Here's a pointer for you

If

you will look in our corner window you will see a facsimile of a telegram from Quartermaster's headquarters at Jeffersonville, Ind., to one of the largest overall factories in Indiana, saying: "Government takes your entire stock of made-up overalls and coats." This has been done with every large overall factory in the country—it had to be done in order to supply the army. We have 100 dozen overalls on order that have thus been taken by the government and we give them up without a whimper. But here's the pointer for you and it's a good one—we just received this week 35 dozen blue overalls that were shipped 30 days ago and we will sell them at \$2.00. Don't buy more than you need, but buy all you need at that price and do it quick.
