In response to a telegram, Mrs. Dan McCurdy left on Monday to be with her daughter, Mrs. Geo. Vanony, who is ill at her home in South Dakota. At this writing she is improving. The attendance at the Red Cross rooms has been falling off as spring advances and there is so much other work to do, such as war gardens, etc., but we would be pleased to have a larger attendance again. Notice to Farmers of Greenwood Precinct: A meeting will be held at the auditorium of the school house in Alvo Wednesday night, April 17, at 8 o'clock to organize the precinct for agricultural work.—L. R. Snipes, County Agent. Mr. and Mrs. John Foreman and the former's parents, Mr. and Mrs. G. P. Foreman, motored to Valparaiso Sunday to visit the Foreman brothers residing there. Frank Edward met with a serious accident last Friday, when a horse kicked him in the face, breaking the upper jaw in two places. He was taken to the Dr. E. O. Liston hospital at Lincoln immediately following the accident and was not able to be taken home until Sunday. Under the treatment being applied, however, he is now recovering as rapidly as can reasonably be expected. Orville Robertson was taken to Lincoln Thursday morning, where he

underwent an operation the same afternoon at St. Elizabeth's hospital, for appendicitis. His condition was very serious and for 48 hours after the operation he lay critically near to death's door, but, we are very glad to report, is now improving and will be able to come home soon. Among those from Alvo who called on him were Mr. and Mrs. Charles Edwards, Lester Robertson (his son), Walter Reeder, Wayne Swartz, Mr. and Mrs. J. H. Wickers and Mr. and Mrs. O. Quellhorst. Third Liberty Loan Drive The drive for the Third Liberty Loan is now on in Greenwood precinct. The committee for the sale of these bonds has been appointed and the War Service committee has already reported. The plan is well worked out and the intention of the committee is that every man shall buy bonds in proportion to his property and his income. Any offer to purchase less than the amount that the buyer should rightfully purchase will be refused and the cause will be investigated at once. The buyers will be notified on which half-day the salesman will call and each will be required to receive the salesman at his home. The following men will call in sections set after their names. If you will examine this list you can tell who will call on you and perhaps interview him before he calls upon you, thereby saving his time and your own. Messrs. Murty and Nebon, Sections 1, 2, 11, 12, 13 and 14. Messrs. Leesley & Gorbey, Sections 3, 4, 9, 10, 15 and 16. Messrs. Althouse and Marton, Sections 5, 6, 7, 8, 17 and 18. Messrs. We want that "Honor Flag" for the community. The quota for Greenwood precinct is \$32,455.00. The Armenian drive will be conducted by the same committee. The quota is \$275.00. This is a fund to alleviate the sufferings of the Armenian people who have nearly been exterminated by the unspeakable Turk. IN THE PNEUMONIA SEASON. It is necessary to raise a note of warning not to treat the dangers of the present pneumonia season as a trifle. If you clear your body of poisons accumulated in the stomach and intestines and if you compel the sluggish bowels to the normal action, your system will be able to throw off an attack of the disease instead of succumbing to it. Triner's American Elixir of Bitter Wine cleans the stomach perfectly and without griping or other unpleasant symptoms. This palatable remedy is without equal in cases of constipation, indigestion, headaches, nervousness, general weakness, etc. Price \$1.10. At drug stores. ALLIES IMPROVE POSITIONS DAILY, STATES OFFICIAL

Washington, April 8.—Every day finds the allies in a better position to resist with definite success the great German offensive, according to an official review today by the British military attache here. French, British and American reserves are pouring in daily to defend Amiens, the review declares. "The opening of the third week of fighting east of Amiens," says the review, "finds the position of the allies steadily improving. "A very strong effort by the enemy to drive down the Somme to Amiens during which he used about twenty-five divisions on a front of a few miles was stopped last week with complete success; only in one place has the German line advanced and then only to a depth of less than a mile on a narrow front. "North of Albert the British advance beat off repeated vicious attacks without bending. "Near Montdidier the French withdrew a short distance to strong positions. The enemy is nowhere within nine miles of Amiens; he is still three miles distant from his furthest point of advance from the main Amiens-Paris railway, the cutting of which would bring him no real victory. The best proof of his discomfiture is the use that he is making of minor incidents for window dressing purposes. "A short time ago in the course of the steady advance of the British army in Palestine a small force was thrown across the Jordan to cut the Hedjaz railway. Its work done, it retired from the waterless waste, through which the railway runs and rejoined the army. This retirement was advertised by the Germans as a triumph for the Turks who are alleged to have thrown the British force back over the Jordan. "Similarly, the Germans are gloating today over the capture of Pierremande and Folembray, in the neighborhood of Chaunay and the forest of Courcy. As a matter of fact these 'successes' are valueless, such advance as they imply is at the extreme south of the battle zone some forty-five or fifty miles from Amiens; its tactical value is no greater than its strategic value. Pierremande and Folembray are only outposts of the real French position in that neighborhood and there is no reason to believe that they were more than lightly held. "Doubtless, the Germans will make further great efforts before they acknowledge the failure of their great spring drive, but it is safe to say that each day that passes finds the allies in a better position to resist with definite success. Each day their reserves, which are already
