Clean-up day last Saturday was not clean-up day—it was a "rainy" day. However, that will not prevent you from cleaning up the rubbish now.

The farmers are poisoning gophers to prevent a big loss from this source. Nehawka has hundreds of rats and the town should get busy to exterminate them either by fair means or foul.

Nehawka precinct has subscribed its full quota of Liberty Bonds. At no time was there any doubt about not raising the quota here. Nehawka has learned to go about the matter of raising the various funds in a systematic and business-like way, without undue excitement or labor.

The next fund to be raised is that of the Red Cross. The president, Mr. Wilson, has designated the week of May 20th as Red Cross week, during which the public will be appealed to for another hundred million dollar contribution. Every means will be taken during that week to inspire and stimulate the public to give generously to this great need. It is as much a matter of patriotism as the support of our army and navy. Again, we wish to say there is no question about what Nehawka precinct will do. It will take its full share—we have no fears.

Misses Clara Weyrich and Estelle Baird were visiting with friends in Omaha this morning.

REGARDING TAX ON DANCES

From Thursday's Daily.

A district revenue collector has recently given some information of interest regarding the tax to be levied on dances of various character held in town or in the country. It is pretty generally understood that where dances are given in halls, by clubs whose intent is to make money to be divided among individual members or used for some unbenevolent purpose or by individuals a tax is required by the government of ten per cent of the price of each ticket sold. It is well known that 50 cent tickets cost 55 cents and 75 cent ones cost 83 cents. But there is another feature which people probably do not understand, and that is the matter of the country or home dances. Where people hold a social dance and do not have a specified charge, but just apportion the expense among those present, no war tax is required. But should there be a specified charge, regardless of whether the person gives the dance makes any money or goes in the "hole" the war tax is due and should be paid. The hall or home of the person where such dances are held is responsible for payment of the tax, so it behooves owners of dance halls to be sure that this tax is going to be paid, when they lease their property to be used for such purpose. In the case of dances given by lodges, however, who have for their sole purpose the raising of money to help meet the expenses of the benevolent or protective work of the organization no tax is collectible, as the government makes exception for them as well as all dances given, the proceeds of which go direct to some charitable institution, as in the case of the Red Cross. In all cases, however, where tax is due, it is to be paid on each and every ticket—ten per cent of the cost of the ticket—and not on the gross amount realized from the enterprise.

WILL ENLIST IN NAVY.

From Thursday's Daily.

Frank Barcus, who came in a few days since from Casper, Wyoming, departed this afternoon for Omaha, where he goes with the intention of enlisting in the navy. This will be their first experience in the west and first time to see the mountains, and they will no doubt have a very pleasant time during their visit there.

RUNNING CAR WITHOUT LICENSE

From Thursday's Daily.

J. L. Woods hailing from Glenwood Iowa, visiting this city and did not have on his car a license number of 1918, nor could he produce a receipt showing that he had paid a license for this year. He was asked by the police to deposit a cash bond for \$5.00 for his appearance before the police judge to show cause why he had not obtained a license. This morning when Judge M. Archer called the docket there was no response, and Mr. Woods cash bond has gone the way of the world. William Dutton from Omaha, who was caught in a like predicament, suffered a similar experience. The coffers of the city treasury will bulge just ten dollars worth on this account.
