly verified application of John P. Sattler, Administrator of the Estate of Eva K. Pretzig, Deceased, praying for a license to sell the following described real estate, to-wit:

The North half of Lots No. five (5) and six (6) of Block one hundred and sixty-eight (168) of the original plat of the City of Plattsmouth, in Cass county, Nebraska.

For the purpose of paying the debts, funeral expenses and costs of administering the estate of said deceased, and it appearing that said deceased had not sufficient personal property to pay all of the debts of said deceased with the costs of administering her estate:

It is therefore Ordered, That all persons interested in the estate of Eva K. Pretzig, deceased, appear before me in chambers, in the court house at Plattsmouth, in Cass county, Nebraska, on the 15th day of May, A. D. 1918, at 10 o'clock a. m., to show cause, if any there be, why license should not be granted to the said John P. Sattler, Administrator, to sell said above described real estate.

It is further ordered that a copy of this order be published for three successive weeks in the Plattsmouth Journal, a semi-weekly newspaper of general circulation in said county.

Dated this 30th day of March, A. D. 1918. JAMES T. BEESLEY, Judge of Dist. Court.

GOT SOME HIGH PRICED DUCKS.

From Monday's Daily.
The hunters of this city and vicinity, have been looking with longing eyes over the river, every nice morning and especially on Sunday mornings when they could get away. They have been thinking how they would like to get out and see how the festive duck would get away if he could, but have been deterred from entering into the sport. Yesterday a deputy game warden arrived here and dressing as a hunter mingled with the reeds and rushes, finding 2 young men Will and Jess Bashus on the river, and stayed around apparently waiting for a shot, until he had gotten the evidence, and then made himself known and notified them to appear at the office of the county judge this morning. He asked for their license and on being informed that had none, he had them arrested, and this morning were assessed twenty dollars and eighty cents each. They had shot 3 ducks. This made the fowls cost pretty high. This fine was only by the state, the evidence being kept for the government.

RETURNED FROM THE WEST.

From Monday's Daily.
Peter Mumm yesterday returned from a trip to the west and is greatly pleased with the section of the country to which he went, that near and around Grant, in Perkins county. He says the country is looking fine and that the wheat especially is growing rapidly, also that there was a good rain visited that portion lately.

THE RELIEF RESTS WITH YOU.

If you go deeper into your life, you will find that you are guilty of too many trespasses against proper living and proper food, and therefore the fault rests with you, if you suffer from stomach troubles. But, also, the relief rests with you. The blood, being a common carrier, receives into its current many poisonous materials of which it must be freed, and Triner's American Elixir is the best cleanser of the stomach and intestines. Constipation, indigestion, headaches, megrin, sleeplessness, nervousness and other stomach troubles cannot make a stand against Triner's excellent remedy. Price \$1.10. At drug stores. For rheumatism, neuralgia, lumbago, sprains, swellings, sore muscles, etc., try Triner's Liniment. It helps quickly and surely. Price 35 and 65 cents at drug stores; by mail 45 and 75 cents.—Joseph Triner Company, Mfg. Chemists, 1333-1343 S. Ashland Ave., Chicago, Ill. a-4

IOWA Cream Separator

equipped with the Patented "Curved Disc" Bowl, will soon pay for itself with the butter fat which it saves and which would be lost in the use of the ordinary straight disc Separator. The Curved Disc Bowl of the "IOWA" gets all the butter fat, whether the milk is hot chilled or cold. Butter fat selling at 50 cents a pound—\$1,000 per ton—is the most valuable product on the farm. You cannot afford to lose one single drop of butter fat. Increase your cream check every week by using the "IOWA" equipped with the Curved Disc Bowl—the only Cream Separator that gets the last particles of butter fat.
