Home Defense Prices!

As one of the Chief Distributors, in this community, of an essential necessity—clothing—we feel it is our duty to **keep the prices down** during these wild and turbulent times. To this end, overstepping the bounds of conservatism, we have gone into the market and bought surplus quantities of merchandise, thus tying up all our capital and more and increasing our risks in order that we may save this community from the extreme high prices that everywhere now prevail. We are called fools by some for doing this. We could sell many of these goods at wholesale for more than we are asking you. We bought them for you—we want you to make the saving that in turn you may invest it for the "boys over there." These Home Defense Prices will prevail as long as our present stock lasts. If there is any question in your mind as to the genuineness of our position we ask you to investigate.

HELP!

Not only do we owe it to Uncle Sam and ourselves—it is our patriotic duty to **HELP** him put the finishing touches to the task across the water. We can best do it by buying

Liberty Bonds

THE man who has never thought much about his hats ought to try a Stetson this Spring.

HE ought to buy it here, headquarters for Stetsons, with all the wonderful line of Soft and Stiff Stetsons to choose from.

He needs the service of this Store—if only because we serve the most critical men of this city, and know how to suggest to each man the block and color to emphasize his personality.

VALUE GIVING CLOTHIER

Act Quickly If You Want a Sure Wheat Crop at \$2.50 Per Bushel

IF YOU MOVE QUICKLY you can get hold of one of the few remaining Government-irrigated farms in the Big Horn Basin in the new Deaver Unit on the Burlington main line, near the new town of Deaver. You can homestead now, pay only the first pro-rata cost of water-right, at once go on the land and raise a crop of wheat. A strong and reliable water supply is ready for you. Government experts are there to assist.

For a hustler and a man of action, for quick and prosperous results, with 1918 wheat at \$2.50 a bushel, this is the best thing we know of.

Decide quickly; then act through me or the Government Reclamation Bureau at Deaver, Wyoming. Thirty or forty of these farms are now available.

1004 Farnam Street, Omaha, Nebraska.

HOWARD PREPARES TO RUN

Lincoln, April 9.—Lieutenant Governor Edgar Howard, having completed the task of presiding over a special session of the state senate, turned to other matters Tuesday. He went to the office of the secretary of state and obtained the required printed blanks for filing as a candidate for the United States senate. He will probably file as a candidate upon his own request, but he will wait a few days before doing so. Some petitions asking him to be a candidate have been circulated by his friends and he desires to wait until they have been received by him. His will be the third filing by democratic candidates for United States senator. Attorney General Willis E. Reed and ex-Governor John H. Morehead are both in the field. Lieutenant Governor Howard announced last fall that he would be a candidate at the proper time, and he did not hesitate to predict his own nomination at the primaries and at the general election. He has sold his house at Columbus, and is living with his family at a hotel pending his departure to Washington.

AGRICULTURAL MEETING.

County Agent, L. R. Snipes will hold an Agricultural Meeting at the Heil School House, on Monday evening, April 15th. All the farmers and all interested in this meeting are requested to be present. This is for the purpose of perfecting an organization in this locality, and it is desired that there be a large attendance.

J. G. Meisinger from near Cedar Creek was a visitor in Plattsburgh this morning, coming to look after some business in the city.

The Celebrated Percheron Stallion

TEDDY R. 97686

Teddy R. is a fine Percheron Stallion, black with white hind feet and right front foot white. He was foaled March 30, 1912, and weighs 1800 lbs. His sire was Morton, 67203; by Epateur, 51826 (64349); by Bolivar, 40111 (46462); by Amilcar, (19979); by Sultan, (4713); by Bayard, (9495); by Estraba, 187 (736); by son of Jean Le Blanc, (739).

The Celebrated Young Jack, SANDORS!

Sandors is an excellent young Jack, coming 7 years old, weighing 3000 lbs., plenty extra heavy bone, black with mealy points. Sandors, (5298) was foaled June 2, 1911. His sire was San Salvador 2d, by Salvador, imported from Spain. Sandors was bred and owned by Frank Busch, of Villa Ridge, Mo. He has been inspected this spring by the State Inspector and is sound in every way.

Teddy R. and Sandors will make the season of 1918 at our home, six miles west of Murray and six miles east of Manley, every day in the week, but only a limited number of mares will be taken care of by Teddy R. on account of his age.

Terms for Both Teddy R. and Sandors!

\$12.50 and \$15.00 to insure colt to stand up and suck. Parties disposing of mares or removing from the locality, service fee becomes due and must be paid immediately. All care will be taken to prevent accidents, but owners will not be held responsible should any occur.

Where Accuracy Means Dollars to You

NO matter how good your seed corn—or how carefully you prepare the soil—you can't have a perfect corn crop unless your planter has a perfect drop!

We invite you to inspect the J. I. Case—the world's most accurate corn planter. We want to show you why it drops 20 more perfect hills out of every 100. Why it brings you 7 more bushels per acre.

Why it makes you \$350.00 more profit for every 40 acres you plant.

This will place you under no obligation to buy whatever. You owe it to yourself to inspect this planter that pays its cost several times over the first year you use it! Come in any time—we shall be glad to show you point by point the mechanism of this planter. It's a wonder!
