MURDOCK ITEMS

Louie Schmidt shelled corn Saturday. W. O. Gillespie autoed to Lincoln Saturday. Floyd Hite spent Saturday with friends in the country. John Amgwert was calling on old friends in Bennet Tuesday. Kenneth Tool returned to Lincoln Sunday evening after a few days spent with home folks. Miss Esther and Jessie Meyer of Pipestone, Minn., are here for a short visit with relatives and friends. Walter Stohlman, wife and baby arrived last week from Hampton Roads, Va., he having got a discharge from the U. S. Navy. Rev. A. H. Schwab and children, also Miss Minnie Reuter drove to Omaha Saturday to see Mrs. Schwab who is at the Methodist hospital. Mrs. C. F. Hite, Mrs. John Amgwert and children Marvel and John Burton autoed to the Nickel home, east of Alvo, last Friday where they spent the day visiting. August Lindell and Lewis Hite went to Lincoln last Wednesday evening, returning Thursday with the new tractor, threshing machine

and plows which Mr. Lindell has recently purchased. Last Friday evening there, was quite a gathering at the home of Mr. and Mrs. Simon Bornemeier in honor of their son Albert, who has enlisted in the navy. The evening was spent with various kinds of amusements, also music by the band of which Albert is a member. Refreshments were served, and all departed at a late hour, giving him best wishes for a safe return, regretting to see him leave, yet proud of the fact he is offering his service for liberty and justice. Miss Margaret McDonald entertained a few of her little friends at her home on Saturday afternoon at an indoor picnic. Games were played and a jolly good time was had by all. A lunch consisting of sandwiches, weenies, deviled eggs, olives and cake was served. Those present were Misses Henrietta and Ruth Bauer, Irene McDonald, Mary Isabell Tool, Mildred Loric, Marvel, Amgwert, Virginia Schewe, Florence Thimgan and Lester Thimgan and Vernon Schewe, Robert and Miss Margaret McDonald. A family reunion was held at the L. M. Amgwert home on Tuesday evening as their daughter, Miss Anna left on Wednesday for Camp Wheeler, Macon, Georgia, where she will be in training for a few weeks, when she will then go with Unit 49 to France

as a Red Cross nurse. Those present were Mr. and Mrs. L. M. Amgwert, son Henry and daughter Miss Margaret who live at home, John Amgwert and family of this place, Miss Rose and Lillie Amgwert, Mrs. Lera Lett and son Kenneth of Council Bluffs. One daughter, Mrs. Katherine Dinnuzzo of Peoria, Illinois, was unable to be present. Murdock Branch Red Cross. The report of the month's work for the branch has been set in and the work completed on its quota of 500, 2x2 wipes. Another box of supplies was shipped to the National Surgical Dressings in New York last week. The call for 4000 sweaters to be furnished by the State of Nebraska has given Cass county a quota of \$60. The Murdock Branch promised to make at least 25 and more if we could get the knitters. Our efficient chairman, Mrs. H. A. Tool, in company with Mrs. H. P. Long, treasurer of South Bend branch spent a very profitable day with the officers and workers of the Platts-mouth chapter the past week and brought home several good ideas. The county meeting held at Weeping Water, April 23, was represented by the following ladies of the branch: Mesdames H. A. Tool, L. G. McDonald, H. Gillespie and J. E. McHugh. Last Friday a full force of ladies from Wabash and vicinity spent a pleasant and profitable afternoon with us. Come again. There is still a chance for many ladies of Murdock and vicinity to get in line and show their good will and patriotism by doing their utmost to win the war. The Red Cross workers can not boast of the number of workers that a community like it should. Another one of those most agreeable and pleasant surprises, was tendered the workers Friday, by one of the community's most princely men, Wm. Bourke by way of a donation and treat. Mr. J. E. McHugh, has offered as a benefit to the Red Cross Funds, 10 per cent of one day's total sale in the Murdock merc. The day to be selected by the members. Learn the date and then buy the goods and help the cause along. COUNTY RECORDS SHOWS AGE. From Tuesday's Daily. John Jones of Omaha did not want to go to the army service, and therefore did not register, saying that he was past thirty at the time. When he was apprehended he cited the authorities to a date fixed for his birth by the conviction of his father for manslaughter, which he said was a part of the record of this county in the office of the clerk of the District court. This necessitated the examination of the records here, which showed that the crime was committed in the fall of 1886, the conviction made in the spring of 1887, which would make the young man only thirty years of age at time of the registration and therefore held in the draft. We wish to thank our many friends who so thoughtfully assisted us during our recent siege of illness. We feel especially grateful to those who assisted with the work on the farm, and to those who cared for our children during our enforced stay at the hospital. We appreciated all the beautiful flowers your message of love and sympathy. MR. AND MRS. O. ROBERTSON.

AT REST IN OAK HILL CEMETERY

From Tuesday's Daily. Yesterday afternoon occurred the funeral over the last mortal remains of one of the best citizens Plattsouth ever had—a lady who made her home here for more than half a century and whose interests were equally those of the city and the community, co-ordinated with those of her fellow-creatures with whom she labored and by whom she was loved—of Mrs. Agnes Ruffner, whose death occurred a few days ago in an Omaha hospital and was written at length in the Journal on Saturday. The funeral oration over the remains of this good and estimable woman was said by Rev. H. G. McCluskey, who spoke tenderly of her many noble virtues and of the acts of kindness which had characterized her life. The choir of the First Presbyterian church, where the funeral was held, sang very beautifully. The members of this choir are Mrs. E. H. Westcott, Miss Matilda Vallery, L. O. Miner and Geo. L. Farley. The W. C. T. U., of which Mrs. Ruffner has been a member for a good many years, always laboring for the uplifting of humanity and buoyed up at times by the promise of life eternal, attended the funeral in a body and were reserved seats in the front of the church. The pall bearers were Dr. C. A. Marshall, D. C. Morgan, Carl G. Fricke, C. A. Rawls, Wm. Hunter and W. C. Tippins. The body was borne to the cemetery where the mortal remains were laid to rest, there to await the sounding of the last trumpet of the Angel Gabriel. GOPHER ERADICATION CAMPAIGN. From Tuesday's Daily. Level down all gopher mounds. A road scraper or harrow does good work. Some are leveling the mounds by hand. Poisoning: The poisoning may be supplemented by traps, auto gases any other method; but everyone should use the poison. Potatoes, apples, raisins, carrots, parsnips, sweet potatoes or corn may be used. If poison is used, use 10 parts of trychnine to one part of saccharine. An easy method of preparing bait is to take little potatoes, or apples, etc., which have been cut into one-inch cubes, and cut them through about two-thirds of the way. Use the little blade so that poison will stick to it when the knife blade is dipped into the poison. Squeeze the bait so that the slit will gap open. Place the knife blade in the cut and squeeze the bait together, and spread throughout the entire bait. If raisins are used, put the poison on one raisin and squeeze another raisin around it. With an endgate rod or sharpened stick go into the field poking into the ground near the mounds, but not in the mounds. When the rod goes in suddenly, it indicates that a runway has been located. Twist the rod about until the hole made is large enough to drop in the poison. Cover the hole completely with dirt after inserting the poison. Do this in two places for every ten mounds. The County Agent will keep a white map of Cass County hanging in his office and as he gets reports from the different farmers over the county where poison has been put out for the gophers he will place red pins on the farms on this map from which the reports have come. Later in the year as reports come to the office of poison having put out a second time on the farm a blue pin will be used beside the red one. The map is white, the pins used are red and
