MAY DRAFT IS TO BE LEVIED ON NEW BASIS

COUNTY QUOTAS IN NEBRASKA GIVEN OUT YESTERDAY TO ALL BE REVISED

NO ENLISTMENT ALLOWANCES

Yesterday Cass County was Apportioned 15 Men as Her Share—Now Will Take More.

Washington, May 13.—The bill changing the basis of draft quotas from state population to the number of men in class one and doing away with allowances for voluntary enlistments, was signed late today by Vice President Marshall and Speaker Clark and sent to President Wilson for his approval. This measure has been before congress for several months. It will be put into effect as soon as signed by the president as plans are ready for making the May draft, already ordered, on the new basis prescribed in the law just passed.

The above dispatch foretells a change in the quotas ascribed to Nebraska counties by the governor's office yesterday, and which called for 15 men as Cass county's share of the week of May 25th draft. Credits on volunteer enlistments had placed Omaha and Lincoln beyond reach of the call under the former law, but under the present enactment the latter will furnish some 400 men and the former over 1,000. Just how many men are credited to this county on voluntary enlistment and how the percentage of registered men here compares with the state in general is not known well enough to forecast the effect the new law will have in regard to our quota, previously set at 15. It will probably be increased, although due to the small per cent of class one men in the county it might possibly be decreased. In this day of manipulations of the draft law one never is able to tell just where they're at.

Otoe county, which was scheduled to furnish but two, now will probably be called upon for nearly fifty on account of the large number of men in class one in that county, there being approximately 47 per cent of all registered men in class one, while in Cass the percentage is about 17.

MERCHANT MARINE RECRUITING AGENCY HERE

Claude C. Smith, of the Rexal Drug Store Appointed to Receive Local Enlistments.

From Tuesday's Daily. Claude C. Smith, of the Rexal drug store, has been commissioned by the government to act as recruiting agent for the U. S. merchant marine, in accordance with a plan proposed and worked out by the United Drug company sponsors for the Rexal line of goods. Mr. Smith has received all necessary blanks, etc., and is authorized to look after having men examined by a local physician for this branch of service, after which they are sent to Boston to go on a training ship plying up and down the Atlantic coast for six to eight weeks before entering active service in the great merchant marine engaged in carrying supplies overseas to our soldiers and the allies. During the period of training they are paid \$20 per month and upon entering active service the scale of wages runs from \$25 upward with bonuses to those serving on ships traveling through the war zone. It is necessary that recruited men pay their railroad fare to Boston, but upon arrival there the same is refunded to them and if upon a second examination they are rejected for physical disability the government will issue them transportation back to the place of enlistment. All registered men who have not received a pink card of notification in current draft are eligible to try for this branch of service and if accepted the U. S. shipping board will secure

their release from future draft calls so long as they continue service in the merchant marine. Enlistments are made for the term of the war only.

Anyone contemplating entering this branch will do well to drop in and see Mr. Smith as he has all desirable information and is empowered by the government to accept enlistments.

MEN WHO SOON WILL BE CALLED

LIST FROM WHICH THE FIFTEEN MEN WILL BE SELECTED FOR NEXT CALL.

SEVERAL FROM PLATTSMOUTH

Drafted Men Who Will Go to Camp Dodge, Near Des Moines.

From Wednesday's Daily. The following is the list from which the men will be selected for filling the quota of fifteen men which are to be sent to Camp Dodge on the 25th of this month, which will be one week from next Saturday.

Some of these men have been in the service before and were discharged on account of what was then assigned as physical disability. While that was the case under the enlistment, in the case of the selection, it seems other status of examinations apply. There are sixteen names from which the selections are to be made, and it may be that other changes will be made later, which may require an additional name or so to be added, then again, by ruling it might not require as many as has now been asked for, the only way to obtain the correct information will be to await developments as different rulings come into operation.

CANNOT PREACH IN GERMAN.

From Wednesday's Daily.

There was an interesting meeting at Weeping Water last evening of the county council of defense, which took some positive steps on some things among which were the matter of the churches continuing to hold services in German. The matter of holding services in German, has been creating considerable concern on account of the tendency when so done that there is suspicion that things are being done which should not be, and to avoid this suspicion those who have been doing it should have discontinued it without any action being necessary. We are now at war with Germany, and one has to either be an American or not an American, and if he is loyal to the ideals of American institutions he cannot borrow the language of an enemy to convey the thoughts which express the highest ideas of patriotism. If we are at war with Germany cast out all which savers of that country and be a Loyal Patriotic American in action and in thought. Notices are being sent to all the ministers who have been delivering their discourses in the German language that they are forbidden further to do so.

By a resolution the county council of defense, disclaimed any action at all whatsoever in the distributing of the corn which was distributed from the crib of L. C. Stull just recently. They also arranged through a committee to have a meeting some time in the near future with the War Relief Committee, to take up the matter of the cases of those who have neglected to purchase their quota of bonds.

PIONEER OF NEBRASKA CALLED HOME SATURDAY

BORN IN IRELAND IN 1839, SHE CAME TO AMERICA OVER 70 YEARS AGO.

Has Lived in Plattsmouth for More Than Thirty Years—Resided in Bellevue Before That.

From Monday's Daily.

At the age of 79 years, 1 month and 24 days, surrounded by loving relatives, Mrs. Kate Oliver passed from this life at 5 o'clock in the evening of Saturday, May 11, 1918. Thus another of the pioneers has gone to her reward.

Kittie Quirk was born March 17, 1839, in Tipperary county, Cork, Ireland, coming to the United States with her parents in 1847, arriving at New Orleans, La., where they remained but a short time, moving to St. Louis, Mo., where her parents died during the cholera epidemic, leaving to her care two small sisters, one of them now Mrs. Anna Miller, of Fort Crook, Nebraska, and the other Mrs. Julia Baker, deceased.

When but 17 years of age, she was united in marriage with Dr. W. A. Rice and to this union one child was born, Mrs. D. P. Aylsworth, of Kansas City, Mo. Shortly after their marriage, Dr. and Mrs. Rice left St. Louis, traveling by boat up the Missouri river to Omaha, in search of new fields. They remained in Omaha but one night, when they journeyed to the beautiful city of Bellevue, then the metropolis of this section of the west, and there settled down to life's duties as pioneers to aid in building up this great area.

Dr. Rice sickened and died in 1857, leaving an infant child to her care.

July 7, 1861, Mrs. Rice again was united in marriage, to George A. Oliver, in Bellevue, and unto this union six children were born, Carrie E. Oliver, of Plattsmouth, who has remained at home and ministered to her in her declining years; Mrs. C. D. Eads, of Omaha; Mrs. D. C. Morgan, of Plattsmouth; Mrs. Morgan Schrack, who departed this life September 18, 1900, leaving a daughter, Katharine, who has been cared for by Grandma Oliver; Mrs. A. W. Hallam, of Lincoln and William Oliver, dying in infancy.

Mr. Oliver was a carpenter by occupation and in this line of work was essential in building up this great commonwealth. He enlisted in Co. D, 2nd Regiment, Nebraska Volunteer Cavalry on October 15, 1852, and served nine months under Captain H. L. Edwards, as a Sergeant, being honorably discharged at Omaha City, N. T., on the 18th day of September, 1863, mustered out by Major Burbank.

Thus, side by side, Mr. and Mrs. Oliver shared, not only each other's burdens and hardships, but their country's as well.

The deceased has resided in Plattsmouth since 1886.

Mrs. Oliver was a member of the Pioneers' association and a member of the Presbyterian church. The funeral is being held as we go to press today, at her late home and interment will be made in Oak Hill cemetery, west of the city. Rev. H. G. McCluskey, pastor of her church, is officiating at the funeral.

A large number of friends and neighbors were in attendance as well as friends and relatives from away. Eli, Peter and Winton Birdsall of Missouri Valley, Iowa, were in attendance as well and one of their brothers from near Louisville, they all being uncles, of the deceased.

"MURPHY'S DID IT." SUNDAY

From Wednesday's Daily.

Arrangements have been perfected for the game for next Sunday, when the Red Sox will be booked up against the "Murphy's Did It," and it will be remembered that when they were here last year they were able to put up an excellent game, we may expect a good game at that time. While these are good teams, we know that the Red Sox have got good stuff in them, and to play a good hard game all together will give them a winning chance. With this class of players, the base ball enthusiasts should show a good crowd. Come see the game for next Sunday.

CASS COUNTY TO FURNISH 15 CLASS 1 MEN

FOR MOVEMENT TO CAMP DODGE DURING WEEK BEGINNING 25TH OF THIS MONTH

OTOE COUNTY'S QUOTA ONLY 2

Sargy Goes That Just One Better—Omaha and Lincoln are Both Over Top in Volunteers

From Monday's Daily.

Unless the new law denying credit on volunteer enlistments be put into effect immediately on the president's signing it, and the war department ordering that the new rule be followed, the quotas figured out by Gov. Neville's office during the past few days for the different counties will stand in force and effect for the big May draft of 233,000 men, of which the state of Nebraska is called upon to furnish a net quota of 1,628. The gross quota was 12,490, but credit is given for 7,878 enlistments and 2,984 inductions, the latter being for special branches of service.

Eleven counties in the state have credit on volunteers of more men than their quotas call for and are therefore exempt from furnishing any men on this call unless an eleven-hour change be ordered by the War department. Omaha has over-volunteered its number and is exempt unless the change be ordered, when that city would be called upon to supply over 1,000 men and Lincoln, also being over-volunteered, would have to furnish 400.

In the apportionment given out by the governor's office, Cass county is scheduled to furnish 15 men, while Otoe county is drawn upon for but 2 and Sargy county goes them still one better, having to furnish but a single man as their quota.

When the June drafts are called it is probable the new law prohibiting credits for volunteers will be put into force and a much different apportionment will be in evidence.
