Visitors Threaten to Quit but Continued the Game and Edward Gradoville Hit by Ball.

From Monday's Daily. Yesterday witnessed a good ball game, and one that would have been much better had it not been for a disagreement and the subsequent resorting to diplomacy and for the fact that Edward Gradoville was hit on the side of the head by a ball thrown by the second baseman in the latter part of the game.

home. Edwards hit into a fly that looked like a nice clean catch, and Grassman paused at second until the ball was missed and then tried to make third, arriving a second too late. Edwards kept on going to second, but without avail as Herold flew out and the inning was over.

Take Care of Your Tires

America's greatest need is for ships—more ships. Every available vessel is being utilized in government service.

Many ships that have been carrying rubber from Sumatra and Brazil have been taken for active transport duty.

This will necessarily force a temporary curtailment of tire production.

So, make the most of the tires you have.

Use good tires. Take good care of them. Keep them in perfect repair. See that they are properly inflated.

Increase their mileage by careful driving. Keep out of car tracks and away from bumps. Don't scrape the curb or apply brakes too suddenly.

Get every mile your tires have in them.

Only in that way can you be assured of your car's continuous service—and remember, your tire is a vital war-time necessity.

So again, —take care of your tires.
