ELKS HOME IS TO BE SCENE OF RED CROSS FAIR

MAY 2, 3 AND 4 SET FOR THE COMING EVENT—COMMITTEE GIVES ROOMS.

TO CLOSE WITH GRAND BALL

Meeting will be Held Next Wednesday to Make Further Arrangements for the Event.

Red Cross in the effort to make this the big event of the season, and to assist all possible in the raising of funds to further the work of the Red Cross. There will be booths, during the entire time, and the sessions of the sales will be from two o'clock in the afternoon until ten o'clock in the evening, for the sales, which will be given daily. At these booths will be offered for sale articles of any and all kinds, what even any one might wish to contribute, and all who have something which you are certain some one would want to purchase make a gift of it to the committee. Gifts will be accepted from the merchants of goods from the farmers of grain and produce, automobiles, automobile accessories and horses, cows, pigs, chickens, and in fact anything which any one has and some one else may want. This will conclude with one Saturday with an auction and after the auction the floors will be cleared and a dance will be given. During the entire time there will be music of abundance and of the best at the place, and the music will be retained for the dance which will be one feature of the affair. On next Wednesday at the lodge room of the Elks will be held a meeting of the Ladies of the Red Cross, and the members of the Elks, for the perfecting of the arrangements. This is a commendable enterprise, and one which all should get behind and push with all the push there is in you. There will be more to be said about this affair and watch for what announcements the committees will have to make, and at the same time as a citizen of Plattsmouth and of America do your utmost to make this the greatest success of the season.

Home Defense Prices!

You can make money by spending it now. This was never so true as now. When we tell you that we are selling today suits of clothes for \$15, \$17, \$22, \$25, \$27 and \$30 that in another season will be at least \$10 higher, we are telling you absolute facts. Is \$10 worth saving? Not only that, but the quality of the goods we can sell you now is better than the kind you will have to pay more for later. We are keeping the prices down—we feel that is our patriotic duty—but we are powerless to hold them beyond our present stock. That's why we urge you to take early advantage of our preparedness. Save money by spending it! Men's overalls \$1.50 to \$2.50; Men's work shirts, 65c to \$1.00; Men's sox, 15c to \$1.00; Men's hats, \$1.50 to \$10.00. Ladies' coats, \$10 to \$35; Ladies' silk hose, \$1 to \$2.

U. S. TO TAKE OVER COAST STEAMSHIPS TO MOVE TROOPS

Washington, D. C., April 11.—Leading Atlantic and Gulf steamship lines will be unified Saturday under control of the railroad administration.

President Wilson by proclamation directed the taking over by the government at noon next Saturday of the Clye, Mallory, Merchants and Miner's and Southern Steamship companies for the duration of the war, and directed their control and operation by Director General of Railroads McAdoo.

The lines will be devoted to transportation of troops and war materials to the exclusion, so far as may seem necessary, of all other trade, the proclamation says. Such facilities of the companies not needed for war services will continue to be used for routine business purposes.

The government will assume control not only of the vessels, but also of all wharves, docks, ware houses, tugs, lighters and barges and all other physical property of the steamship companies.

The proclamation directs that after taking control, Director General McAdoo shall enter negotiations with the companies with a view to fixing just compensation for the possession, use and control of the properties.

This action adds sixty-three coastwise vessels averaging 3,500 tons each to the forty-eight other coastwise ships already under government management, making a total of 111

vessels, aggregating nearly 400,000 tons. One of the first steps of the government will be to place a greater number of the vessels in the coal carrying trade between Hampton Roads and New England to provide for a reserve of fuel for next winter.

ALLIED NATIONALS CELEBRATE ENTRY OF U. S. INTO WAR A YEAR AGO

Buenos Aires, April 12.—A demonstration in celebration of America's war anniversary tonight was attended by several hundred nationals of allied countries. Speakers declared that the Argentine people want war, but the government refuses to go farther than an attitude of benevolent neutrality. Few Argentinians or Americans attended the meeting.
