COLLEGE PROF. CHARGES MEMBERS OF GERMAN-AMERICAN ALLIANCE WITH GERMANISM.

Declares Its Members Backed All Movements Furthering the Pan-German League

Washington, April 9.—Positive charges that individual members of the German-American alliance supported propaganda to mould the policy of the United States in the event of war with Germany, were made today by Professor E. E. Sperry of Syracuse university before the senate committee considering the bill to revoke the organization's charter.

Members, he said, backed the American embargo conference, the American neutrality league and other organizations which he charged were part of the pan-German league. German school teachers years ago, Sperry said, were teaching their charges that the time is coming when Germans in the United States would have the right that is their due.

**Names Hearst.**  
At the convention of the national German American alliance in New York in 1907 Sperry declared, William Randolph Hearst proposed establishment of an international German alliance, the effect of which, Sperry said, would have been to extend the activities of the German-American alliance to Germany.

Mr. Hearst offered to pay the expenses of the delegates from this country to Germany for this purpose, said Sperry.

The plan never was carried out. Sperry said but delegates went to Cambridge, Mass., at that time at the expense of Mr. Hearst where a dedication of a German memorial took place. At the same convention the German-American alliance sent a message expressing cordiality and good will of the members to the German emperor, Sperry said.

The first German propagandist to come here officially as a representative of the pan-German league, was Karl Peters, who came here in 1893 to begin the propaganda work, Mr. Sperry said. Later a propagandist named von Rinteling came for the same purpose.

"Mr. von Rinteling had a plan to bribe members of congress directly," Mr. Sperry said.

"That is if he could," interposed Senator King of Utah, chairman of the committee.

"Oh, yes," Mr. Sperry replied, "if he could."

Mr. Sperry declared that the real membership of the American embargo conference consisted only of five persons and that it was supported by German-American organizations which contributed \$57,000 to its support.

### HAIG ADMITS FOE GAINS ON 11 MILE FRONT

GERMANS DELIVER HEAVY ATTACK BETWEEN LA BASSEE AND ARMETIERES

#### MIST FAVORABLE TO ENEMY

Gain Ground in Neighborhood of Neave, Chapelle, Fauquissart and About Cardonnerie.

With the British Army in France, April 9.—The Germans today delivered a heavy attack against the British on an eleven mile front by Givency and LaBassee and northeastward to Fleurbaix, near Armetieres. The enemy appears to have gained a foothold in some of the advanced defenses.

The attack was preceded by a violent bombardment which began in the early morning and extended all along the front affected. Bethune, Estaires and other towns behind the British lines have been heavily shelled.

It is too early to say what relation this new move has with the main German offensive further south. Only time will tell whether it was undertaken as a diversion or whether the enemy has a serious idea of pushing forward here.

#### Haig Admits Gain

London, April 9.—In their new attack on the British line between LaBassee and Armetieres, the Germans today gained ground in the neighborhood of Neuchapelle, Fauquissart and Cardonnerie farm, the official report from Field Marshal Haig tonight announces.

#### Mist Favors the Enemy

The statement reads: "This morning after an intense bombardment of our positions from La Bassee canal to the neighborhood of Armetieres, strong hostile forces attacked the British and Portuguese troops holding this sector of our front. Favored by a thick mist, which made observation impossible, the enemy succeeded in forcing his way into the allies' positions in the neighborhood of Neu Chapelle, Fauquissart and Cardonnerie farm.

"After heavy fighting throughout the day the enemy succeeded in forcing back the Portuguese troops in the center and the British troops on the flanks of the line of the river, Lys, between Estaires and Bac St. Maur.

#### Huns Get Two Towns

"We held our positions on both banks about Givency and Fleurbaix although at both these latter places there was heavy fighting. The enemy was here successively repulsed.

"Richebourg, St. Vaast and Laventie have been taken by the enemy.

"Severe fighting is continuing on the whole of this front. "South of Arras only minor engagements, in which were secured a few prisoners, have taken place during the day on the British front."

#### Germans Claim Gains.

Berlin, via London, April 9.—The war office this evening issued the following communication:

"North of La Bassee canal we penetrated into English and Portuguese positions.

On both sides of the Somme there has been violent artillery duels.

"On the southern bank of the Oise we threw back the enemy across the Oise-Aisne canal between Coucy-Le-Chateau and Brancourt."

#### Montdidier Bombarded

Paris, April 9.—The war office announcement tonight reads:

"North of Montdidier the enemy violently counter shelled and bombarded our positions at several different points. In the region of Hangard-En-Santerre our fire prevented a German attack from debouching from his lines. We repulsed an enemy attack west of Noyon in the sector of Riermont.

"On the left bank of the Oise there was intermittent artillery action. Our batteries caught under their fire and dispersed enemy concentrations in the region of Coucy-Le-Chateau.

"Eastern Theatre, April 8: West of the Vardar, a Hellenic reconnaissance dispersed a Bulgarian detachment. At the Gerna Bend one of our detachments penetrated the enemy organizations, where shelters were destroyed. British airplanes bombed a depot at Kakora, nine kilometers southeast of Seres."

### SENATE TRIES TO SPEED PASSAGE OF SEDITION MEASURE

BEGIN VOTING ON AMENDMENTS TO BILL—PASS ACT BEFORE ADJOURNMENT?

Senator Reed Objects to Limiting Debate on Bill Aimed at Traitors.

Washington, April 9.—In an effort to hasten disposal of the sedition bill, punishing disloyal utterances and those intended to impede the army draft and Liberty loan, voting on amendments was begun today by the senate and administration leaders hoped to pass the measure before adjournment. Another effort for a final vote today with limited debate, was made by Senator Overman, but Senator Reed of Missouri objected.

By a vote of 33 to 31 the senate rejected an amendment by Senator France of Maryland, proposing that nothing in the bill should impair the liberty or right of individuals to publish or speak "what is true, with good motives, and for justifiable ends." Senator Overman opposed the amendment, saying it might impair the bill's enforcement.

#### Criticise Creel's Remark

A statement attributed to George Creel, chairman of the committee on public information that he would be "glad to his dying day that this country was unprepared for war," was attacked during the debate on the Penrose amendment.

"What do you think of an official who would make such a statement?" Senator Sherman asked, addressing Senator Penrose.

"It betrays such a lack of good common sense that it is worthy of nothing but contempt," Senator Penrose replied.

The statement was attributed to Creel at a meeting of the National conference of American lecturers here yesterday.

"If a humble citizen can be prosecuted for indiscreet utterances, why should we not have the departments purged of persons who make disloyal remarks?" asked Senator Penrose.

Later the amendment was withdrawn temporarily, and Senator Penrose announced he would reintroduce it later today.

Senator Johnson of California, also referred to Creel's speech, characterizing it as a "very remarkable utterance of a duly constituted authority of the United States," which made "one feel that he is not fit at this time to engage in our prosecution of the war."

During his attack on Mr. Creel, Senator Penrose said:

"I do not see why we should permit men like Mr. Creel, whose scurrilous and defamatory utterances on the constitution of the United States were read to this body the other day to be holding office and publishing a publicity chronicle when he is smeared all over with treason."

Senator Sterling of South Dakota said that in justice and fairness to Creel, it should be said that he had declared in his speech that military preparedness was violative of American traditions.

Disclaiming any attempt to be unfair, Senator Johnson said many persons disagree with Creel's statement and if it was denounced, under the bill, the person criticising might be imprisoned twenty years.

Senator Wolcott of Delaware said Creel was not a "duly constituted authority," having been appointed by the president and not authorized by congress—just as Gutzeon Borglum, the sculptor, was appointed the president's agent in what Senator Wolcott said was a "voluntary" capacity to investigate aviation production.
